Matching Needs with Resources

H

Helping our community by,

E

Empowering people through,

L

Linking them with resources
and programs that,

P

Promote self-reliance.

What We Do & How We Help

The Henderson County HELP Center is an umbrella agency which provides social service programming across Henderson County to those in need. There are a variety of programs we offer which fall within our scope of service. We are constantly evaluating our existing programs and implementing new ones. In the list below there are the descriptions of the programs we currently offer to the community.

Goal Statement

To provide countywide information and referral services to reduce duplication of services, assess social service needs and resources, and enhance communication between those in need and the available resources;

To provide specific programs to address the observed needs;

To promote public awareness of the various needs.

Henderson County Teen Abstinence Program

— The Henderson County Teen Abstinence Program provides evidence based programming in grades 6 – 12 regarding sexual health to local school districts across Henderson County. The program provides positive presentations to over 1850 youth annually regarding the benefits of abstinence until marriage and helps teens understand the decisions they make today affect their dreams in the future. The Center has been providing this program to youth across Henderson County since 2006.

Helping Crime Victims through Crisis & Beyond

HELPIng Crime Victims through Crisis & Beyond provides crisis intervention to victims of crime, through crisis management at the crime scene with case management and throughout the criminal justice process. From the time of deployment to the crime scene and through prosecution, intervention services are extended to the primary and secondary victims. Services are provided to law enforcement, criminal justice agencies and other victim service agencies in Henderson County. The program ensures that no victim walk's this path also.

Maggies House - A Child Advocacy Center

— Maggie's House works to provide Hope, Healing & Justice to the smallest child victims of abuse and neglect. Maggie's House works closely with county law enforcement, Child Protective Services, County and District Attorney's Offices, medical and mental health professionals. Maggie's House ensures these cases don't fall through the cracks and that our child victims and their families have the strength to heal after their victimization.

Services provided through Maggies House are:

- Forensic Interviews
- Therapy
- Medical Exams
- Prevention Programs
- Training the Community and Partner Agencies
- Victim & Family Services

UnitedHealthcare Dental Overview

Presented by: Jesi McKenzie

United
Healthcare
Dental

UnitedHealthcare Dental was awarded a contract from the Health and Human Services commission which became effective 9/1/2020. Since then, we've been working to leverage our experience, expertise & resources across the dental health system.

The statewide Dental Program provides dental services to over 3 million Texas Children's Medicaid (Medicaid) and Children's Health Insurance Program (CHIP) eligible children.

UnitedHealthcare Dental is grateful to have the privilege of serving our Medicaid and CHIP Dental members and providers in the state of Texas.

**We are committed to creating
smiles for miles!**

Partnerships & Relationships

How can we help you and the communities we serve?

How do people qualify?

Must qualify for **Medicaid** or **CHIP** through Health and Human Services Commission.

Medicaid is **health care coverage for people with low incomes**. Pregnant women, children, the elderly and people with a disability may qualify.

Most Medicaid programs cover:

Hospital stays

Doctor & Dental
Visits

Care for
expecting
mothers

Care for
special needs
children

Dental
for
children

The Children's Health Insurance Program (CHIP) provides low-cost benefits to children from birth to age 18 whose family **earns too much money to qualify for Medicaid but cannot afford to buy private health coverage**.

Most CHIP programs cover:

Hospital stays

Doctor & Dental
Visits

Care for
special needs
children

Tests & X-Rays

Dental
for
children

Value Add Services

What are Value Add Services (VAS)?

Dental Contractors are required to offer **extra services** as a VAS to members to **promote healthy lifestyles and improve oral health outcomes**. These VAS are not **reimbursed by the state** and can include dental services, benefits or incentives. UnitedHealthcare Dental will have **3 VAS** in Texas.

Product and Ages	Medicaid and CHIP members 6 months - 3 years	Medicaid and CHIP members 13-18 years	Medicaid and CHIP members 7-12 years	Medicaid and CHIP members 3-19 years	Medicaid and CHIP members 3-6 years	Medicaid and CHIP members 6-19 years	Medicaid and CHIP members 0-19 years

Educational Materials for a variety of subjects are available in both English and Spanish

— We love to see you smile.

Healthy teeth are important to general health.

The 4 tips below will help you keep your smile healthy

1. Have your child brush their teeth 2 times a day and floss at least once a day.
2. Take your child to see the dentist at least 2 times a year for a cleaning and checkup. A baby can start seeing the dentist as soon as their first tooth comes in.
3. Have the dentist or provider put a fluoride varnish on your child's teeth 2 times a year.
4. Have sealants applied when your child gets their first permanent molars, around ages 6 to 9 and then again with their second permanent molars, around ages 10 to 14.
