soccer

cool yum fun

i LOVED the drones and Slik Screning!

The new friends I made, how fun the teachers are, the activities, and all of the fun mainly I've had this summer was so cool and amazing definitely an unforgettable summer.

Baile Folklorico was very fun

The staff, they were kind and really help they didn't tell at us there all sweet in there own ways(Ms. Shevy and Mr. D are me favorites)

the people

The field trips, the teachers

The program offers a lot of learning opportunities which are useful for this

I enjoyed the educational field trips we had.

cooking, soccer and art.

I Liked Playing Soccer

that i try new things

That you learned new things

I enjoyed the baile folklorico because I learned my cultural dance and it was very fun

Some things I enjoyed about this program was cooking, boxing, painting, and playing badminton/volleyball.

All of it

There wasfun activities to do like learning how to fly a drone

Mrs.shevy and Mr.s yari and Mr. Duens and Mr.H and my friends

That it's was kinda fun but not that much

I really enjoyed making all types of food in the cooking class (my favorite food we made was the pizza bagels!), and I also enjoyed learning how to dance/watching people dance during the dancing class!

I liked how all of the staff members were kind and helped me straight out my problems

i like tie dye

I enjoyed the afternoon clubs

idk

i liked tie dye , cooking, Baile Folklórico

cooking because i got to try diferent foods together , balet floreclorico because i have a huge pation for it now also the field trips because they were very fun

Soccer

I enjoyed this program because there was a variety of things to do.

bhgvf

The staff were nice and made the program be enjoyable

I enjoyed seeing the YEP teacher again

I Enjoyed soccer cuz i,ed played in a team.

The people

Playing Soccer with people with bay cities

I loved boxing and cooking

Playing soccer scrimages

my friends

The relationships I have built with the students ans teachers the classes that I took and all the funny moments and memories that we had.

One thing i enjoyed about the program was that they had different clubs that we can be in

that every two weeks there was different clubs

I enjoyed all of the afternoon activities, and overall being hands on in computer science...building things and being able to understand the code for it was nice.

The afternoon classes especially cooking.

I enjoyed that we could move more freely in this program

One aspect I enjoyed about the program was the clubs that were offered in the afternoon. The clubs made the program more interesting and fun.

i liked that teachers didn´t force the students to participate if they didn´t want to.

The winton staff for YEP and the variety of pm clubs that are fun and beneficial.

how the teachers were cool and nice and the free time we got to hang out with our friends

doing cooking and soccer

i got to meet new friends

it was good

I really liked cooking, it was really cool

I like that you can play basketball in the moring

I enjoyed the afternoon clubs and activities. There was a wide variety overall.

some things i enjoy was ms shevy being a fun teacher and being with friends

cooking

I enjoyed the clubs such as; Cooking and Balie Floklorico

paying soccer

I really enjoyed the Baile Folklórico part of the program and I enjoyed boxing and cooking. The staff are really good people and they made the program really fun.

eating

I enjoyed the afternoon clubs because they keep me entertained.

I enjoyed cooking and baile folklorico

soceer

Cooking

painting class

Something i liked is the teachers.

I got to see some of my friends

I made a lot of new friends

cooking

What are some things you disliked or you think needs improvement? (Please be specific)

70 responses

Nothing

idk

nothing

the ones i did not enjoy was the one i did not attended

well i felt left out during Baile Folklorico because there were people leagus ahead of beginners and i felt like i couldnt fit in

Nothing I liked everything.

Elevate math was kind of boring

The food

the saff

The way people treat others in soccer, the
Computer science class,

Nothing everything was amazing

I enjoyed everything therefore there wasn´t a problem with anything for me .

cooking needs to be improved more

that a lot of people did no like the mooring part

um somethings i did not like about boxing is you have to exercise in the sun

I didnt really enjoy that some kids would make fun of me but I just ignored them (and I didnt like the food)

Some things I did not like was having to dance and being in pictures/videos without a choice.

I dont have a lot of disliked so yeah

I didn't like how i had to do math for the first 5 weeks.

i didnt like some of the flied trips because we didnt pick our groups

I don't like this school the kids here are kinda ghetto and this summer was boring

I personally disliked how the school's WiFi and internet connection was working very poorly so i hope that gets improved and fixed.

Nothing exactly, I just didn't get to do soccer

soccer

smartub sandup

Math needs a little bit of fun.

i didn't like soccer, im not athletic

soccer because i got hurt and i told the coach and he did nothing

CSI was bad but the coding was fine

I didn't like the morning math because most of the things I already learnt.

ceonvv

I think the schedule was sometyhing I didn't like.

I didn't like how there was drawing in the bathroom and the people that did it didn't get the best punishment and have better control with the students.

SILK SRCEEENING BECAUSE I,VE NEVER BEEN TO THAT CLASS

They need to let the kids choose what they want or give them better options.

I disliked Poly Dance because it was boring and it was embarrassing

i disliked smart up start up since it was really long and we only watched videos

the morning class

the schendule maybe instead of staying in one class for four hours have us do activties like we for the last two weeks of the program

some thing i disliked was that in 4 hour class in the morning it was kinda boring and it was hella long

I dont have anything that i disliked

A few things I didnt really like were how long the classes are with one barely 15 minute break that we would get sent out late to either way...One other thing is the last weeks program, the start up smart up in my opinion was not fun and didnt hold the attention of most of the kids including me.

The CSI was boring at first because the teacher would talk a lot about code.

not much

One thing I disliked about the program was doing the Startup Smartup. I did not like it because I was not interested in starting a business in the future.

i didn´t dislike anything.

CSI was boring at times and that caused us to be not engaged.

4 hours for one class in the morning

math

it was nice

Math, i don't like math

math i think it needs a lit bit more fun when I was in the class it feeled like I was at school

I think the morning classes need improvement. They can be shorter, or at least have more break. A four hour class is not it for a middle school student, yet for a incoming 7th grader.

they need to let every one go to the feild trip cus thats bullying

food

Nothing but maybe like more cooking cause all we do in cooking is prepare the food and we don't cook but in school YEP such as Chavez YEP we cooked food on the stove.

The math program

I didnt really like drones and the fact that a girl tried to fight everybody and nothing really happened, she would just get told to stop and that was all her disapline. The lunches were also

very bad. My friend had mold on food thats disgusting.

One thing i didn't like was when the field trip almost canceled.

i think we can improvement on the food

Cleaning up trash

bathrooms need electric dyers

i think there were not that many clubs to choose from and it kinda limited what i wanted to do.

nothing

I liked everything

The amount of work we had to do

more feild trips

What did we miss this summer? Are there are new things you would like to see next summer? (Please be specific)

70 responses

Idk

nothing

no

more activities

cooking tie dye drones

one new thing i would want to see is maybe some, uh.Video game! a video gaming tournament

I enjoyed everything.

I missed my freedom I wanted to sleep through his summer I wanted to get a job this summer get some money

the people

A better soccer field would be nice

well, the program was was good but I wanted volleyball as a club.

I don't know

i really like cooking

I would like to see track or volley ball

I dont know

Some things I would like to see next summer is more sports than just soccer to learn.

goood food in the lunch room !

Next summer I hope that the next amusement park field trip will be longer.

volley ball and more music and painting

U miss out mostly fun because we are learning even though I don't like to learn in the summer

Next summer, I hope that we can do more sports activities.

You didn't miss anything! I just wanted to add board games!

to do more aut der activitis

Maybe i would like to see a club that is for people that don't like to go outside.

idk

it was ok, it was fun

everything was good acept the morning class

Soccer

There should be more clubs- except from that everything was ok.

urgf

Football and/or different sports.

It will be cool to see a photographing club to learn how to take pictures with the camera.

I REALLY DONT KNOW

Football

What u guys missed is that they should lower the time for learning.

more field trips

soccer and cooking

choices for students

A chance to get to exprecience all of the clubs instead of selected ones.

One thing they miss is they should have more time on the clubs that we choose and go to every single clubs

I didnt miss anything because all the things i did i havent done before

Overall this summer program has been fun, very interactive and a nice place to learn new things, cant say anything was missed.

no i don't think there is anything missing.

I don't have a proper answer for this question.

something i would like to see next summer is a club that involves singing.

They missed

competitive tournaments with sports

better food for lunch

maybe have smth planned for tye last week like all fun days idk

good

Choir would be nice for people who like singing

nothing you though of everthing

N/A

i missed the feild trip

i missed having my free time cuz i was forced to b here

more drones

i dont think you missed anything.

idk

basskatball

Sewing

no additions needed

The camp was good it just had limited options

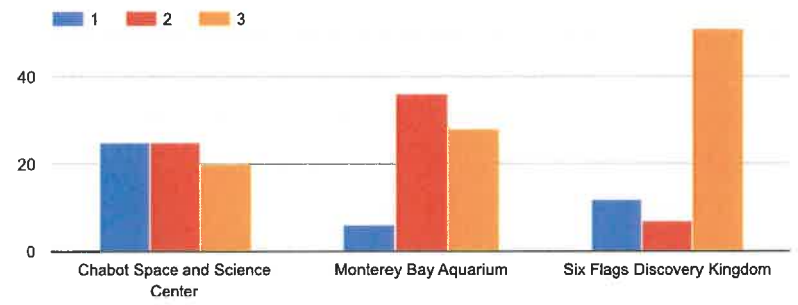

no its fine

Nothing everything was great

Make the first half a little bit more entertaining

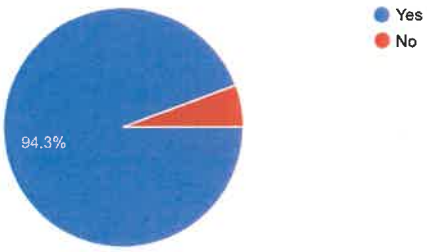

more clubs

In orders of preference please check any field trips that you enjoyed the most this summer: Copy

nothing

Nothing

No

yes

idk

Nothing they were amazing

You guys did great

All of the staff were great and helped me no matter what

I felt really supported and loved.

give me more water

nothing anything was fine

Give more water better cafetiria food

maybe for the field trips to be longer

maybe some of the groups

I don't know

to do fun

Maybe talk to the students more.

I said yes

I picked yes.

dniof4l

NOFING

it was good

N/A

I don't have a proper answer for this question.

i do not konw

there are so many girls with attitude please get them in check

I said yes

let everyone go on the feild trip

idk but i kinda yes and no

i chose yes

no

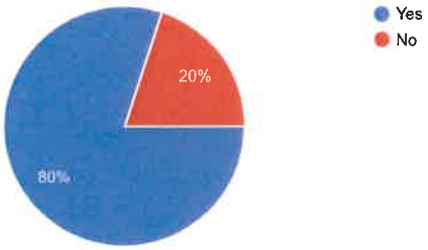

Idk

i didnt put no

add more staff
