Reports To: District Athletic Director / Site Principal /Site Athletic Facilitator

Job Goals (Purpose of Position): Performs professional level preventive care and rehabilitation duties under minimal supervision to provide the prevention, care, and rehabilitation of athletic-related injuries to the students. In addition, provides emergency first aid not only at athletic events but also at the assigned school sites.

Contact with Others: An incumbent in this position has regular contact by phone, text, email or in-person with other members of the staff, medical community, and public to determine actual information needed.

Other Performance Measures: Successful performance of the job requires good customer service/ people skills to work with the school, families of students, and medical professionals. It requires following health and safety guidelines and policies so that students and others are protected from accident or injury.

It requires the following: School dress standards, proper attendance or leave policies, and other work-habit concerns. Creativity, initiative, and effective problem solving are critical to the success of the position. In addition, must maintain a positive attitude and be cooperative toward other staff members, the public, and students within the educational system.

Essential Job functions (Performance Responsibilities):

1. Provides and coordinates athletic training services for all home and away varsity football games. Provides and coordinates athletic training coverage for all other home athletic activities for high school and assigned Jr. high school activities. Such coverage includes being at practice if possible and games in case of injury.
2. On site injury evaluation at assigned Jr. High school as necessary
3. Works with a supervising physician to ensure the best health care possible is provided. Works within the guidelines of the established protocol. Such protocol allows for primary injury assessment, emergency first aid, and transportation of the injured. It also includes assisting doctors in criteria to release injured person to Return to Learn Protocols / Return to Play decisions, and to work with coaches on protective equipment/ padding. It includes pre-season screening and developing conditioning programs.
4. Assumes responsibility for the maintenance and use of all therapeutic modalities under the trainer’s charge.
5. Attends the emergency first-aid needs of all students at the assigned school.
6. Establishes and supervises a student athletic training student aide program. The athletic trainer should keep current of all major advances in sports medicine.
7. Serves as a consultant to students on topics that could affect their health or performance. Consults with coaches and players on matters pertaining to flexibility, conditioning, and other environmental conditions putting the athlete at risk. Must keep an open/professional mind toward the athletic program's purposes and the athlete's capabilities or limitations.
8. Provides care and rehabilitation for all athletes under the trainer’s charge. Under protocol, acts as a liaison between coaches, family, school personnel and the physician.
9. Orders all supplies and equipment needed for each school year
10. Assist in providing for the physical examination of all athletes before each season begins.
11. Performs other duties as assigned by the Athletic Director
12. Performs such other duties that might fall within his/her jurisdiction, or which may be assigned to him/her by the District Athletic Director, Principals, or Superintendent.
13. Reports all maintenance orders to the sites Athletic Facilitators.

Supervision Exercised: Assistant Athletic Trainers, athletic training student aides
