

## **STUDENT INCENTIVES**

The Ephrata School District Board of Directors recognizes that providing, students with prizes or awards can serve as meaningful incentive for increasing academic achievement, promoting civility, encouraging in physical fitness and for encouraging students to become responsible citizens, productive workers and lifelong learners.

The Board supports awarding incentives to recognize a student's academic, social leadership and athletic achievements.

All incentives will support individual student achievement, social leadership, and the district's curriculum, programs, academic or attendance goals. Therefore, every student recipient will receive an incentive only if the activity relates to the primary mission and goal of the district to increase student academic achievement or social leadership.

District funds or ASB funds may be used, within the limits provided in model procedure 3515, to provide student incentives that meet the Board's objective of increasing academic achievement or social leadership.

The Superintendent or designee will develop procedures to implement this policy.
