- » SSES + accounts begin with a \$5,000 grant. Families are able to request additional funds for more expensive items through TEA.
- » There is currently enough funding for all students who are identified as medically fragile.

This is the same SSES Program that began in January 2021.

- » Families of qualifying students will receive online accounts to purchase educational goods or services and must benefit their student's education.
- » SSES accounts are one-time grants of \$1,500.
