Timeline of Financial Reporting

The accuracy of the District's budget projection for the next year is only as good as the assumptions that are used in developing the budget. When new data comes in, assumptions will change, so too will the budget. As a consequence, the major assumptions have to be carefully considered in evaluating the accuracy of next year's income and expense.

With the understanding that changing assumptions directly change the financial outlook of the District, the State requires all school districts to report its budget quarterly for the current year, as well as two subsequent years as follows:

Budget	Current Data	Approved
Adopted	Prior to Fiscal Year	By June 30
*Revised Budget	State Budget Adopted	August 15
1 st Interim	July 1 to October 31	December 15
2 nd Interim	July 1 to January 31	March 15
*3 rd Interim For Qualified or Negative Certifications	July 1 to April 30	June 1
Unaudited Actuals	July 1 to June 30	September 15

A school district operates during the fiscal year of July 1 to June 30. January formally begins the Budget Development process and during the months of May and June, the District finalizes its budget for the upcoming year.

The Adopted Budget, required to be adopted by the end of June, is based on assumptions for the upcoming and future years. These assumptions reflect recent regulations from Federal, State, or Local agencies, guidance from the Alameda County Office of Education, the latest demographic study, historical trends on enrollment and staffing, and District plans and priorities for the upcoming and future years.

The Alameda County Office of Education (ACOE) will then review the Adopted Budget and approve, conditionally approve, or disapprove the Budget per Education Code 42127. The Alameda County Office of Education conditionally approved the District's 2017-18 Budget unless the Board passed a resolution that they would make \$7.8M in projected necessary reductions for the 2018-19 Budget.

The 1st Interim Financial Report is required to be adopted by December 15 of each year. This is timed to update the budget based on current actual data, instead of assumptions. Current data reflected in the 1st Interim Financial Report would be: State Budget changes since the May Revise Assumptions, CBEDS Enrollment, Staffing, and new information from the State and Federal level.

The 2nd Interim Report updates the current budget year and two subsequent years based on the Governor's Budget proposal for the following year, updates revenues driven by attendance, and updates any adjustments to Board priorities or spending. This report helps provide a basis for the following year's budget planning process.

Financial Report Certification

As part of producing these quarterly financial reports, the two Interim financial reports (1st Interim in December and 2nd Interim in March) require the school district to self-certify the overall financial ability of the school district.

The certifications are classified as positive, qualified, or negative:

A Positive Certification is assigned when the district will meet its financial obligations for the current and two subsequent fiscal years.

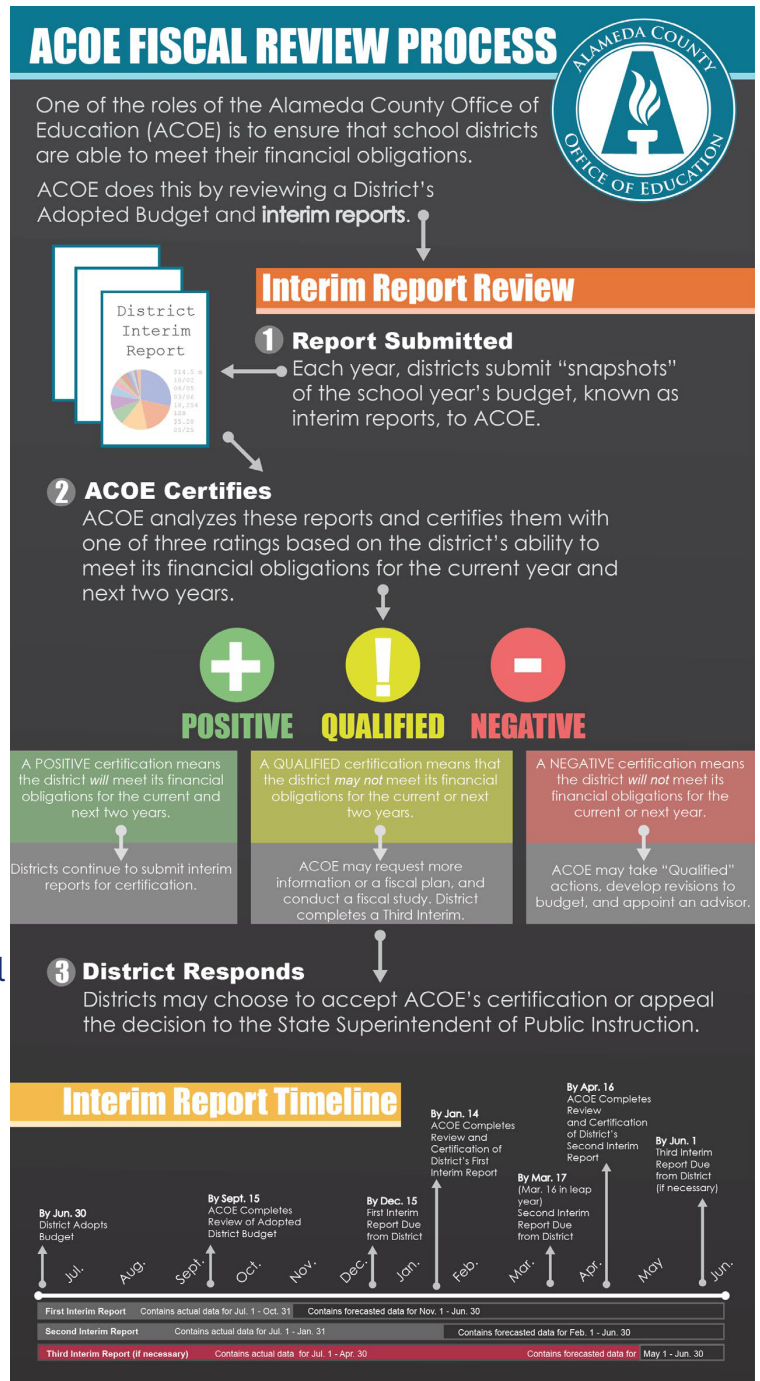

A Qualified Certification is assigned when the district may not meet its financial obligations for the current or two subsequent fiscal years.

A Negative Certification is assigned when a district will be unable to meet its financial obligations for the remainder of the current year or for the subsequent fiscal year.

In addition, the county office of education may reclassify the certification of the school districts it oversees in accordance with the above standards. A reclassification by the ACOE will automatically require the Fiscal Crisis Management and Assistance Team (FCMAT) to conduct a review.

For the 2022/2023 2nd Interim Financial Report, the District is submitting a Positive Certification.

Strategic Plan

The Hayward Unified School District (HUSD) serves a diverse, vibrant community in the heart of the East Bay. Our goal is for students to graduate ready for college, a career, and most importantly, life. In June 2019, the Board of Education approved a Strategic Plan to provide focus and direction, after an engagement process where students, staff, families, and community members shared what they love about our schools, what they wish could improve, and what their hopes are for the future of HUSD.

HUSD's strategic plan is driven by community input, developed by community leaders, and focused on the following priorities and actionable goals.

Deeper Learning

Increase opportunities for students, particularly underserved students, to think critically and master academic content by engaging them in ways that are culturally and linguistically responsive

- > Train for culturally responsive teaching
- > Pilot two deeper learning experiences in the class per year
- > Develop a site-based continuous improvement process
- > Develop systematic early intervention in math and literacy
- > Increase access to deeper learning opportunities for African-American students
- > Attract and retain highly qualified staff to implement deeper learning experiences

Relationship-Centered Schools

Increase student access to social-emotional supports with a focus on equity

- > Equitably distribute student support services
- > Train for equity, implicit bias, and positive relationship-building
- > Develop non-traditional parent engagement opportunities
- > Convene advisory team that includes multiple stakeholders
- > Expand parent education and engagement

Service Excellence

Provide positive experiences at our sites for our diverse community

- > Recruit and retain staff who reflect our students' ethnic and linguistic diversity
- > Create a welcoming environment at our schools and the district
- > Train staff to provide quality service to all
- > Establish and communicate customer-focused timeline for major services

Operational Sustainability

Implement facilities, safety, and technology plans that are equitable and sustainable

- > Conduct facilities analysis to maximize resources that better serve the community
- > Create a need-based, equitable facilities plan
- > Create a need-based, equitable technology improvement plan
- > Develop and implement training for safety and emergency operations plan

Our Three-Year Strategic Plan Priorities

Deeper Learning

Increase opportunities for students to think critically

Service Excellence

Provide positive experiences at our sites for our diverse community

Relationship-Centered Schools

Increase student access to social-emotional supports

Operational Sustainability

Implement plans that are equitable and sustainable

As part of the implementation of the Operational Sustainability initiative, a School Usage Design Team committee was established and worked through analyzing data and establishing priorities in 2020 and 2021. This led to the Board adopting various changes in an effort to provide a more sustainable and equitable learning environment for students.

The changes adopted at the November 17, 2021 Board Meeting includes:

- Relocating preschool classrooms to elementary school sites to support continuity;
- Relocating special day classrooms (Special Education) to also create continuity;
- Closing of Bowman Elementary and Strobridge Elementary;
- Closing of Student Information and Assessment Center (SIAC)--formerly Shepherd ES-- and relocating services to the Parent Resource HUB--formerly John Muir ES--; and
- Reorganize departments to centralize services to optimize student, family, and staff supports.

Other recommendations for future implementation were tabled for further community input.

After the closures of Bowman Elementary and Strobridge Elementary and despite declining enrollment reducing the total number of elementary students in the District, well over 400 more students are projected to attend our new and modern facilities, in a cost-effective manner (nearly \$5M in cost-savings were realized annually); while still prioritizing lower class sizes in the primary grades (K-3) and minimizing combination classes.

Work is ongoing through the Measure H bond to modernize existing facilities and create access to these facilities from PreK to 12 grade at each high school region.

A Solutions Team for Bret Harte and Surplus Property to gather more input has been established and membership was appointed at the February 15, 2023 Board Meeting. The timeline for these Solutions Teams is to bring forward recommendations to the Board by June 2023.

A number of investments have been made over the years to help improve the educational environment, expand program offerings, recruit and retain highly qualified staff, and broaden communication efforts.

One way to recruit and retain highly-qualified staff is through the use of compensation (salary and benefits) and the District ranks near the top compared to other districts in Alameda County. Back in 1998, the District and Union membership collectively agreed on folding benefits into the salary schedule. Based on the salary increases that have occurred since 1998, there is the equivalent of \$12,525 in benefits that is included in a full-time employee's salary as of July 1, 2022. Though no separate allocation for benefits is provided, other than the District paying for Employee Only dental coverage, the value of this compensation model is a higher retirement package when the employee retires.

HUSD has continued to prioritize the recruitment and retention of highly qualified staff through the use of compensation and has increased salaries year over year by 35% since the implementation of LCFF, even while enrollment has decreased by nearly 3,000 students, or 14%; resulting in continued assessments of priorities, pursuit of efficiencies, and ultimately expenditure reductions.

As enrollment has gone down, the District has responded by creating, implementing, expanding, and maintaining various program offers and services to improve services to staff, students, and families. We are in a people service industry that requires people to provide that service. Therefore, even as enrollment has gone down, staff have gone up. However, many of these programs were funded from temporary / one-time grants, so without continued increases in funding to maintain these services, the District will need to prioritize how to focus its resources to best support students.

The program and service investments made over the years are also noted below to help improve the educational environment and expand program offerings.

We prepare students for college, career, & life

We foster a community schools approach

We celebrate our diversity

We provide various program opportunities

Despite the current population growth in the City of Hayward, HUSD enrollment continues to decline.

Based on our analysis in 2020 and 2021, the decline we are experiencing is different from the declines in prior decades. Essentially, 1/3rd of families are staying in Alameda County, but are choosing different educational options, such as local charter or private schools, or neighboring school districts.

The remaining 2/3rds of families are leaving Alameda County and this is consistent with the reasoning we hear about the lack of affordability in the area.

Enrollment and Attendance

The most significant factor for determining District income is the calculation of the average number of students that attend school on a daily basis or Average Daily Attendance (ADA). ADA is not enrollment. Districts staff based on actual enrollment, but the State only funds school districts based on the amount of students attending school each day. This ADA is then multiplied by the District's Local Control Funding Formula Grade Span Rate per ADA to determine the total Local Control Funding Formula (LCFF) income for the District.

LCFF Funding is approximately 75% of the General Operating revenues received by the District. LCFF funding has three main factors in the calculation: Current Year, Prior Year, or three-year average ADA; Unduplicated Count (Unduplicated number of students classified as English Learners, Foster Youth, or are eligible for the Federal Free or Reduced Price Meal Program; and the amount of ADA lost and/or gained from prior year students leaving the District for an In-District Charter School. Due to historic enrollment declines across the state during the pandemic, the State changed Ed Code 42238.023 and Ed Code 42238.05 as part of the 2022/23 State Budget to reduce the sudden loss in revenues. This resulted over \$20M in additional LCFF dollars in 2022/23 that could not be expected just six months prior (2021/22 1st Interim Financial Report).

The following is Hayward Unified School District's projected attendance and enrollment based on the current demographic study and enrollment trends:

Italics are projections	Enrollment	Change Over Prior Year	Attendance	Funded Attendance	Funded Attendance % of Enrollment
2016/17	20,771	(176)	19,731.99	19,731.99	95%

*Due to COVID-19, school districts are held harmless on attendance for funding purposes for 2020/21. This immediate benefit has a side-effect for school districts in declining enrollment that becomes fully realized in 2022/23, where there is a sudden and significant decline in ADA funding of nearly 1,000 ADA.

EACH DAY THAT A STUDENT IS ABSENT (REGARDLESS OF THE REASON) RESULTS IN \$71 IN LOST REVENUE.

Enrollment is fluid as families can move in or out of the District. Therefore, the State has an official annual enrollment count taken in the beginning of October.

Since ADA is such an important part of the District's income base, the projection of ADA for this next fiscal year is an important part in projecting the District's income. Currently, even a 1% change in attendance rates would be a \$2.5M change in the District's projected revenues.

Therefore, District attendance records are monitored monthly and ADA is updated throughout the year to ensure that the projected revenues are in line with the District’s budgeted or revised projections. The District has a historical 95% attendance rate compared to enrollment, but has been averaging 90% since last year.

State Projections of Enrollment

When Alameda County grew by 6%, Hayward USD enrollment declined by 8%.

2008 - 2018

Alameda County: **+6%**

Hayward USD: **(8%)**

Now as Alameda County is projected to decline by 3%, Hayward USD is projected to decline by 17%.

2018 - 2028

Alameda County: **(3%)** - State of CA

Hayward USD: **(17%)** - Davis Demographics

As the State is continuing to project a decline in enrollment of 4% as a whole, within the Bay Area there are even larger declines, especially for Hayward where during the same timespan we are projected to decline by over 4 times the State average (17%).

To better understand this projected decline, a dynamic community of our size warrants a consistent comprehensive analysis of our demographics. Below is some key information of our most current demographics study that factors into our budget projections.

This means to mitigate this decline we have to increase the percentatge of students' families choosing Hayward USD for Kindergarten.

Births by Zip Code						
Birth Year	Kinder Year	94541	94542	94544	94545	Total
2008	2013	1,034	133	1326	410	2,903

2011	2016	872	142	1177	427	2,618
2012	2017	1,028	131	1137	405	2,701
2013	2018	935	155	1141	412	2,643
2014	2019	987	153	1118	402	2,660
2015	2020	974	159	1103	415	2,651
2016	2021	981	170	1115	421	2,687
2017	2022	937	167	1039	414	2,557
2018	2023	914	178	1028	385	2,505
2019	2024	844	140	1037	359	2,380
2020	2025	802	148	949	346	2,245
2021	2026	793	163	894	398	2,248

The number of births from residents in Hayward plays a major role in the number of Kindergarten students we can expect in the future. Above is a chart noting the number of births between 2003 to 2009 is roughly 10% higher than the number of births between 2010 to 2017. This has resulted in a smaller Kindergarten cohort than we have been used to seeing several years ago. A smaller kindergarten cohort in one year, translates into a smaller 1st grade cohort in the subsequent year, then a smaller 2nd grade cohort the year after that, and so on and so forth.

Growth in housing developments have already been factored into the demographic study for the next seven years.

FAQ: New Housing in Hayward

HUSD has studied this topic

- 1,553 units scheduled for development over the next seven years
- Projected to yield 233 students
- Student yield factors project the number of students expected to enroll in the school district

School District	# of Student Per 20 Housing Units
Castro Valley	15
New Haven	9
San Leandro	7
Hayward	3
State Average	14

The number of students expected from new housing developments in Hayward is **ONLY 20%** of what Castro Valley can expect

Over the past 10 years, enrollment has seen a consistent decline. Prior to the pandemic, enrollment decreased by an average of 325 students per year. During the pandemic, enrollment declined by an average of 860. Now, the first year coming out of the pandemic, we see enrollment flatten, comparatively speaking. Since enrollment is the driver on what and how much resources a school district receives to operate, the District will need to plan accordingly.

Historical, Current, and Projected Enrollment Since 2000

Since 2000, enrollment for the Hayward Unified School District has seen consistent declines, with a peak in 2001/02 at over 24,000. As a result, the Board approved the following school closures due to new schools being built, declines in enrollment in certain areas of the community, and limited resources in funding:

- Highland ES 2005/06
- Shepherd ES 2006/07
- John Muir ES 2007/08
- Markham ES 2008/09
- Bidwell ES 2017/18
- Bowman ES 2021/22
- Strobridge ES 2021/22

This century is not the first time period the District experienced major enrollment declines and school closures.

This is a chart incorporating historical enrollment since the creation of the District in 1963. Overall, enrollment peaked in 1966 at over 30,000 students.

However, we saw a significant decline in the 1970's before enrollment began to increase in the 1980's and 1990's.

During the 1970's, the Board approved eight schools to close:

- Brenkwitz ES
- Gansberger ES
- Hillcrest ES
- Sequoia ES
- Sorensen ES
- Tennyson ES
- Winton Grove ES
- Tyrrell MS

Even with the overall increase in enrollment during the 1980's and 1990's, the Board approved the following school closures:

- Argonaut
- Baywood
- Bidwell ES
- Eureka ES
- Laurel ES
- Mohrland ES
- Peixoto ES
- Sunset HS

CALPADS Data - Certified

Enrollment is a fluid number as every day families can move into or out of the community and enroll or dis-enroll out of their current school. So to provide consistency across the State, the California Department of Education established the first Tuesday of October as the official day for enrollment counts. This enrollment information, along with a wide range of other demographic data is reported in the California Longitudinal Pupil Achievement Data System (CALPADS). This student data is then compared across the State for duplicates and errors, then certified in January for funding purposes.

Local Control Funding Formula

The local control funding formula (LCFF) was enacted in 2013–14, and it replaced the previous kindergarten through grade 12 (K–12) finance system, called Revenue Limit, which had been in existence for roughly 40 years. For school districts and charter schools, the LCFF establishes base, supplemental, and concentration grants in place of the myriad of previously existing K–12 funding streams, including revenue limits, general purpose block grants, and most of the 50-plus state categorical programs that existed at the time.

A Base level of funding would be provided with specific add-ons for K-3 and 9-12 for programmatic support. Each student who is designated as a Low-income, English Learner, or Foster Youth student would generate a “Supplemental” grant of funding.

Unduplicated Counts and Percentages:

The unduplicated count of students who generate supplemental grant funding drives annual changes to the amount of Supplemental and Concentration grant funds received. A decline in our Unduplicated Count will result in a decline in revenues from the State. Over 20% of our LCFF funds come from Supplemental and Concentration grant dollars (\$45M). Similar to the calculation of average daily attendance, the State uses a three year average for the unduplicated count to minimize year to year variations.

School districts that have “high concentrations” of students designated as a Low-income, English Learner, or Foster Youth student (over 55%) would receive a “Concentration” grant of funding to provide additional supports. As part of the 2021-22 Budget, the State increased the level of Concentration grant funding from 50% of the Base grant for each applicable student, to 65% of the Base grant.

LCFF was implemented with an adjoining document called the Local Control Accountability Plan (LCAP). The LCAP is intended as a comprehensive planning tool to support student outcomes and is an important component of the local control funding formula (LCFF). Under the LCFF, school districts are required to prepare an LCAP, which describes how they intend to meet annual goals for all pupils, with specific activities to address state and local priorities.

2023-2024 Budget Letter From Governor Newsom

GOVERNOR
Gavin Newsom

January 10, 2023

To the members of the Senate and the Assembly of the California Legislature:

Over the last four years, we have come together to pass state budgets that reflect California's values and invest in California's future, expanding childcare, universal transitional kindergarten for all four-year-olds and making healthcare affordable and accessible to all, regardless of immigration status. At the same time, these budgets recognized the need to ensure that our state would be well-positioned to withstand annual fluctuations in state revenues.

Revenues for the coming fiscal year are significantly lower than previously anticipated—mainly due to declines in withholding and capital gains taxes, which are inherently volatile. But with careful planning and your partnership, we find ourselves in a strong position to withstand this dip in revenues while maintaining funding for programs and services that are relied on by millions of Californians.

I am so proud of what we have accomplished together—keeping our state safe during a deadly pandemic, passing the largest economic relief and recovery package in the nation, providing short-term support to millions of Californians and making billions in longer-term investments that will benefit workers, businesses and families decades into the future.

We made historic investments to protect against the escalating impacts of a changed climate, preparing for extreme weather, the more severe droughts, floods and wildfires that come with it, while increasing support for first responders on the front lines. All while ensuring our state was prepared for a downturn in revenues by building historic reserves and limiting state spending obligations in future years.

The resilience we have built into previous budgets will help us weather the current storm, and continue to make progress on our most-stubborn challenges: addressing homelessness, building more housing and driving down costs for the nearly 40 million people who call California home.

In addition to the tens of billions in the state rainy day fund, we set aside billions in early debt repayments and multi-year investments that can easily be delayed or preempted to address this year's shortfall without dramatic cuts in the services and programs Californians value most.

I am confident that with our continued partnership, we will continue our work together to build a better California.

With respect,

/s/ Gavin Newsom

Gavin Newsom

MULTI-YEAR PROJECTION CONSIDERATIONS:

- Review the Strategic Plan and eventually update the four Strategic Focus Areas: Deeper Learning, Relationship-Centered Schools, Service Excellence, and Operational Sustainability, as needed.
- A 1% change in attendance or in COLA results in a \$2.5M change in LCFF revenues for the District.
- The District has experienced enrollment declines since the early 2000's and they are projected to continue for the foreseeable future. Reasons include:
 - Lower birth rates in the community;
 - Affordability in the Bay Area; and
 - Individual family choices to attend public, private, or charter schools around Hayward
 - This third reason for the decline is something we can directly impact
- Approximately \$4M in expenditure reductions were incorporated into the 2018-19 Budget
- Approximately \$10M in expenditure reductions were included in the 2019-20 2nd Interim multiyear projection for 2020-21
 - Board Resolution: 1920-25 – Commitment to Expenditure Reduction Supplemental Certification was approved by the Board at the March 11, 2020 Board Meeting to implement the \$10M in reductions
 - \$1.2M in identified reductions were not approved
- Approximately \$5M in expenditure savings were realized based on the actions approved from Board Resolution 2122-28: Implementation of the Operational Sustainability Strategic Plan Initiative.
 - Several remaining actions were tabled for further discussions and no timeline set.
 - A Solutions Team to focus on Bret Harte and Surplus Property was requested by the Board with membership appointed through Board Resolution: 2223-30 on February 15, 2023.

ADDITIONAL MULTI-YEAR PROJECTION CONSIDERATIONS:

- The Legislative Analysts' Office (LAO) is projecting the 2023/24 State Budget to have a \$24 Billion deficit. However, the Governor released his 2023/24 State Budget Proposal anticipating a lower deficit of \$18 Billion.

Personal Income Tax

The proposal for adoption in June 2023, is proposing to reduce 1/3 of the \$10 Billion grant allocated to education as part of the current year budget.

In February 2023, the LAO is projecting much lower revenues than the Governor. UCLA conducted a survey of professional economists and reported that half believe a recession will occur in mid-2023, while the other half is not ruling out the possibility of a recession beyond mid-2023. This is because 60% of the State revenues comes from Personal Income Tax and a large portion of that comes from volatile capital gains taxes.

Unrestricted General Fund Revenues

Most of the District's General Fund revenue is generated from the District's Local Control Funding Formula, which yields funds based on a State-determined dollar amount multiplied by the average number of students who are in attendance throughout the school year.

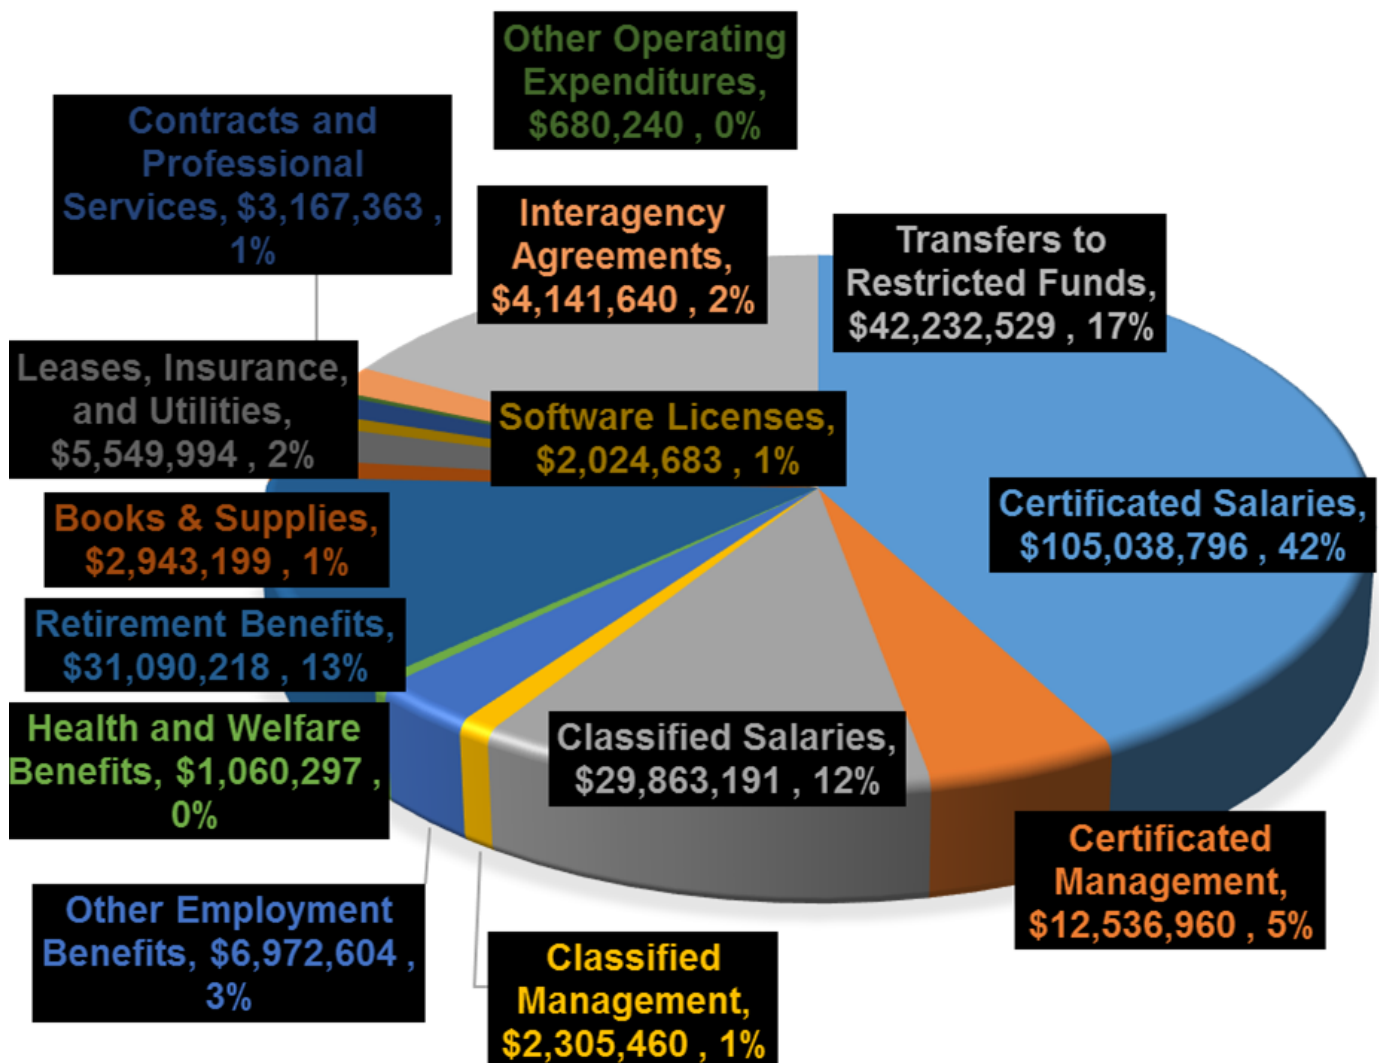

Unrestricted General Fund Revenues are what is used for the general operations of the school district. They can be used for any educational purpose and is the source of funding for mandated programs which are not self-supporting. For example, the Restricted General Fund Revenues chart notes \$42,232,529 to help support mandated programs such as: Special Education and Restricted Routine Maintenance.

Unrestricted General Fund Expenditures

Education is a service-centered industry, people are required to carry out the needs and services of the District. As such, most of the expenditures of the District are committed to the salaries and benefits for employees of the District. Over 90% of the District's budgeted expenditures are for the salaries and benefits of District employees, when not incorporating the Transfers to Restricted Funds.

The Transfers to Restricted Funds is required to cover mandated programs that lack sufficient funds for the program such as Special Education and Restricted Routine Maintenance.

Restricted General Fund Revenues

Restricted General Fund Revenues can only be expended for purposes determined by the grantor.

The largest categorical program is Special Education and has nearly \$55M million in expenditures to serve over 2,600 students, but only receives \$21 million in revenues. The remainder has to be supported from the Unrestricted General Fund.

Unfortunately, this is a typical trend across the State where 67% of the costs of Special Education are covered from the Unrestricted General Fund due to the Federal Government and State Government not adequately funding these programs. This program is federally mandated to provide support services based on qualifying students Individualized Educational Plan (IEPs).

The Federal Government is significantly below their aspirational goal of funding one-third of the costs for Special Education. Only covering about 10% of the federally mandated program.

Restricted General Fund Expenditures

Unlike the Unrestricted General Fund, salaries and benefits make up 72% of the Restricted General Fund Expenditures. This is because more of the funds are spent on supplemental services, such as supplemental materials, specific trainings and conferences, and contracted services.

A large portion of the Restricted General Fund expenditures are not actual expenditures made by the school district, but an accounting recognition required by the State. Based on guidance from the Governmental Accounting Standards Board (GASB), school districts have to account for the payments the State makes to CalSTRS, on-behalf of the respective school district. For Hayward, this accounting recognition is over \$13M, which is reflected in both the revenues and expenditures.

The Restricted General Fund contains the financial activity of programs restricted only to the intended use of the funds received. Some restricted programs include:

- Measure A Parcel Tax
- Maintenance Assessment District (MAD) Tax
- Elementary and Secondary Schools Emergency Relief III
- Expanded Learning Opportunity Program Grant
- Special Education
- Restricted Routine Maintenance
- Federal grants (Title I, Title II, and Title III)
- Community Schools Grant
- Learning Recovery Emergency Block Grant
- 21st Century Community Learning and After School Education and Safety (ASES)

Board Adopted Resolution 1819-35 allows the District to meet the required contribution towards Restricted Routine Maintenance by utilizing annual redevelopment funds. These redevelopment funds are received from the Alameda County Auditor-Controller and restricted towards expenditures that meet the Health and Safety Code. Restricted Routine Maintenance helps address critical maintenance facility needs across the District.

Combined General Fund Revenues

This is a pie chart of the Combined General Fund Revenues for the Hayward Unified School District. As noted in the chart: the existing parcel tax measures represent 1% of all the General Fund revenue received; over 80% of General Fund revenue received is from the State; and Federal funds represent 12% of total General Fund revenues.

Combined General Fund Expenditures

This is a pie chart of the Combined General Fund Expenditures for the Hayward Unified School District. Of the Combined General Fund, around 80% of expenditures is attributable to personnel costs. This is within the normal range due to schools being in the service industry requiring people to provide direct and indirect services to students.

The multi-year projection shows that we have sufficient resources to meet our current financial obligations. Key items to note:

- Revenue assumptions are based on State projections from the Governor's January Proposal.
- COVID-19 relief dollars received in 2020 and 2021 were utilized to immediately respond to the myriad of issues caused during the pandemic and support a three year plan for staffing consistent services for students. Next year (2023/24) is the last year of that three year plan. Therefore, the Unrestricted General Fund in 2024/25 is budgeted to maintain those services.

BOND DOLLARS AT WORK

Made in Hayward

Hayward Unified School District is committed to providing the best facilities, environments, and equipment possible for our students, teachers, and community! The District invests in students' future through the community's approval and participation in general election school bond programs. HUSD is committed to being a good steward of community resources. The District has been able to implement many facility improvements in the District while also providing a savings of nearly \$350M in the overall debt service costs of the bond program to the community. Your support is vital to the success of HUSD and our students, and the interests of taxpayers are top-of-mind.

The passage of **Measure H (\$381.7 M)** bond in 2018 by 72% of Hayward voters has allowed Hayward Unified to improve and modernize facilities across the District through the construction of new buildings, modernization of existing buildings, increase in energy efficiency at school sites, and the replacement of critical infrastructure systems like new public address and fire alarms, roofs, security enhancements, pavement, and exterior painting.

The Board established a Citizens' Bond Oversight Committee (CBOC) to assure the community that bond funds are expended in the fashion outlined in the district's bond resolution. The CBOC shall actively review and report on the proper expenditure of taxpayers' money for school construction. Annually, the Measure H bond has also been audited by an external auditor and has continued to receive clean audits. The CBOC currently has openings for new members. BOARD OF EDUCATION RESOLUTION 1819 – 05 FACILITIES MASTER PLAN UPDATE – PROPOSED SHIFT IN FOCUS

WHEREAS, the Hayward Unified School District ("District") desires to implement facilities projects that will create safe and conducive learning environments for all students, staff, and community;

WHEREAS, during the 2006 school year, the Hayward Unified School District commissioned a Facilities Master Plan study to conduct a full assessment of all school district buildings and its conditions;

WHEREAS, an update to the 2006 Facilities Master Plan was completed in 2012 and presented to the Board of Trustees on April 24, 2013;

WHEREAS, in June 2018, District Administration completed a review of all previous Facilities Master Plan documents and determined that many of the building needs identified in the 2006 original Facilities Master Plan still exists today;

WHEREAS, funding for facilities improvements continue to remain insufficient to address all needs in Hayward Unified School District and this situation is a common predicament for many school districts in the State of California;

WHEREAS, additional infusion of funds is needed to improve the condition of the school buildings and this can be accomplished through the passage of a future general obligation bond for Hayward Unified School District, receipt of modernization, new construction, facilities hardship, or any other available building funds, from the State of California through its School Facility Program;

WHEREAS, to improve as many schools as possible within the District and create equity and parity in the learning environment, there is a need to shift focus on how capital facilities funds are used;

WHEREAS, shifting from the original 2006 Facilities Master Plan recommendation of completely removing existing school buildings and constructing new buildings or performing full building renovation to modernizing current buildings to upgrade and meet existing codes will allow any capital facilities funds to impact more school sites;

WHEREAS, the shift in focus will result in facilities funds being used to complete projects based on the list of Facilities Improvement Priorities as follows:

- a. Health and Safety
- b. Systems Equity
- c. Technology Enhancements
- d. Community Enhancements

NOW, THEREFORE, BE IT RESOLVED AND ORDERED that the Governing Board of the Hayward Unified School District authorizes the Administration to shift the strategy of completely replacing facilities through new building construction and full renovation to using strategies to modernize existing facilities and construct new facilities only when there are compelling reasons to do so based on economic advantages;

BOARD OF EDUCATION RESOLUTION 1819-24

Calling for Full and Fair Funding of California's Public Schools

WHEREAS, California has the sixth largest economy in the world, and the largest Gross Domestic Product (GDP) of any state in the nation; and

WHEREAS, despite California's leadership in the global economy, the state falls in the nation's bottom quintile on nearly every measure of public K-12 school funding and school staffing; and

WHEREAS, California ranks 45th nationally in the percentage of taxable income spent on education, 41st in per-pupil funding, 45th in pupil-teacher ratios and 48th in pupil-staff ratios; and

WHEREAS, K-12 school funding has not substantially increased, on an inflation-adjusted basis, for more than a decade; and

WHEREAS, under the Local Control Funding Formula (LCFF), state funding for K-12 schools has only this year recently returned to levels predating the Great Recession of 2007; and

WHEREAS, the modest revenue increases since the implementation of LCFF have been eroded by rapidly increasing costs for health care, pensions, transportation and utilities; and

WHEREAS, 58 percent of California's public school students are eligible for free and reduced-price lunch — 13 percent above the national average — and 23 percent of California students are English learners, more than twice the national average; and

WHEREAS, California's investment in public schools is out of alignment with its wealth, its ambitions, its demographics and the demands of a 21st-century education; and

WHEREAS, in 2007, a bipartisan group of California leaders commissioned a report titled Getting Down to Facts, which stated it would take an additional \$17 billion annually to meet the State Board of Education achievement targets for K-12 schools; and

WHEREAS, in 2016, a California School Boards Association (CSBA) report, California's Challenge: Adequately Funding Education in the 21st Century, updated the Getting Down to Facts data and determined that, adjusting for inflation, an additional \$22 billion to \$40 billion annually would be required to provide all public school students with access to a high-quality education; and

WHEREAS, California funds schools at roughly \$1,961 per student less than the national average, which translates to approximately \$3,462 per student when adjusted for California being a high-cost state; and

WHEREAS, California trails the average of the top 10 states by almost \$7,000 in per-pupil funding; and

WHEREAS, in Robles-Wong v. State of California, a group of plaintiffs led by CSBA argued that California’s school funding system violated Article IX of the State Constitution by denying all students access to an education that prepares them for economic security and full participation in our democratic institutions; and

WHEREAS, the California Supreme Court declined to hear the case by a 4-3 margin, prompting Justice Goodwin H. Liu to write: “It is regrettable that this court, having recognized education as a fundamental right in a landmark decision 45 years ago [Serrano v. Priest (1971) 5 Cal.3d 584], should now decline to address the substantive meaning of that right.”; and

WHEREAS, in order to prepare our students for participation in a democratic society and an increasingly competitive, technology-driven global economy, California must fund schools at a level sufficient to support student success; and

WHEREAS, despite its vast wealth, California has consistently underfunded public education while widening its scope, adding new requirements and raising standards without providing appropriate resources to prepare all students for college, career and civic life; and

WHEREAS, if California is to close opportunity and achievement gaps and create a public school system that offers consistently high levels of education, the State must provide schools with the resources to meet the needs of their specific populations;

WHEREAS, Whereas quality education is essential for economic growth, developing a knowledgeable electorate, creating tolerance and understanding among citizen which all represent the true value of a strong public education system for California.

BOARD OF EDUCATION RESOLUTION 1920-13 SCHOOLS AND COMMUNITIES FIRST

WHEREAS, since the passage of Proposition 13 in 1978, school funding in California has experienced severe limitations in what was once the main source of funding for schools, the property tax;

WHEREAS, while the intent of Proposition 13 is to help homeowners, a loophole in the system permits major commercial and industrial properties to avoid regular reassessment, providing a windfall to commercial property owners at the expense of vital school funding;

WHEREAS, the share of the property tax burden has shifted away from commercial property and toward residential property throughout the state and in virtually every county;

WHEREAS, per-pupil support, which relies on state funding, has declined from the top 10 in the nation to the bottom quarter;

WHEREAS, school funding in California is \$2,400 per pupil less than the national average and \$10,000 below the top-funded states, while California's cost of living is among the highest in the nation;

WHEREAS, staffing ratios for teachers, guidance counselors, librarians, and administrators in California rank at the bottom in the nation;

WHEREAS, public schools in California face challenges in providing an equitable and fair education for a student population with vast differences in language, income, parental education level, and other social, educational, and economic factors;

WHEREAS, research has proven that investments in high needs students raises achievement levels, lowers poverty, and increases the productivity of the workforce;

WHEREAS, estimates by academic researchers at the University of Southern California (USC) have identified that reassessing commercial property will raise \$11 billion in property tax revenue every year for local schools, cities and counties;

WHEREAS, USC has identified that nearly 80 percent of the revenue will come from just 8 percent of large properties;

WHEREAS, USC research shows that a majority of commercial property owners already are assessed at close to market value, making the current system inequitable among businesses, benefitting a relatively small number of properties owned by the largest corporations and wealthy owners who have held land for a long period of time;

Made in Hayward

WHEREAS, the current failure to close the commercial property loophole has led to poor land use and inflated land values, particularly limiting the ability to provide adequate high-density housing and land use;

WHEREAS, the Schools and Local Communities Funding Act is on the November 2020 ballot;

WHEREAS, the measure provides about \$5.3 billion annually for K-14 schools;

WHEREAS, the measure will provide funding to all school districts, over and above Proposition 98 funding, and following the local control funding formula to all students in need in all districts;

WHEREAS, the Schools and Local Communities Funding Act will also provide billions in funding yearly for cities, counties, and special districts in locally controlled revenues for affordable housing, parks, libraries, emergency responders, health and human services, libraries, and public infrastructure;

WHEREAS, the Schools and Local Communities Funding Act will improve land use, provide a direct tax break to small businesses, and level the playing field between neighboring commercial property owners; now,

Therefore, be it Resolved, that the Hayward Unified School District endorses the Schools and Communities First Funding Act for a ballot measure in November 2020.

WHEREAS, the current facility-use fee structure and rates were last updated in 2012 and many new facilities and facility improvements have occurred since then which require facility-use rates to be updated to cover the proportional usage cost of maintaining those facilities going forward; and

**BOARD OF EDUCATION RESOLUTION 2122-28
IMPLEMENTATION OF THE OPERATIONAL SUSTAINABILITY
STRATEGIC PLAN INITIATIVE BEGINNING IN 2022-23**

Whereas, Board Policy 0000: Vision, calls for the Governing Board to adopt a long-range vision that sets direction for the district which is focused on student learning and describes what the Board wants its schools to achieve; and

Whereas, the Board adopted its long-range vision, mission, philosophy, and priorities on June 24, 2019 through the 2019-2022 Strategic Plan and “A key purpose of creating this plan is to ensure that our community understands and agrees with the work we need to do to achieve our goal”; and

Whereas, the mission of the district as outlined in the 2019-2022 Strategic Plan is that “We draw from our community’s rich diversity in order to create an engaging and equitable educational environment, delivered in a safe and supportive environment.”; and

Whereas, to meet the mission of the district, a comprehensive plan is needed to:

- increase access to safe, modernized learning spaces for all students,
- expand access to preschool and dual language immersion programs,
- address staffing shortages and facility limitations to improve the educational experience,
- strategically invest limited resources to serve the most students, and
- within a balanced budget to create long-term continuity and stability for students, families, staff, and the community; and

Whereas, one of the strategic initiatives of the Strategic Plan is Operational Sustainability and its vision of success is that “The District will use resources, including facilities, efficiently and effectively to support our educational community.”; and

Whereas, Operational Sustainability called for the district to “Conduct a comprehensive analysis of facilities, capacity, programs (i.e. bilingual programs) versus enrollment trends to better serve our own educational community.”; and

Whereas, Board Policy 1000: Concepts and Roles states that, “The Governing Board desires to represent the community and provide leadership in addressing community issues related to education. In order to identify community concerns and enlist support for the schools, the Board shall establish effective two-way communication systems between schools and the community.”; and

Whereas, Board Policy 1220: Citizen Advisory Committee states that, “The Governing Board recognizes that citizen advisory committees enable the Board to better understand the interests and concerns of the community. As the need arises, the Board may establish citizen advisory committees to consider school problems, needs and issues. Advisory committees shall serve in a strictly advisory capacity and shall not act as policy-making bodies.”; and

Whereas, to assist with the Operational Sustainability comprehensive analysis, the Board approved on December 11, 2019, the assembling of a 30 member committee called the School Usage Design Team, composed of 50% staff and union representatives and 50% community, parents, and students to be this advisory committee; and

Whereas, the School Usage Design Team's scope under Phase I was to analyze demographic, enrollment, facility, and program data and establish criteria to determine the most efficient and effective use of our resources, and the criteria could lead to changes in policy, boundaries, programs, and school closure; and

Whereas, under Phase I the School Usage Design Team met a total of 10 times from January 30, 2020 through June 10, 2021, with a brief pause during the pandemic, and completed its work of establishing criteria and approving its report on August 19, 2021, that was ultimately presented to the Board on September 28, 2021; and

Whereas, the criteria established by the School Usage Design Team is noted below:

- 1) Student Safety,
- 2) Site Upgrades,
- 3) Student Success,
- 4) Technology Needs,
- 5) Signature Programs,
- 6) Repairs Needed, and
- 7) Special Education Classrooms; and

Whereas, the district would develop an initial set of recommendations informed by the work in Phase I and then reestablished the School Usage Design Team where the scope for Phase II would focus on: responding to the initial recommendations, help analyze the community feedback, review revised recommendations, and reach consensus as a School Usage Design Team on its position regarding the proposal that the district will bring forward to the Board; and

Whereas, the criteria established by the School Usage Design Team was one set of factors used by the district to establish a set of initial recommendations and additional factors are noted below:

- 1) Criteria established by the School Usage Design Team,
 - 2) Student enrollment, student mobility, and population changes in the community,
 - 3) Building utilization rates,
 - 4) Geographic location of each property in relation to other schools,
 - 5) Potential alternative uses of the property, and
 - 6) Availability of receiving schools to offer students an improved experience;
- and

Whereas, the Board held an Operational Sustainability Workshop on July 28, 2021 where the Board reviewed the Operational Sustainability Strategic Initiative, Enrollment data, Student Exit data, Financial data, and Facilities data, then reaffirmed the December 11, 2019, Board direction to bring recommendations to the Board based on identified criteria for changes in boundaries, programs, and school closures, consolidations, or repurposing; and

Whereas, student enrollment has declined significantly (25% or over 6,000) over the past 20 years and demographic projections indicate further declines in the foreseeable future; and

Whereas, Board Policy 3100: Budget, states that, “The Governing Board recognizes its critical responsibility for adopting a sound budget for each fiscal year which is aligned with the district's vision, goals, and priorities, local control and accountability plan (LCAP), and other comprehensive plans. The district budget shall guide decisions and actions throughout the year and shall serve as a tool for monitoring the fiscal health of the district.”; and

Whereas, the Board adopted Resolution 2122-08: Board Commitment to Expenditure Reduction due to the 2021-22 Adopted Budget reflecting a projected necessary reduction of \$10.5M for 2022-23; and

Whereas, since the adoption of Resolution 2122-08, the district has further declined in enrollment and the projected necessary reduction for 2022-23 is now \$14.4M as reflected in the October 27, 2021, Budget Update Board item; and

Whereas, at the October 27, 2021 Board meeting, the Alameda County Office of Education commended the expenditure reductions and budget solutions the Board made previously to maintain fiscal solvency:

- \$4.0M in ongoing reductions for 2018/19 after the ACOE conditionally approved the district’s budget,
- \$5.2M in one-time and \$1.2M in ongoing savings for 2019/20,
- \$9.1M in ongoing reductions for 2020/21,

and emphasized further budget balancing solutions will be needed as a result of the enrollment declines to maintain local decision making and local governance; and

Whereas, Board Policy 7000: Concepts and Roles states that, “The Governing Board recognizes that one of its major responsibilities is to provide healthful, safe and adequate facilities that enhance the instructional program. The Board shall endeavor to make the provision of adequate school facilities a priority in the district. Because the schools serve as a focal point for the community, the Board shall also strive to ensure that district facilities fit harmoniously and attractively into their neighborhoods and have flexibility of design to meet future educational and community needs.”; and

Whereas, Board Policy 7110: Facilities Master Plan, states that, “The Governing Board recognizes the importance of long-range planning for school facilities in order to address changes in student enrollment and in the district's educational program needs.”; and

Whereas, the 2021 Facilities Master Plan outlines:

- \$905 million in facilities needs over the next ten years across the district,
- 27 of the 37 properties identified are over 60 years old,
- repairing these schools without upgrades averages \$10M per property; and

Whereas, at the September 28, 2021 Board Meeting, the district presented:

1. the Operational Sustainability Status Report, Part 1: Comprehensive Analysis

- of Facilities, Capacity, Programs versus Enrollment Trends to Better Serve Our Own Educational Community, documenting the work of the School Usage Design Team under Phase I,
- 2. the 2021 Facilities Master Plan Update, and
- 3. the work of the School Usage Design Team for Phase II and engagement process once the district releases an initial set of recommendations for Operational Sustainability; and

Whereas, the district released the set of initial recommendations for Operational Sustainability on October 1, 2021 and the district held school and community meetings from October 6 to November 3, town hall meetings occurred October 18, 19, 20, and 26, conducted a survey that closed on November 3, published a dedicated webpage and email address for the community to stay up to date and share feedback; and

Whereas, the district developed a revised set of recommendations that was released on November 5, held a town hall meeting to review the revised set of recommendations on November 9, and published a set of Board Recommendations for Operational Sustainability on November 12, 2021; and

Whereas, the the Board of Education is being presented with Recommendations for Operational Sustainability (collectively, the “Project”) that include:

1. Closure of Bowman Elementary at 520 Jefferson Street, Hayward, CA 94544 at the end of the 2021-22 school year,
2. Closure of Strobridge Elementary at 21400 Bedford Drive, Hayward, CA 94546 at the end of the 2021-22 school year,
3. Relocation of staff and preschool classes currently at the Student Information & Assessment Center at 27211 Tyrrell Avenue, Hayward, CA 94544 at the end of the 2021-22 school year to existing elementary schools,
4. Relocation of preschool classes currently at the Parent Resource HUB at 24823 Soto Road, Hayward, CA 94544 at the end of the 2021-22 school year to existing elementary schools,
5. Limit enrollment of students for the 2022-23 school year only to current students attending Glassbrook Elementary at 975 Schafer Road, Hayward, CA 94544, then subsequently closing Glassbrook Elementary after the 2022-23 school year,
6. Limit enrollment of students for the 2022-23 school year only to current students attending Anthony W. Ochoa Middle at 2121 Depot Road, Hayward, CA 94545, then subsequently closing Anthony W. Ochoa Middle after the 2022-23 school year,
7. School / Program Relocations with an implementation plan to the Board by June 2023:
 - a. Relocation of the Helen Turner Children’s Center to existing elementary schools and closure of the existing campus at 23640 Reed Way, Hayward, CA 94541 at the end of the 2023-24 school year,
 - b. Relocation of the Brenkwitz Continuation High School and the Hayward Adult School to the former Anthony W. Ochoa Middle campus at 2121 Depot Road, Hayward, CA 94545 and closure of the existing campus at 22100 Princeton Street, Hayward, CA 94541 at the end of the 2023-24 school year,

Whereas, the Project constitutes a project for purposes of the California Environmental Quality Act (Pub. Resources Code § 21000, et seq., (“CEQA”)); and

Whereas, Public Resources Code section 21080.18 provides that CEQA does “not apply to the closing of any public school in which kindergarten or any of grades 1 through 12 is maintained or the transfer of students from that public school to another school if the only physical changes involved are categorically exempt”; and

Whereas, the district has considered the effects of the Project and has determined that the Project will not have any significant effect on the environment; and

Whereas, as referenced in the Board item materials, no physical changes are anticipated to result from the Project, thus the statutory exemption contained in Public Resources Code section 21080.18 applies to the Project; and

Whereas, that the CEQA Guidelines (Cal. Code Regs. tit. 14, §§ 1500, et seq.) exempt from CEQA evaluation projects which consist of minor additions to existing schools within existing school grounds where the addition does not increase original student capacity by more than 25% of ten classrooms, whichever is less (CEQA Guidelines, § 15314). This change in capacity will not occur as a result of the Project, and therefore the Project is categorically exempt; and

Whereas, the only physical change is the location of students and staff, thus the Project is statutorily exempt from CEQA under Public Resources Code section 21080.18 and categorically exempt under State CEQA Guidelines section 15314; and

Whereas, the Project does not involve any of the following and so is eligible for a categorical exemption as described above under State CEQA Guidelines section 15300.2:

- (a) the cumulative impact of successive projects of the same type in the same place, which over time are significant;
- (b) an activity where there is a reasonable possibility that the activity will have a significant effect on the environment due to unusual circumstances;
- (c) a project which may result in damage to scenic resources, including but not limited to trees, historic buildings, rock outcroppings or similar resources, within a highway officially designated as a state scenic highway;
- (d) a hazardous waste site which is included on any list compiled pursuant to Section 65962.5 of the Government Code;
- (e) a project which may cause a substantial adverse change in the significance of a historical resource; and

Whereas, that the CEQA Guidelines also exempt from further CEQA review those activities that are covered by the general rule that CEQA applies only to projects which

have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA (the “Common Sense Exemption”); and

Whereas, upon a determination that the Project is exempt from CEQA, the district is entitled to file a Notice of Exemption with the County Clerk pursuant to California Code of Regulations, Title 14, section 15062.

RESOLUTION NO. 2122-43

SUPPORT OF “ARTS AND MUSIC EDUCATION IN PUBLIC SCHOOLS” CALIFORNIA STATEWIDE BALLOT MEASURE

WHEREAS, Arts Education has been shown to support cognitive development. From a young age, the arts engage all the senses and wire the brain for successful learning by developing motor skills and spatial reasoning, as well as bolstering both memory and language acquisition; and

WHEREAS, Music and arts are linked to supporting students' mental well-being, in turn developing students who are more engaged and resilient. The arts build emotional awareness and foster empathy, skills critical for success and wellbeing during and beyond the PreK-12 years; and

WHEREAS, Arts have been shown to support ongoing school readiness and educational outcomes, with studies finding strong correlations to both math and reading skills. Arts education has also been linked to improved school attendance and individual student self-confidence and motivation to learn, particularly among low-income and other vulnerable students; and

WHEREAS Students from low-income backgrounds with an arts education are less likely to drop out of school, more likely to receive a research degree, and more inclined to pursue a professional career; and

WHEREAS, This measure will increase access and equity by providing increased resources to all schools as well as additional amounts to schools which serve students from families who are struggling to get by, particularly students of color; and

WHEREAS, California is home to the world's creative economy, supporting 2.6 million jobs alone in our state. There is a need to support California's youth by providing access to arts and music programs to help prepare them for the future. This effort will help create and increase the diversity of the creative economy; and

NOW, THEREFORE BE IT RESOLVED, that the Board of the Hayward Unified School District join with other teachers, artists, musicians, entrepreneurs and Arts Organizations throughout California who support the statewide ballot measure “ARTS AND MUSIC EDUCATION IN PUBLIC SCHOOLS” that would increase arts and music education for students in PreK-12 public schools in California.

2122-46, RESOLUTION ADOPTION OF DEVELOPMENT FEES ON RESIDENTIAL AND COMMERCIAL AND INDUSTRIAL DEVELOPMENT TO FUND THE CONSTRUCTION OR RECONSTRUCTION OF SCHOOL FACILITIES

WHEREAS, Education Code section 17620 et seq. and Government Code section 65995, authorize the governing board of any school district to levy a fee, charge, dedication, or other form of requirement (hereinafter “fee” or “fees”), in the maximum amounts specified therein, against residential, commercial and industrial development projects occurring within the boundaries of the district (hereinafter “development”), for the purpose of funding the construction or reconstruction of school facilities; and

WHEREAS, this Board has previously resolved to levy fees on development projects pursuant to this authority; and

WHEREAS, Government Code section 65995 provides that the maximum fees which may be levied on development projects shall be increased in 2000 and every two years thereafter according to the adjustment for inflation set forth in the statewide cost index for Class B construction as determined by the State Allocation Board “SAB” and to become effective at its January meeting; and

WHEREAS, the SAB at its February 23, 2022 meeting, set the maximum fee to \$4.79 per square foot for residential development and to \$0.78 per square foot for commercial/industrial development; and

WHEREAS, the new Fees are an increase of what is currently being collected by Hayward Unified School District. A copy of the Study is attached hereto, marked Exhibit "A," and incorporated herein by this reference; and

WHEREAS, in the judgment of this Board it is necessary and appropriate, and in the best interests of the District and its students, to levy fees for the purpose of funding the construction or reconstruction of school facilities necessary to serve the students generated by new development occurring within the District;

NOW, THEREFORE, BE IT FOUND, DETERMINED, AND RESOLVED BY THE BOARD OF EDUCATION OF HAYWARD UNIFIED SCHOOL DISTRICT, ALAMEDA COUNTY, CALIFORNIA, AS FOLLOWS:

1. The foregoing recitals are true and correct.
2. This Board approves and adopts the Study and recommendation of the District Superintendent, or designee, to levy fees in the maximum amounts authorized on new residential, commercial and industrial development that occurs within the District, and based upon the Study and recommendations, and upon all other written and oral information presented to this Board concerning this matter, makes the following findings:

- a. The purpose of the fees is to finance the construction and

Dr. Matt Wayne, Superintendent

24411 Amador Street, Hayward, CA 94544 T 510.784.2600

reconstruction of school facilities in order to provide adequate school facilities for the students of the District who will be generated by new residential and commercial/industrial development taking place in the District.

- b. The construction or reconstruction of school facilities is necessary to create updated, adequate, appropriate classroom space and academic support facilities for the following reasons:
 - i. New residential and commercial and industrial development is projected to occur within the District within the next five years which will generate school-aged children.
 - ii. Students projected from new development will impact and increase the need of the District to create updated, adequate, appropriate classroom space and academic support facilities.
 - iii. Existing school facilities in the District are in need of, or will be in need of, reconstruction or modernization. New development will generate students who will attend District schools and be housed in existing facilities. These students cannot be housed without upgrading existing school facilities, ultimately making reconstruction or modernization of such facilities necessary.
 - iv. Both existing students and new students generated by future development occurring within the district will need to be housed and served in existing school facilities, as well as new and additional school facilities necessary to serve the projected student population.
 - v. As commercial and industrial development occurs, new jobs are created. Many of the people hired for these jobs move into the community, thereby increasing the need for residential development which generates additional students adding to the impact on the school facilities of the District. The maximum fee that can be levied against residential development is insufficient to cover the full cost of the new or reconstructed school facilities needed by the district to house students generated from new residential development, and therefore justifies a separate fee against commercial and industrial development in the maximum amount allowed by law.
- c. Without the addition of new school facilities and/or the reconstruction and modernization of existing facilities, the District will be unable to adequately house and serve additional students generated by new development which will impair or adversely impact the normal functioning of educational programs and services of the District.
- d. The District has no, or limited local revenue sources available for

Dr. Matt Wayne, Superintendent

24411 Amador Street, Hayward, CA 94544 T 510.784.2600

funding the construction or reconstruction of school facilities attributable to new development;

- e. The fees adopted herein bear a reasonable relationship to the need for, and the estimated cost of, the construction or reconstruction of school facilities attributable to the type of new development on which the fees will be imposed.
 - f. The cost of providing for the construction and/or reconstruction of school facilities attributable to the type of new development occurring in the District will exceed the revenues reasonably anticipated from fees.
 - g. Existing students will benefit from the use of developer fees for new school facilities. Conversely, students generated from new development will occupy existing school facilities and will benefit from the use of fees to reconstruct or modernize those facilities. Therefore, it is appropriate to use developer fees for existing facilities to the extent of the estimated use of such facilities by students generated by new development.
3. Based on the foregoing, this Board hereby determines:
- a. To levy a fee on any new or on other residential development, as described in Education Code § 17620(a), occurring within the District, in the maximum amount currently authorized by law of \$4.79 per square foot of assessable space as such space is defined in Government Code § 65995(b)(1).
 - b. To levy a fee on categories of new commercial or industrial development, as described in Education Code § 17620(a), occurring within the boundaries of the District, in the maximum amount currently authorized by law of \$0.78 per square foot of chargeable covered and enclosed space as such space is defined in Government Code § 65995(b)(2), except for Rental Self Storage facilities in which a fee of \$0.06 per square foot is justified.
4. The fee provisions of this Resolution are not exclusive, and this Board specifically reserves authority to undertake other or additional methods to finance school facilities in partial or complete substitution for, or in conjunction with, the fee provisions set forth therein, as authorized by law. This Board reserves the authority, in its discretion, to substitute the dedication of land or other form of requirement in lieu of fees to be levied pursuant to this Resolution.
5. The District intends to utilize fees for new construction of school facilities, reconstruction or modernization of existing facilities, purchase, lease or lease-purchase of portable or relocatable classrooms and related facilities as interim school facilities to house students pending the construction of

Dr. Matt Wayne, Superintendent

24411 Amador Street, Hayward, CA 94544 T 510.784.2600

permanent facilities, or the purchase of land for school facilities. This includes all associated costs to plan and execute school facilities projects including, but not limited to, architectural and engineering costs, testing and inspection costs, permits and plan checking, and other administrative costs related to the provision of school facilities. Construction, reconstruction or modernization of school facilities includes, but is not limited to, classrooms and equipment and furnishings for classrooms, and all other reasonable and customary auxiliary, accessory, adjunct, or other supportive facilities for classrooms such as restrooms, gymnasiums, administrative offices, cafeterias, libraries, multi-purpose rooms, maintenance and storage rooms, walkways, overhangs, parking lots, landscaping, and all other similar facilities. Finally, fees may be used for studies and reports necessary to make the findings and determinations required by law for the collection of fees which may include the school facilities needs analysis described in Government Code section 65995.6, for reimbursement of administrative costs to collect fees, and for such other purposes consistent with the purpose and intent of this Resolution, or authorized by law, or deemed necessary or appropriate by this governing board.

6. The Superintendent, or designee, is authorized to certify compliance of a particular development project with the fee or other requirement levied by this Board, or to certify where appropriate that a project is fully or partially exempt from fees in appropriate circumstances. Any certification of compliance for a particular residential construction project is expressly conditioned upon the continued satisfaction by that project of the requirements for that certification and failure to meet those requirements in the future may result in the revocation of such certification and enforcement of the appropriate fee requirement for the project.
7. Pursuant to Education Code § 17621(c), this board determines that the fee levied on residential development is not subject to the restrictions set forth in subdivision (a) of Government Code § 66007 and, pursuant to Education Code § 17620(b), shall be collected at the time of issuance of the building or similar permit required for a particular development project.
8. Pursuant to Government Code section 66001(d), the Superintendent or the District's designee shall review the Fund established pursuant to this Resolution for the fifth fiscal year following the first deposit of fees in the Fund, and every five years thereafter, and with respect to any portion of a fee remaining unspent five or more years after deposit, the Superintendent or the District's designee shall report to this Board which shall either make the findings required by section 66001(d) for said unspent fees, or direct the refund of such fees in the manner provided in 66001(e) and (f).
9. Pursuant to Government Code section 66001(e), the Superintendent or designee, shall advise this board whenever it appears sufficient fees have been collected to complete financing on incomplete public improvements that have been identified in the Study. This board shall then make a determination whether or not sufficient fees have been collected for a

Dr. Matt Wayne, Superintendent

24411 Amador Street, Hayward, CA 94544 T 510.784.2600

particular project, and when a determination is made by this board that sufficient fees have been collected, this Board shall identify, within 180 days of the determination, an approximate date by which the construction of the public improvement will be commenced, or shall refund the fees as provided in said section, unless the provisions of section 66001(f) are deemed to apply.

10. The fees adopted herein are effective sixty (60) days after the approval of this Resolution unless the School Board states this is an urgency due to the significant needs and impacts of the impending new housing developments and there is a 4/5ths majority vote, to cause that the imposition of fees shall take effect thirty (30) days after the date of this Resolution.

11. The Superintendent or the District's designee is hereby authorized and directed to do the following:

- a. As required by Government Code § 66006(a), to establish a separate capital facilities fund (herein "Fund") into which the fees received by the District shall be deposited and shall not be commingled with other revenues and funds of the District. The fees, and any interest earned thereon, shall be expended only for the purpose of funding the construction or reconstruction of school facilities or such other purposes as are permitted by law and authorized by this Board.
- b. If applicable, negotiate agreements with other school district(s) with common territorial boundaries ensuring that the total fees collected by each school district does not exceed the maximum fees allowed by law for residential and commercial and industrial development and providing for an equitable division of the fees with such other school district(s). As required by Education Code section § 17623(a), copies of such agreement(s) shall be transmitted to the State Allocation Board, and shall also be sent to any county or city planning agency which is calculating or collecting fees on behalf of the District.
- c. Take such further action as is necessary or appropriate to carry out the purpose and intent of this Resolution.

Whereas, in order to facilitate the marketing of the Properties so as to maximize lease or sale offers, the District has retained a licensed real estate broker to advertise and solicit proposals from potential lessees or purchasers and to negotiate lease or sale offers; and

Whereas, regardless of this declaration of its intention to sell or lease these Properties, the Board retains full control over the property up and until the Board formally approves a purchase agreement for a specified property; and

Whereas, the Board now wishes to proceed with the lease or sale of the Properties in a manner that will maximize the flexibility and consistency with the District's objectives.

ADOPTED, SIGNED, and APPROVED by the Board of Education of the Hayward Unified School District on the 28th of September 2022, by the following vote:

VOTE:

Clerk, Board of Education
Hayward Unified School District
Alameda County, State of California

EXHIBIT 1

The Hayward Unified School District desires to waive the following sections and portions of the Education Code lined out below:

17455. The governing board of any school district may sell any real property belonging to the school district or may lease for a term not exceeding 99 years, any real property, together with any personal property located thereon, belonging to the school district which is not or will not be needed by the district for school classroom buildings at the time of delivery of title or possession. The sale or lease may be made without first taking a vote of the electors of the district, ~~and shall be made in the manner provided by this article.~~

Rationale: The Hayward Unified School District requests the specified Education Code sections be waived in order to allow the District to maximize the return on the sale or lease of its former school sites in a manner that best serves our schools and community. The District would like to offer the properties for sale or lease through Requests for Proposals followed by further negotiations using the services of a broker who will advertise and solicit proposals from potential purchasers or lessors. The article referenced by Education Code Section 17455 consists of sections 17455 through 17484, which contain provisions regarding the sale or lease of real property that are inconsistent with the manner in which the District hopes to market the properties. The District will work to ensure that the process by which the properties are sold or leased is fair, open, and competitive. The process the District will use will be designed to align with Board goals and get the best result for the District and the community.

17466. Before ordering the sale or lease of any property the governing board, in a regular open meeting, by a two-thirds votes of all its members, shall adopt a resolution, declaring its intention to sell or lease the property, as the case may be. The resolution shall describe the property proposed to be sold or leased in such manner as to identify it ~~and shall specify the minimum price or rental and the terms upon which it will be sold or leased and the commission, or rate thereof, if any, which the board will pay to a licensed real estate broker out of the minimum price or rental. The resolution shall fix a time not less than three weeks thereafter for a public meeting of the governing board to be held at its regular place of meeting, at which sealed proposals to purchase or lease will be received and considered.~~

Rationale: The language to be waived provides for a minimum price or rental and requires sealed proposals to sell or lease the properties. This requirement restricts the District's flexibility in negotiating price, payments, and other terms that may yield greater economic and other benefits to the District than a sealed bid process.

17469. Notice of the adoption of the resolution ~~and of the time and place of holding the meeting~~ shall be given by posting copies of the resolution signed by the board or by a majority thereof in three public places in the district, ~~not less than 15 days before the date of the meeting, and by publishing the notice not less than once a week for three successive weeks before the meeting in a newspaper of general circulation published in the county in which the district or any part thereof is situated, if any such newspaper is published therein.~~

Rationale: Since the District is requesting to waive the requirement that the resolution adopted pursuant to Education Code section 17466 fix a time not less than three weeks thereafter for a public meeting at which sealed proposals will be received and considered, it also seeks to waive the corresponding provisions in section 17469.

17472. ~~At the time and place fixed in the resolution for the meeting of the governing body, all sealed proposals which have been received shall, in public session, be opened, examined, and declared by the board. Of the proposals submitted which conform to all terms and conditions specified in the resolution of intention to sell or to lease and which are made by responsible bidders, the proposal which is the highest, after deducting therefrom the commission, if any, to be paid a licensed real estate broker in connection therewith, shall be finally accepted, unless a higher oral bid is accepted or the board rejects all bids.~~

Rationale: With a waiver of the requirement that sealed proposals be received, and that the highest bidder be awarded the contract, the District will be able to sell or lease the properties to the party that presents the most favorable proposal to the District. The Board would, therefore, be able to sell or lease to the party submitting the proposal that best meets the District's needs. By removing the requirement that an oral bid be accepted, the District would be able to determine what constitutes the most desirable bid.

17473. ~~Before accepting any written proposal, the board shall call for oral bids. If, upon the call for oral bidding, any responsible person offers to purchase the property or to lease the property, as the case may be, upon the terms and conditions specified in the resolution, for a price or rental exceeding by at least 5 percent, the highest written proposal, after deducting the commission, if any, to be paid a licensed real estate broker in connection therewith, then the oral bid which is the highest after deducting any commission to be paid a licensed real estate broker, in connection therewith, which is made by a responsible person, shall be finally accepted. Final acceptance shall not be made, however, until the oral bid is reduced to writing and signed by the offeror.~~

Rationale: The District asks that this entire section be waived because the District, in negotiating an agreement to sell or lease the properties, will not be accepting oral bids in addition to sealed bids.

17474. ~~In the event of a sale on a higher oral bid to a purchaser procured by a licensed real estate broker, other than the broker who submitted the highest written proposal, and who is qualified as provided in Section 17468 of this code, the board shall allow a commission on the full amount for which the sale is confirmed. One-half of the commission on the amount of the highest written proposal shall be paid to the broker who submitted it, and the balance of the commission on the purchase price to the broker who procured the purchaser to whom the sale was confirmed.~~

Rationale: The District asks that this entire section be waived because the District, in negotiating an agreement to sell or lease the properties, will not be accepting oral bids in addition to sealed bids.

17475. The final acceptance by the governing body may be made ~~either at the same session or at any adjourned session of the same meeting held within the 10 days next following.~~

Rationale: Rather than specifying a certain number of days or a timeframe, the District seeks flexibility in selling or leasing the properties. The District will ensure a public process whereby the reasons for the determination of the most desirable proposal for each property is shared openly.

Desired Outcome/Rationale

The Hayward Unified School District desires to have the requested Education Code sections, or portions thereof, waived because the waiver of these sections will allow the District to maximize its return on the sale or lease of the District’s former school sites or other sites that are not needed for school purposes, as follows:

- | | |
|------------------------|---------------------------|
| ● 175 Fairway Street | ● 21400 Bedford Drive |
| ● 520 Jefferson Street | ● 2021 Highland Boulevard |
| ● 585 Willow Avenue | ● 2652 Vergil Court |
| ● 27211 Tyrrell Avenue | ● 29150 Ruus Road |

The District has determined that these sites are no longer needed for school purposes. It is the desire of the District to attract potential lessors or purchasers who will not only pay maximum price for the properties but who will also enhance the surrounding neighborhoods. Based on past sales and leases of real property in the area and the location of the properties, the District anticipates attracting a much greater interest from potential purchasers or lessors through a Request for Proposal process than a bid process.

The Authorized Officers are each hereby authorized and directed, for and in the name and on behalf of the District, to execute and deliver a contract for such insurance and/or for such reserve surety or policy if such contract is deemed by the Authorized Officer executing the same to be in the best interests of the District, such determination to be conclusively evidenced by such Authorized Officer's execution and delivery of such contract.

If upon the review of title reports and other matters relating to the land and real property consisting of Hayward High School, the property is shown to have an encumbrance or attribute that would affect the marketing of the Certificates or cause one or both to fail any applicable rating agency, bond insurer or reserve surety provider criteria for leased assets, the Authorized Officers are each hereby authorized and directed to select one or more alternative District-owned school facility sites and related facilities aggregating a similar total value that do not have any such encumbrance or attribute and/or meet such criteria to constitute the Property to be leased under the Ground Lease and the Lease Agreement.

Section 12. With the passage of this Resolution, the Board of Education hereby certifies that the Debt Management Policy complies with Government Code Section 8855(i), and that the Certificates authorized to be executed and delivered pursuant to this Resolution are consistent with such policy, and instructs Orrick, Herrington & Sutcliffe LLP as Special Counsel, on behalf of the District, with respect to the Certificates executed and delivered pursuant to this Resolution, (a) to cause notices of the proposed sale and final sale of the Certificates to be filed in a timely manner with the California Debt and Investment Advisory Commission pursuant to Government Code Section 8855, and (b) to check, on behalf of the District, the “Yes” box relating to such certifications in the notice of proposed sale filed pursuant to Government Code Section 8855.

Section 13. Pursuant to Sections 17150.1(a) and 42133(a) of the Education Code, the Alameda County Office of Education has reviewed and performed an analysis of the information required to be provided by such sections, and has determined that repayment of the Certificates is probable. The District is prioritizing developer fee funds, state facilities reimbursement funds, and surplus property funds for the repayment of its base rental payments payable under the Lease Agreement.

Section 14. The officers of the District are, and each of them is, hereby authorized and directed, for and in the name of the District, to do any and all things and to execute and deliver any and all agreements, documents, certificates and instruments referred to herein which they or any of them deem necessary or advisable in order to consummate the transactions contemplated by this Resolution and otherwise to carry out, give effect to and comply with the terms and intent of this Resolution, including, without limitation, obtaining title insurance with respect to the Property and entering into an agreement to indemnify and hold the title insurance company harmless with respect to encumbrances recorded against the Property between the last title continuation as set forth in such agreement and the recording of the documents (or notice thereof) herein approved.

Section 15. The Board of Education hereby approves the execution and delivery of any and all agreements, documents, certificates and instruments referred to herein with electronic signatures as may be permitted under the California Uniform Electronic Transactions Act and digital signatures as may be permitted under Section 16.5 of the California Government Code using DocuSign.

Section 16. All actions heretofore taken by the officers and agents of the District with respect to the transactions set forth above, or in connection with or related to any of the agreements, documents, certificates or instruments referred to herein, are hereby approved, confirmed and ratified.

Section 17. This Resolution shall take effect immediately upon its adoption.

EXHIBIT A

GOOD FAITH ESTIMATES

The good faith estimates set forth herein are provided with respect to the Certificates. Such good faith estimates have been provided to the District by RBC Capital Markets, LLC, the underwriter of the Certificates (the "Underwriter") and Isom Advisors, a Division of Urban Futures, Inc., the District's municipal advisor (the "Municipal Advisor").

1. *Principal Amount.* The Underwriter and the Municipal Advisor have informed the District that, based on the District's financing plan and based on market conditions prevailing at the time of preparation of such estimate, their good faith estimate of the aggregate principal amount of the Certificates to be sold in a public offering is \$71,715,000.00 (the "Estimated Principal Amount").

2. *True Interest Cost of the Certificates.* The Underwriter and the Municipal Advisor have informed the District that, assuming that the Estimated Principal Amount of the Certificates is sold, and based on market conditions prevailing at the time of preparation of such estimate, their good faith estimate of the true interest cost of the Certificates, which means the rate necessary to discount the amounts payable on the respective principal and interest payment dates to the purchase price received for the Certificates, is 5.39%.

3. *Finance Charge of the Certificates.* The Underwriter and the Municipal Advisor have informed the District that, assuming that the Estimated Principal Amount of the Certificates is sold, and based on market conditions prevailing at the time of preparation of such estimate, their good faith estimate of the finance charge for the Certificates, which means the sum of all fees and charges paid to third parties (or costs associated with the Certificates), is \$536,009.67.

4. *Amount of Proceeds to be Received.* The Underwriter and the Municipal Advisor have informed the District that, assuming that the Estimated Principal Amount of the Certificates is sold, and based on market conditions prevailing at the time of preparation of such estimate, their good faith estimate of the amount of proceeds expected to be received by the District for sale of the Certificates, less the finance charge of the Certificates, as estimated above, and any reserves or capitalized interest paid or funded with proceeds of the Certificates, is \$55,000,000.00.

5. *Total Payment Amount.* The Underwriter and the Municipal Advisor have informed the District that, assuming that the Estimated Principal Amount of the Certificates is sold, and based on market conditions prevailing at the time of preparation of such estimate, their good faith estimate of the total payment amount, which means the sum total of all payments the District will make to pay debt service on the Certificates, plus the estimated finance charge for the Certificates, as described above, not paid with the proceeds of the Certificates, calculated to the final maturity of the Certificates, is \$162,957,106.88.

The foregoing estimates constitute good faith estimates only and are based on market conditions prevailing at the time of preparation of such estimates, and does not account for the potential prepayment or repayment of the Certificates prior to maturity. The actual principal amount of the Certificates issued and sold, the true interest cost thereof, the finance charges thereof, the amount of proceeds received therefrom and total payment amount with respect

thereto may differ from such good faith estimates for a variety of reasons, including, without limitation, due to (a) the market conditions prevailing on the actual date of the sale of the Certificates being different than the market conditions prevailing at the time of preparation of the estimates contained herein, (b) the actual principal amount of Certificates sold being different from the Estimated Principal Amount, (c) the actual amortization of the Certificates being different than the amortization assumed for purposes of preparing the estimates contained herein, (d) the actual interest rates at which the Certificates are sold being different than those estimated for purposes of preparing the estimates contained herein, (e) other market conditions, or (f) alterations in the District's financing plan, or a combination of such factors. The actual date of sale of the Certificates and the actual principal amount of Certificates sold will be determined by the District based on various factors. BOARD OF EDUCATION RESOLUTION 2223-28
SOLUTIONS TEAM OVERVIEW AND RECRUITMENT PROCESS

Whereas, Board Policy 0000: Vision, calls for the Governing Board to adopt a long-range vision that sets direction for the district which is focused on student learning and describes what the Board wants its schools to achieve; and

Whereas, Board Policy 1000: Concepts and Roles states that, “The Governing Board desires to represent the community and provide leadership in addressing community issues related to education. In order to identify community concerns and enlist support for the schools, the Board shall establish effective two-way communication systems between schools and the community.”; and

Whereas, Board Policy 1220: Citizen Advisory Committee states that, “The Governing Board recognizes that citizen advisory committees enable the Board to better understand the interests and concerns of the community. As the need arises, the Board may establish citizen advisory committees to consider school problems, needs and issues. Advisory committees shall serve in a strictly advisory capacity and shall not act as policy-making bodies.”; and

Whereas, Board Policy 7000: Concepts and Roles states that, “The Governing Board recognizes that one of its major responsibilities is to provide healthful, safe and adequate facilities that enhance the instructional program. The Board shall endeavor to make the provision of adequate school facilities a priority in the district. Because the schools serve as a focal point for the community, the Board shall also strive to ensure that district facilities fit harmoniously and attractively into their neighborhoods and have flexibility of design to meet future educational and community needs.”; and

Whereas, Board Policy 7110: Facilities Master Plan, states that, “The Governing Board recognizes the importance of long-range planning for school facilities in order to address changes in student enrollment and in the district’s educational program needs.”; and

Whereas, the Board received an updated Facilities Master Plan at the September 28, 2021 Board meeting which includes a review of the Hayward fault zone’s proximity to schools in the district and determined that due to Bret Harte Middle School’s proximity to the earthquake fault and liquefaction zone and the regulatory changes that occurred since the school was originally constructed in 1952, structural rehabilitation of the campus would be cost prohibitive; and

Whereas, the Facilities Master Plan from September 2021 identified over \$905 million in facilities needs across the district and now, given the actions taken by the Board since September 2021, the outstanding facilities needs were reduced by over \$200 million to \$708 million; and

Whereas, at the November 17, 2021 Board meeting, the Board revised Resolution #2122-28 - Implementation of the Operational Sustainability Strategic Plan Initiative Beginning in 2022-23, to incorporate the tabling of future decisions pending the creation of a Solutions Team and the prioritization of a solution for Bret Harte Middle School; and

Whereas, at the February 23, 2022 Board meeting, the Board approved Resolution #2122-38 - 7-11 Advisory Committee Bylaws, to outline the committee bylaws, identify surplus properties under consideration, and communicate Board goals for the surplus of those properties; and

Whereas, the Board adopted and communicated the following goals for surplus property:

- Prioritize HUSD students access to our best facilities
- Maximize revenues to invest in modern facilities
- Develop strategies to bring in ongoing revenue and support district goals (i.e. teacher housing to recruit and retain staff)
- Collaborate and align goals with other local municipalities (i.e. affordable housing in Hayward)
- Support land use for a positive social impact (i.e. The Covenant House project)

Whereas, at the March 23, 2022 Board meeting, the Board approved Resolution #2122-42 - 7-11 Membership, to appoint members to the 7-11 Surplus Property Advisory Committee; and

Whereas, at the June 22, 2022 Board meeting, the Board approved Resolution #2223-09 - Declaring Property Surplus, Seek State Waivers, and Receive 7-11 Surplus Property Advisory Committee Report, to formally designate eight properties surplus and receive the 7-11 committee report which documents the community input obtained and received, and the committee's findings for each of the designated surplus properties; and

Whereas, at the September 28, 2022 Board meeting, the Board approved Resolution #2223-15 - Approval of Seeking State Board of Education Waivers and Declaration of Intent to Lease or Sell Surplus Real Property, to ask for permission from the State to allow for more factors to be used when eventually making informed decisions regarding the designated surplus property; and

Whereas, a Solutions Team will need to be established to create continuity of the overall input process and additional members will need to be recruited on an ad-hoc basis to clearly and efficiently provide input on identified objectives.

NOW, THEREFORE, BE IT FOUND, DETERMINED, AND RESOLVED BY THE BOARD OF EDUCATION OF HAYWARD UNIFIED SCHOOL DISTRICT, ALAMEDA COUNTY, CALIFORNIA, AS FOLLOWS:

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 7200-7700, goals 0000 and 9000) 11,119,202.00
2. Contracted general administrative positions not paid through payroll
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 279,563,056.72

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 3.98%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal" or "mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.
Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect

cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	15,714,091.33
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	475,840.71
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (4.91%) times Part III, Line B19); zero if negative	0.00
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (4.91%) times Part III, Line B19) or (the highest rate used to recover costs from any program (4.92%) times Part III, Line B19); zero if positive	(773,840.17)
D. Preliminary carry-forward adjustment (Line C1 or C2)	(773,840.17)
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	4.32%
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-386920.09) is applied to the current year calculation and the remainder (\$-386920.08) is deferred to one or more future years:	4.44%
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-257946.72) is applied to the current year calculation and the remainder (\$-515893.45) is deferred to one or more future years:	4.47%
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	(773,840.17)

Please provide below or on a separate attachment, the assumptions used to determine the projections for the first and second subsequent fiscal years. Further, please include an explanation for any significant expenditure adjustments projected in lines B1d, B2d, and B10. For additional information, please refer to the Budget Assumptions section of the SACS Financial Reporting Software User Guide.						
Projected expenditure adjustments are due to backing out the 7% retro for 2021/22 paid in 2022/23 from 2023/24. Adjustments are also factoring in staffing adjustments due to declining enrollment and staffing paid from one-time funds during Covid-19.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
