Consistent with the requirements of MSRB Rule G-42, Advisor hereby discloses that such contingent and/or transactional compensation may present a potential conflict of interest regarding Advisor’s ability to provide unbiased advice to enter into such transaction. However, this potential conflict of interest will not impair Advisor’s ability to render unbiased and competent advice or to fulfill its fiduciary duty to clients. If Advisor becomes aware of any additional potential or material conflicts of interest, Advisor will disclose the detailed information in writing to our clients in a timely manner.

Second Interim Report

2022-23

Second Interim Report: 2022-23

The Board is asked to review and approve the Second Interim Report with a positive certification. The purpose of the Interim report is to review the financial condition of the District for the current and subsequent two fiscal years. This review is a snapshot in time and is done twice each year, at the end of October and the end of January. Assumptions must be made regarding future years and are noted with the report. The report ending October 31 is 1st Interim and a major portion of budget updates are done by that date based on the state adopted budget and known information on staffing, salary and benefit costs, and enrollment. Now at 2nd Interim budget updates are at a minimum as revenue is updated based on actual ADA for the first four months of school (August through December) and the expenditure budgets are fine-tuned.

On January 10, 2023, Gov. Gavin Newsom released the proposed state budget for 23-24. This proposal includes a change to the cost of living adjustment (COLA) for 23-24, from the adopted budget/1st Interim amount of 5.38% to the higher amount of 8.13%. Although the projected COLA for 23-24 increased from adopted budget/1st Interim, it should be noted that for the following year the COLA decreases. The multi-year projections have been updated with these changed COLA percentages:

Report Period	Revenue Item	2022-23	2023-24	2024-25
Adopt Budget	Planning COLA	6.56%	5.38%	4.02%
First Interim	Planning COLA	6.56%	5.38%	4.02%
Second Interim	Planning COLA	6.56%	8.13%	3.54%

Please note these are estimates used for planning LCFF revenue for the two subsequent years and are based on the Governor's proposed budget and not a guarantee of funding. The January proposed budget begins a six-month process of enacting a new state spending plan for next fiscal year. In May there will be a revision to the proposed budget called the May Revise that will give us guidance for the 23-24 budget and future years. Receiving a COLA for the subsequent years is critical as we are still dealing with pension reform (CalSTRS and CalPERS retirement systems) and the annual 2% step increase for salaries. The multi-year projections for our schools included with this interim report show separate lines for Employee Benefits STRS and Employee Benefits PERS, this is done as the employer cost for these retirement plans has been increasing at an impractical pace since 2015-16. A recap of these increases is on page 13 of this report.

The Federal government gave schools COVID19 stimulus funding over the past few years with very specific uses, spending timelines and detailed reporting. Federal stimulus revenue and expenditures are shown on separate lines on the multi-year projections. Showing these items separately allows us to see this one time revenue and the allowable one time expenses more readily. Federal resources do not allow a fund balance instead we record unearned revenue at the end of the year when funds are not spent and record the revenue in the year expenditures are made. The State of California for the past two years has given, and continues to give, schools funding for learning loss and expanded learning and this one time revenue is shown on a separate line. Expenses for this one time state funding plus the federal stimulus funding are shown on separate lines of the MYPs and the line title starts with "COVID19". Please see the Categorical Program recap on page 17 of this report for details regarding this type of funding.

Revenue is based on ADA. Apple Blossom is currently able to take advantage of a rolling 3 year average for funded ADA. Our other three schools are charters and are required to use the current year ADA. Our ADA suffered this year due to COVID, the flu, and a new respiratory illness (RSV) which reduced our usual attendance percentage from about 96 to 91 at most of our schools. For the subsequent years I increased the attendance percentage and this increases our ADA. I am using enrollment estimates from site administrators as well as enrollment history for 2023-24. There are notes with each school regarding these enrollment estimates. An enrollment and ADA recap is included with this report. Enrollment was updated at 1st Interim using actual counts on CBEDs day in October 2022. ADA was updated at 2nd Interim using actual attendance for the months of August through December (P-1 reporting period).

A copy of the LCFF Calculator is included with each school's cash flow and multi-year projection. The LCFF Calculator is a great tool but it is not a guarantee of funding, just an instrument to help us estimate revenue. Under LCFF, there are three driving factors: ADA by grade span, annual COLA which is applied to the LCFF Target Entitlement, and the unduplicated pupil count. State Aid also includes EPA (Education Protection Account) funding. This EPA funding is shown separately on the LCFF Calculator and in this narrative but not on the multi-year projections. Please see Exhibit C for LCFF key words and phrases. With the Gap Funding at 100% since 2018-19, COLA has become the key determinant of increases in state funding. The LCFF Calculator includes the SSC Dartboard Planning COLA for the two subsequent years and are the same rates as in the governor's January proposal.

Attached is a bulletin from SCOE, Exhibit A, giving districts guidance and recommendations for preparation of the Second Interim with essential parameters from the BASC Common Message and the SSC Dartboard. A copy of the full 2022-23 Second Interim BASC Common Message is available upon request. Sufficient contingency reserves continue to be essential to maintain fiscal solvency as revenue levels off and pension costs increase. A recap of assignments and reserves is included with this report (Exhibit B).

General Fund Operating Budget: Twin Hills District, Apple Blossom Elementary (Grades TK-5), and Twin Hills Charter Middle School (Grades 6-8)

Overall Condition of the District

The financial condition of the District's General Fund changed at 1st Interim due to changes in LCFF Base Funding and new block grants. At 2nd Interim there are no significant updates to the current year LCFF. It is still probable that some schools will need to reduce expenses next year or use some of the new categorical funding to assist in maintaining the level of expenses we currently incur. All charter schools will need assistance from the general fund ending balance to maintain the 17% required reserve. The general fund continues to transfer Basic Aid Supplement Funding to some schools to assist with salary increases given over the past several years or support overall expenses. Sustaining a strong reserve is critical in maintaining a strong cash position and to mitigate volatility in funding. The general fund and each charter have a paragraph regarding cash for their particular fund in this narrative, there are no state cash deferrals this year.

Enrollment/ADA Trends

In the Adopted Budget, the enrollment projection for the district as a whole was estimated at 1,006. That estimated enrollment decreased by 49 at First Interim to 957 and this enrollment decreased by 1 for 2nd Interim. Apple Blossom reduced enrollment of 27 for this year is partially due to COVID19 as parents continue to keep TK and Kindergarten students home. The enrollment at Twin Hills CMS was estimated at 205 at adopted budget and was reduced by 1 at 1st Interim and remains at 204 for 2nd Interim. Declining enrollment is a state issue as families leave partly due to wild fires or COVID job loss, or the ability to work from home, wherever home is. For the General Fund reports, we use ADA (average daily attendance) for Apple Blossom Elementary and the Twin Hills Charter Middle School.

- ◆ The Adopted Budget ADA for Apple Blossom was 304. At First Interim the ADA estimation for Apple Blossom was actually 276 but the funded ADA increased to 351.83 due to the state approved declining enrollment protection that allows non-charter schools to use a 3 year rolling average. At 2nd Interim the ADA estimation decreased to 268 which lowers the average funded ADA to 345.97. Previously non-charter schools were allowed to use the higher ADA based on the current year or the prior year, use of this rolling average is extremely helpful especially while we deal with declining enrollment and lower ADA due to COVID and other illnesses keeping our students at home. Our ADA attendance percentage this year due to COVID19 and other absences is 92% when it is usually 96% and this results in a noticeable loss of state funding.
- ◆ The ADA for Twin Hills Charter Middle School at adopted budget was 193 and for 2nd Interim ADA is 190. This decrease is attributed to the same attendance percentage issue all our schools have as mentioned above. Charter schools are funded on current year ADA.

Estimates for 23-24 and 24-25 have been updated at 2nd Interim as we expect attendance will return to a more normal absence percentage next year. The Superintendent and Site Administrators continue to work on increasing enrollment at both of these schools.

Status of Negotiations

Salary and language negotiations for this fiscal year are complete. The THTA and District agreement was reached in August and includes a 6% on schedule salary increase for all district employees and an additional 1% salary increase for certificated staff as they added 2 work days to their calendar. The health benefits contribution was increased to \$1,100 per month. Salary and benefit agreements were also finalized for 2023-24 and include the COLA as an on schedule salary increase for all district employees and an increase to the health benefit contribution of an additional \$100 per month. The estimated costs for the 23-24 agreement are included on the multi-year projections.

Retirement Packages

The retirement packages offered to qualified retirees are specified in the certificated bargaining unit contract. There is a specific formula based on age at the time of retirement used to calculate an amount of money the retiree is entitled to. This district offers a cash buy-out option to teachers to encourage and assist with early retirement. We currently have 9 retired employees receiving the cash buy-out (CRSP) costing the district over \$110,000 for this year. Cash buy-outs are paid through payroll in equal payments in September for three years. This district pays lifetime benefits for one retired long-term superintendent in the amount of \$5,492 this year. The change in the contract five years ago requires a new OPEB actuary study annually as OPEB is for health benefits only. The actuary study done for the 21-22 audit updates the estimated OPEB liability, GASB #75, is over \$75k. We also contend with GASB Statement #73 which requires

accounting for our cash buy-out program (CRSP) in the audit. An actuarial study was just completed and the new liability is \$1,098,000.

Encroachments

Some programs have higher expenditures than revenues. This is called an encroachment. The following programs have an encroachment:

Special Education	\$680,671
Transportation	\$147,260
Cafeteria	\$ 60,400

- ◆ There is not much the District can do to eliminate the encroachment of Special Education as these costs are driven by the needs of the children in the District. We can make an effort to control the costs to lower this encroachment. There is a decrease to this encroachment of over \$45,000 since 1st Interim due to updated WC Consortium costs.
- ◆ Short of cutting bus service to certain areas, the District probably cannot make significant cuts in the transportation program. The concern is that cutting bus service could adversely affect pupil attendance. A few years ago the state decided to add JPA Transportation funding to LCFF revenue based on information provided by West County Transportation. Our JPA reported that this district should receive \$95,000. We show this in the revenue section of the MYP, the state includes this amount in the LCFF Target. Transportation expenses are included in objects 5000 and we have a reserve of \$30,000 for transportation. The Governor's budget for next year includes increasing transportation funding by COLA each year and this is included on the MYP.
- ◆ Providing healthy, nutritious meals for students served by well trained staff in a properly equipped cafeteria annually costs this district \$50,000 or more. This amount is attributed to staff and repair costs as we receive federal and state reimbursement for the meals purchased from Revolution Foods through the National School Lunch Program and Universal Meal Program. Universal Meals is new this year and results in additional staff time as the number of meals served increased since we now serve breakfast as well as lunch and participation is higher as meals are free.

Multi-year Commitments

This would be for general fund loans or leases and currently this district does not have any.

Revenue Adjustments

For each interim report we adjust our revenue forecast for the year. At 1st Interim the updated forecast was due to the change in ADA, EPA (Education Protection Account) state funding and an increase in property tax revenue. At 2nd Interim ADA decreased slightly resulting in adjustments to state LCFF and EPA funding as well as In Lieu Property Taxes. In February the state certifies principal apportionment (PA) funding based on actual attendance reported at P-1 (first 4 months of school, August through December). The estimated Basic Aid Supplement funding increased based on this updated PA calculation. State funding changes for the next two years as there is an estimated increase to the COLA. Some of the changes in revenue have corresponding changes in various expenditure categories particularly for new categorical funding and once donations are received. For Funds 01 and 03 the total overall increase for all types of revenue as detailed on pages 5 through 7 is \$62,873. Please see information on Orchard View Charter and SunRidge Charter later in this report.

The total LCFF Sources increased from Adopted Budget to 1st Interim by \$695,732 due to the use of the new 3 year rolling ADA for Apple Blossom. There is a very small increase at 2nd Interim of \$11,424 due to actual 22-23 P-1 ADA information which reduces LCFF and EPA funding and increased Basic Aid Supplement funding.

**Basic Aid Supplement information: As a sponsor of charter schools, a district must transfer a share of its property taxes to those charter schools. The amount transferred to the charter schools is based on a formula of an equal amount of taxes per ADA for both district students and charter students. If there are students attending the district's charter schools who reside outside the district's boundary, the district may be eligible for supplemental state funding based on the ADA of those students.

Approximately 70% of the students at Twin Hills' three charter schools reside in school districts other than Twin Hills. Based on these students' districts of residence, the district is eligible for this supplemental state funding. For the 2021-22 school year this district received over \$860,000. At budget adoption this year we included an estimate of \$800,000 due to declining enrollment. We provide an estimate based on prior year as the calculation is never fully complete until after the school year is over when property taxes and actual out of district ADA are known. Due to the continued complicated formulas for qualification and funding amounts, the County recommends this funding be used for one time purposes. This district uses these funds to support ongoing salary increases, declining enrollment issues and to maintain programs. At 1st interim we did not update the amount but for 2nd Interim principal apportionment information from CDE indicates we will receive over \$900,000 as ADA at Apple Blossom declines and property tax revenue increases.

Federal Revenue: Federal Revenue changed at 2nd Interim due to an increase in Title I and Title II funding based on the first principal apportionment. COVID19 funding increased in Fund 01 due to a Special Education IDEA (Individual with Disabilities Education Act) ARP (American Rescue Plan Act 2021) distribution from the Sonoma SELPA (Special Education Local Plan Areas). Below is a table showing specific amounts for each type of federal revenue.

Other State Revenue: Other State Revenue shows mandate block grant, lottery and other state categorical funding. As required, the STRS On-Behalf of State revenue is included along with the expense to match, please remember this is a book only entry, no money received and no money spent. The COVID19 state funding received in previous years and carried over to this year is called the In-Person Instruction Grant (IPI). The line showing 22-23 State Adopted Budget Categorical Programs includes ELO-P (extended education), Universal PreK, the Arts, Music, Instructional Materials Discretionary Block Grant, and the Learning Recovery Emergency Block Grant. None of these categorical programs were included in this district's adopted budget as they were not finalized until the state adopted their budget and approved the trailer bill. These programs were included in the 1st Interim along with the Charter Declining Enrollment Protection for Twin Hills CMS based on prior year ADA loss. Please see the categorical recap on the last page of this narrative that gives details on each categorical program. At 2nd Interim we adjusted lottery based on a lower estimated ADA and added some funding for prior year ELPAC testing.

Other Local Revenue: For 2nd Interim Other Local Revenue was updated due to an increase in interest as the government tries to slow inflation. At 1st Interim we increased the special education funding from the SELPA (County Office Transfers) and Interagency services to include revenue from SCOE for a teacher on loan for this year. At both 1st and 2nd Interim Object 8699 is increased as we budget grant and donation funding based on cash actually received.

Expenditure Adjustments

The changes in expenditures include any needed adjustments in salaries and benefits due to updated personnel changes since 1st Interim. At 1st Interim the budget was updated for the on schedule salary increase for certificated of 7% and classified and administration of 6%. These salary increases also increased the employee benefits costs along with the increased contribution to health and welfare. Other expenditure categories are updated to meet projected needs along with amounts that will offset some of the changes in revenue for specific programs, including budgeting for donation and grant amounts. At 1st Interim carryover was budgeted. Also, at 1st Interim, COVID19 expenses to match that revenue were updated. The total expenditure increase from Adopted Budget to 1st Interim was over \$1.1 million and from 1st Interim to 2nd Interim was \$28,082.

In addition to updating expenses in restricted resources to offset revenue as described above, here are details on a few large expenditure adjustments year to date:

Twin Hills Union School District
Second Interim Report: 2022-23

- ◆ Salaries and Employee Benefits: The total salaries and employee benefits increased by over \$500,000 at 1st Interim due to the 7% certificated and 6% administrative and classified salary increases agreed to in August. These costs have now been fine-tuned for 2nd Interim with a net change of -\$1,696.
- ◆ Books & Supplies; At 1st Interim updates include the set up of Kitchen Infrastructure equipment purchases totaling \$100,000 and carryover of over \$76,000, including maintenance supplies, Lottery, RESIG safety and unspent donation balances. At 2nd interim there are a small amount of expense adjustments mainly to instructional materials and maintenance supplies.
- ◆ Services & Other Oper. Expenses: Updates at 1st Interim included the set up of some ESSER/COVID expenses of over \$70,000 primarily for software license fees. Changes since adopted budget also include a small amount of carryover, Garden and Music services, addition of special education costs (mainly for speech and preschool services) of over \$125,000, Universal PreK expenses to be allocated of \$59,000 and budgeting matching expenses for donation and grant dollars received before October 31, 2022. This is where the cost for JPA Transportation of \$95,000 is budgeted to match the revenue. Special Education costs are included in this object and this includes, but is not limited to, the West County Special Ed Consortium and Non-Public Schools. The updates for 2nd interim have a net change that is immaterial.

Fund Balance

The original Adopted Budget fund balance is an estimate before the final accounting is completed or the 2021-22 school year. Now that last year is closed, the beginning fund balance at July 1, 2022 is in fact \$4,136,360. At this point the budgeted year-end balance has been adjusted to reflect the items detailed previously in this report resulting in a net increase to the

fund balance of \$624,146. This increase is from restricted resources (new categorical programs). The ending fund balance at June 30, 2023 is now estimated to be \$4,760,507. Some portions of this balance are reserved or designated (assigned) for specific purposes, please see Exhibit B for details. Here is a breakdown of these reserves and designations and the resulting Unassigned/Unappropriated Amount:

Ending Fund Balance @ 6/30/23	\$ 4,760,507
Revolving Cash	5,000
Reserved: Restricted Resource Balances	1,100,179
Assignment for JPAs: Special Ed Consort (1) and West County Transportation	70,000
Assignments Detailed on Exhibit B (2)	1,869,878
Reserve for Economic Uncertainties (REU)	1,715,450
Unassigned/Unappropriated Amount	\$ 0

- (1) The West County Special Education and Student Services Consortium MOU states the district will maintain a reserve.
(2) See Exhibit B for details on Assignments.

Cash Position

A Cash Flow Projection for the current fiscal year has been completed reflecting actual revenue and expenses for July through January and projected revenue and expenses for February through June. There is a combined cash flow and separate ones for Apple Blossom/District and Twin Hills Charter Middle School. We anticipate that the District will have a positive cash balance at the end of every month and at the end of the year.

Multi-year Projections

This district's general fund is expected to experience a slight fluctuation in funded ADA over the next two years based on the 3 year rolling average Apple Blossom is allowed to use. We can expect a slight change in enrollment due to COVID19 and the overall declining enrollment state issue but with changes to the TK age limit the believe is enrollment will vary only slightly in the subsequent years. The general fund has a sufficient estimated fund balance over that period. Please see the Multi-year Projections and corresponding Assumptions for details.

Please keep in mind that these projections are based on the current state budget and the subsequent years are calculated using the SSC Dartboard. The Sonoma County Office of Education gives information and guidance for preparing interim reports and a copy of this bulletin from Sarah Lampenfeld, Director of Fiscal Services at SCOE, is attached (Exhibit A).

Due to enrollment fluctuation issues, these schools will need to realign staffing to match the student enrollment during the next few years. To support this necessary transition, Basic Aid Supplement funds will be transferred to the middle school for the next few years. The current estimated transfer amount for 2022-23 and the next two years is \$450,000. The combined MYP includes expense reductions of \$650,000 for 2023-24 and this reduction remains for 2024-25. To achieve these needed expense reductions, I am indicating certificated and classified staff will be reduced and so will service costs. With reductions in staff and the additional BAS funding from Fund 01, Fund 03/Twin Hills CMS, is overspending by small amounts in the subsequent years.

Even with the reductions in staff and other expenses at Apple Blossom Elementary/Fund 01, there is overspending in the subsequent years. We have assignments in the fund balance that will be reduced in future years as we strive to maintain the 17% reserve. This overspending is not sustainable and a plan to remedy this will need to be crafted and discussed. Always remember that the budget is a living document based on information at a specific point in time. Please note that if state funding, ADA, staffing or programs change, the budget is updated.

On the MYP for Apple Blossom/District (Fund 01) there is a line showing “Restricted Expense Adjustment” and this pertains to the restricted column. Expenses for restricted salaries and employer costs increase annually and we do not anticipate revenue will increase enough to cover these costs. If the revenue actually does not increase, some expenses would need moved to unrestricted. This is not unusual and has been included on the MYP for years.

The District has, in the past, been able to offset a portion of expenses for instructional assistants and enrichment programs through the THAB Educational Foundation and pledges to the Walkathon-Jogathon. During the COVID19 years we did not receive these funds. This year Apple Blossom already had the Walkathon-Jogathon and raised over \$37,000. The THAB Educational Foundation is once again supporting enrichment programs. These contributions are greatly appreciated.

Summary

At this time in the fiscal year, the district is in satisfactory financial condition. It is recommended that, based upon this Second Period Interim Financial Report, the Governing Board approve a positive certification indicating that this District will be able to meet its financial obligations at year end. Approval of the attached February budget updates is also requested.

CHARTER SCHOOLS

Charter Schools are funded by LCFF just like the district. Each school has it’s own per ADA calculation which can be examined along with each school’s report. Local property taxes are used first to fund the LCFF entitlement. Property taxes come into the district general fund and are distributed to each charter based on a per ADA calculation, this is called In-Lieu Property Tax. After these taxes are distributed, the state then fills in the rest of the entitlement using LCFF and EPA (Education Protection Account) funds.

Fund 03-Twin Hills Charter Middle School (Grades 6-8)

The Twin Hills Charter School’s Revenue and Expenditures are included in the General Fund information.

Fund 09-Orchard View Charter School (Grades K-12)

Since the Adopted Budget, the most significant changes in Orchard View’s revenue is the increase in LCFF Base funding and the ADA reduction of 3. Other State is usually Lottery and STRS on Behalf of State but now it includes the new 22-23 categorical programs. Please see the last page of this narrative for categorical program details. Local is interest, stipend reimbursement from SCOE and grant funding. The net decrease in revenue from 1st Interim to 2nd Interim is \$6,562.

- ❖ At 1st Interim Salaries & Benefits increased due to the actual costs for certificated staff including the 7% on schedule salary increase and the 6% salary increase for administration and classified staff. Benefit costs increased due to the higher district contribution for health and welfare. There was also increased costs for adding classified time to supervise student arrival and during breaks. At 2nd Interim certificated salary adjustments were made due to staffing issues.
- ❖ Books & Supplies increased at 1st Interim due to carryover of \$20k and Services increased due to budgeting UPK of \$26k to be allocated plus small updates based on current expenses. At 2nd Interim small fine-tuning was done including use of some Arts, Music, IMDBG funds to cover the cost of software and guidance counseling previously paid for using COVID dollars.
- ❖ Transfer In increased a few dollars at 1st Interim based on the actual cost for the CRSP payment for this year. Transfer Out is for the administrative costs MOU and special education excess costs.

Orchard View's ending fund balance at June 30, 2022 is \$186,313. At 2nd Interim the current estimate is that there will be an increase of \$153,448 to this fund balance. The Net Ending Fund Balance will be \$339,761. Of this amount, \$282,619 is restricted and includes CA Clean Energy Jobs balance of \$45,523, Educator Effectiveness of \$32,036, Art Music IMD BG of \$104,674, Learning Recovery ER BG \$91,435 and A-G Grants \$8,951. The balance of \$57,142 is Assigned for the reserve. The actual 17% reserve is be \$427,120 and to support this amount there is an assignment in Fund 01 for \$369,978.

A cash flow summary is included in the interim report reflecting actual revenue and expenses for July through January and projected revenue and expenses for February through June. This charter has a positive cash balance at the end of each month and at the end of the school year.

The multi-year projecting shows Orchard View will be able to meet its obligations for this year and the two subsequent years. For the two subsequent years the estimated enrollment provided by the site administrator will be 240 and the calculated ADA is 231. This school annually has a waiting list and currently has enough certificated staff to handle this increased enrollment and offer a variety of classes on campus. The Orchard View LCFF multi-year revenue projection is provided with this interim report.

District 21, Fund 09 – SunRidge Charter School (Grades TK-8)

At 1st Interim, the revenue budget for SunRidge Charter School changed drastically due the Declining Enrollment Protection funding of \$589,000, the amount of funding lost last year when enrollment/ADA declined by 64 due to the MMR vaccination issue. Right before the school year started for 2021-22, MMR vaccination waivers by certain doctors were no longer valid according to the state. These funds will replenish SunRidge's reserve that was depleted last year due to this issue. This year we did not gain back all the students that left last year as anticipated and ADA decreased from adopted budget by 18 at 1st Interim and has decreased another 5 at 2nd Interim. This lower ADA results in reduced LCFF funding and decreases Lottery revenue and Mandate Block Grant funding. The Federal revenue line decreased at 2nd Interim due to correcting the reimbursements for the Universal Meal Program as the Federal amount will be less than the State amount. Other State revenue is Mandate Block Grant, Lottery, State Universal Meal Program reimbursement and the STRS On-Behalf of State plus the Declining Enrollment Protection and the new 22-23 categorical programs. Please see the last page of this narrative for categorical program details. Local consists of interest, pledges from families, special education funding, After Care Program fee revenue, a Transfer In of \$50,000 BAS funds to help cover expenses, \$72,000 for SELPA revenue, and \$10,074 to cover CRSP costs from District 53, Fund 01. The net decrease in revenue at 2nd Interim is \$61,759.

Twin Hills Union School District
Second Interim Report: 2022-23

The actual beginning fund balance at July 1, 2022 is \$547,136. After deducting reduced revenue and expenses, the anticipated June 30, 2023 fund balance is \$1,154,769. From this amount we reserve \$4,000 for revolving cash; \$576,140 is restricted and includes ELO-P of \$155,615, CA Clean Energy Jobs balance of \$11,604, Educator Effectiveness of \$49,771, Art Music IMD BG of \$131,104, Learning Recovery ER BG \$158,046 and \$70,000 for the After Care Program; \$18,000 for the 8th Grade field trip RESIG deductible; \$602,810 per Board Policy 3100 (17%) leaving the Assigned Balance After Above estimation at a negative \$46,181. There is an assignment in Fund 01 for the negative balance so this school will meet the 17% reserve. The two subsequent years include assignments to maintain a 17% reserve as well as required expenditure reductions. Expenditure reductions are necessary if state funding does not increase or if enrollment/ADA does not return to a more normal level.

A cash flow summary is included in the interim report reflecting actual revenue and expenses for July through January and projected revenue and expenses for February through June. This charter has a positive cash balance at the end of each month and at the end of the school year.

The multi-year projection subsequent years include the estimated cost for the Pine Crest campus rent based on the long term lease with Sebastopol USD. This MYP shows SunRidge will meet its obligations for this year and will require an assignment in Fund 01 to meet the 17% reserve. Please see the MYP and Assumptions for further details. A LCFF revenue multi-year projection is included with this First Interim Report. This charter school enrollment and ADA show a slight change for the next 2 years based on information provided by the site administrator.

MULTI-YEAR PROJECTION NOTES FOR ALL SCHOOLS:

Prop 39 Clean Energy funds began in 2013-14. The state gave over \$50,000 per year for five years to schools that completed an application, researched power usage, and prepared expenditure estimation reports. We hired a firm to do all this work for us and applied for and received funding for four of the five years. In 2014-15 we received funds for two years, 2013-14 and 2014-15, in 2015-16 we received funds for 2015-16 and 2016-17. We have upgraded to WiFi thermostats, LED lighting, exterior lighting and installed additional solar panels. No further funding will be applied for, no revenue or expenses are budgeted for this type of funding and any balance left remains as we wait for further instructions from the State.

STRS on Behalf of State is being included so the State of California can show what it is costing them to fund their portion of the teacher's retirement plan (CalSTRS). There is a revenue shown as Other State that exactly matches the expense under Employee Benefits. We never actually receive or spend the money but are required to budget and journal as if we do.

The employer cost for retirement will be an issue in future years as the cost climbs to 19.1% for CalSTRS and 28.1% for CalPERS, the classified retirement plan. Governor Newsom understands pension reform may devastate school districts and has chosen previously to provide millions of dollars to fund the CalSTRS and CalPERS liability resulting in a reduced employer cost for 20-21 and 21-22. This year there is no relief as the State decided to increase LCFF Base Funding and give one-time categorical funds instead.

Retirement Plan Year:	2015-16	2016-17	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23	2023-24	2024-25
STRS ER Rates	10.73%	12.58%	14.43%	16.28%	17.10%	16.15%	16.92%	19.10%	19.10%	19.10%
PERS ER Rates	11.847%	13.888%	15.531%	18.062%	19.721%	20.70%	22.91%	23.57%	27.00%	28.10%

Necessary Expense Reductions are shown for three of our schools and are an overall amount of the reduction needed and a plan will need developed. The only way to avoid expense reductions is if state funding or enrollment increases. New categorical program funding may allow us to slow the expense reductions when using these new funds to support current programs.

Twin Hills School District's Other Funds

Fund 12 – Child Development

For the 2nd Interim reporting period there were no budget updates. At 1st Interim budget updates were made to account for actual revenue and expenses for the 2022 summer program and known payroll for this school year. The amount in Transfers Out is due to the district for custodial and utility costs. The actual beginning fund balance is \$144,496 for the 2022-23 fiscal year. The expenditures over revenue now estimated to be \$3,808. After setting aside a reserve for revolving cash of \$4,000, the Assigned Balance is estimated to be \$136,688 and is for use by this fund only as it is fee based.

Fund 13 – Cafeteria

This fund accumulates all of the revenue and expenses related to the meal program for Apple Blossom/Orchard View and Twin Hills CMS. The SunRidge meal program is accounted for separately, as they are a different district number, by using a special resource. Universal Meals began in August of 2022. This allows students to receive two meals each school day at no cost to the students. We currently do not sell any other items in the cafeteria as breakfast is currently being served at snack time. We were fortunate to keep our current vendor, Revolution Foods, for the 22-23 school year. The higher meal reimbursement from the State should cover the increased cost for the meals. We are constantly adjusting meal ordering to match consumption. As always, this fund requires a contribution from the general fund, for this year that is estimated at \$60,400 to cover the employee salaries and benefits, supplies and permits. The general fund annually makes a contribution to this program.

At 2nd Interim the Federal and State Revenue were updated to correct the government agency we expect reimbursement from. As this is a State program, we will receive more state funding than federal and based on reimbursements so far these amounts were updated. The actual beginning fund balance is \$5,807 for the 2022-23 fiscal year. After setting aside a reserve for revolving cash of \$4,000, and for inventory of \$457, the Restricted Balance is estimated to be \$1,350.

Fund 14 – Deferred Maintenance

This district was awarded an Extreme Hardship Grant originating in 2007-08, please see Exhibit D for details. In 2018-19 California Solar Initiative funds (\$145,000) received during the past five years from the installation of the solar panels during the summer of 2011, were transferred from the sites to this fund in order to maintain the solar panels and their safe operation. Due to LCFF, these funds are now included in that calculation and the district is responsible for transferring revenue to this fund based on site needs. Projects are identified and vetted by the Superintendent and Site Administrators. This list of projects is approved by the board annually resulting in these funds being committed. For the summers of 2020 and 2021 we did not do any construction projects due to COVID. During winter break of 2021 a new bell system was installed at Twin Hills CMS. Currently I show a revenue transfer from Fund 01 in the amount of \$50,000. There will be a new list submitted to the board in April of 2023 as we hope projects put off due to the pandemic can once again be reviewed and hopefully completed. The ending balance of \$258,965 is Committed.

Fund 17 – Special Reserve for Other than Capital Outlay Projects

This is the fund we transferred \$330,807 of 2008-09 Basic Aid Supplement funding to. Beginning that year the state budget deteriorated at an alarming pace and during the toughest years Basic Aid Supplement funds were transferred to each site directly from the general fund in order to maintain educational programs. For 2011-12 and 2012-13 the amounts of Basic Aid Supplement funds this district received were spent on one-time expenses, such as advertising. In 2013-14 a 5% salary increase was negotiated and in order to fund 50% of this additional cost, BAS funds were transferred to all schools, the AB After School Program, and the Cafeteria Program from Fund 01. In 2013-14 we transferred out \$200,000 of these funds to Fund 20 to reserve them for Postemployment Benefits. The beginning fund balance for 2022-23 is \$312,448 and is currently estimating interest revenue in the amount of \$3,000 will be added during this fiscal year. The projected ending fund balance for 2022-23 is \$315,448. This amount is Assigned based on GASB54 for use as necessary due to the volatile state revenue and funding for schools. This is the fund cash is borrowed from first if needed throughout the year.

Fund 20 – Special Reserve for Postemployment Benefits

In June, 2004, the Government Accounting Standards Board (GASB) issued its final accrual accounting standards for retiree healthcare benefits (OPEB). These standards state school districts must disclose this liability in their annual financial statements (audit report). This standard is called GASB Statement #45. Our THTA Contract offered teachers an early retirement plan where they could select either healthcare benefits or a cash buy-out. In July of 2011 an actuarial valuation of our OPEB, which is just the cost for medical benefits for retirees, indicated that our liability was over \$760,000. In July of 2014 an updated actuarial study increased our liability to over \$900,000. Use of this fund and the actual movement of money into it is substantiation of the district's effort to set aside and fund this liability in accordance with GASB 45 and in 2013-14 the board approved transferring funds from Fund 17 and an amount reserved from Fund 01 to this fund for postemployment benefits. A change in contract language in April, 2016, no longer offering district paid healthcare benefits as part of the early retirement program for teachers, left the only option available as cash paid in equal payments annually for three years. This change resulted in a new actuarial study which decreased our estimated OPEB liability to just over \$74,000 which is the estimated liability for one retired superintendent, this is now called GASB75. A 2021-22 actuarial valuation states the liability is now \$73k. There is now a GASB Statement #73 that came into effect just a few years ago which requires us to report a liability for our cash buy-out program which is considered a pension. A new actuarial valuation was completed for the 21-22 audit. This new actuarial valuation indicates our liability is currently \$1,098,000. In 2018-19 this district transferred \$200,000 into this fund from the general fund. In 2019-20 there was a transfer made for \$150,000 into this fund from the general fund. A plan to fully fund this liability is in progress. For 2022-23 there are 9 retired teachers and 1 retired principal receiving CRSP and to cover these cost over \$111,132 will be transferred to the schools this pertains to. The ending Assigned fund balance is currently estimated to be \$550,262.

Fund 21 – Building (Bond) Fund

This fund is used to record the revenue from the sale of bonds and construction expenses based on the Measure M approved project list. In March of 2011 bonds were sold and after paying off the Zions Bank capital lease, \$2,047,108 was deposited into this fund. In 2010-11 and 2011-12 a large percentage of funds were spent on the solar project, modular project at THCMS, MUR upgrades at THCMS including a lighting and sound system, and energy efficient lighting in the THCMS Gym and in the AB MUR. In 2012-13 and 2013-14 the Orchard View Portable project and the District Technology Infrastructure project (Structured Cable Plan) were completed. Currently there are no budgeted expenses and the only revenue budgeted is for interest in the amount of \$1,500. The beginning fund balance for this fund is \$158,544 and after adding budgeted revenue we are left with an Assigned ending balance of \$160,044. These funds can only be used for Measure M approved projects.

Fund 25 – Capital Facilities Fund

This fund is used to collect the revenue generated through developer fees. This fund's budget was updated at 2nd Interim to increase interest revenue. We currently do not collect developer fees per board direction as we are in a declining enrollment situation. This fund pays the District's portion of the cost of the bus facility operated by the West County Transportation JPA. The annual payment for that facility will be about \$11,000. The estimated Restricted ending fund balance is \$41,337.

Fund 40 – Special Reserve for Capital Projects

This fund is used to accumulate funds to be used for capital improvements or equipment purchases. The budgeted revenue is interest only. The budget was updated at 1st interim to add in the cost to purchase a new mower for Apple Blossom and at 2nd Interim to increase interest revenue. The fund balance is projected to be approximately \$97,534 at the end of the fiscal year and this balance is Assigned and will only be used for site or building improvements or equipment individually costing over \$5,000.

Provide methodology and assumptions used to estimate ADA, enrollment, revenues, expenditures, reserves and fund balance, and multiyear commitments (including cost-of-living adjustments).

Deviations from the standards must be explained and may affect the interim certification.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since first interim projections.

District's ADA Standard Percentage Range: -2.0% to +2.0%

1A. Calculating the District's ADA Variances

DATA ENTRY: First Interim data that exist will be extracted into the first column, otherwise, enter data for all fiscal years. Second Interim Projected Year Totals data that exist for the current year will be extracted; otherwise, enter data for all fiscal years. Enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for all fiscal years.

STANDARD: Projected enrollment for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since first interim projections

District's Enrollment Standard Percentage Range: -2.0% to +2.0%

2A. Calculating the District's Enrollment Variances

DATA ENTRY: First Interim data that exist will be extracted; otherwise, enter data into the first column for all fiscal years. Enter data in the second column for all fiscal years. 2B. Comparison of District Enrollment to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. **STANDARD MET** - Enrollment projections have not changed since first interim projections by more than two percent for the current year and two subsequent fiscal years.

Explanation:
(required if NOT met)

3. CRITERION: ADA to Enrollment

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the current fiscal year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

3A. Calculating the District's ADA to Enrollment Standard

DATA ENTRY: Unaudited Actuals data that exist will be extracted into the P-2 ADA column for the First Prior Year; otherwise, enter First Prior Year data. P-2 ADA for the second and third prior years are preloaded. First Interim data that exist will be extracted into the Enrollment column; otherwise, enter Enrollment data for all fiscal years. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

Historical Average Ratio:					96.9%
District's ADA to Enrollment Standard (historical average ratio plus 0.5%):					97.4%

3B. Calculating the District's Projected Ratio of ADA to Enrollment

DATA ENTRY: Estimated P-2 ADA will be extracted into the first column for the Current Year; enter data in the first column for the subsequent fiscal years. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years. All other data are extracted.

Total ADA/Enrollment	480		490		98.0%	Not Met

3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Projected P-2 ADA to enrollment ratio exceeds the standard in any of the current year or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation:
(required if NOT met)

For all three years the district non-charter school, Apple Blossom, is able to use a 3 year rolling average for funded ADA which is a great way for the state to assist with declining enrollment. Once the 3 year rolling average declines with the enrollment, we get back to a more normal ratio. It is expected that the absences for COVID19 will decrease resulting in an increased enrollment/ADA percentage (from 92% to 96%).

4. CRITERION: LCFF Revenue

STANDARD: Projected LCFF revenue for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since first interim projections.

District's LCFF Revenue Standard Percentage Range: -2.0% to +2.0%

4A. Calculating the District's Projected Change in LCFF Revenue

DATA ENTRY: First Interim data that exist will be extracted; otherwise, enter data into the first column. In the Second Interim column, Current Year data are extracted; enter data for the two subsequent years.

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Projected LCFF revenue has changed since first interim projections by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard and a description of the methods and assumptions used in projecting LCFF revenue.

Explanation:
(required if NOT met)

COLA for 23-24 estimated at 5.38% at 1st Interim is now estimated at 8.13% for 2nd Interim based on the Governor's Budget in January 2023.

5. CRITERION: Salaries and Benefits

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the current fiscal year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.

5A. Calculating the District's Historical Average Ratio of Unrestricted Salaries and Benefits to Total Unrestricted General Fund Expenditures

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

Yes

A7. Is the district's financial system independent of the county office system?

Governor's Proposed Budget

On January 10, 2023, the Governor released his proposed State Budget for the upcoming 2023-2024 fiscal year. Governor Newsom's State Budget proposal assumes a slowing of the economy but still growing at the national and state level. The Budget includes a form of risk and uncertainty by proposing to utilize \$1.4 billion in one-time funds to increase LCFF funding, as well as, a mid-year cut of \$1.2 billion to the \$3.5 billion appropriated to the Arts, Music, and Instructional Material Discretionary Block Grant. Some of the major 2023-24 proposed budget components include:

- ✦ 8.13% statutory COLA, applied to the base grants and other education programs funded outside of the LCFF, such as: Special Education and Mandated Block Grant.
- ✦ \$300 million for Equity Multiplier
 - Additional funds for the LCFF intended to close equity gaps based on the percentage of students eligible for federal free meal program by school site.
- ✦ \$250 million in one-time funds for the literacy Coaches and Reading Specialists Grant Program.
- ✦ Proposed mid-year reduction of \$1.2 billion to Arts, Music, and Instructional Material Discretionary Block Grant.
 - CDE will still send 100% of the allocation for 2022-23; however, it's recommended LEAs hold a third of the funds for possible reduction.
- ✦ Special Education – proposed limit on the amount of additional funding that SELPAs are allowed to retain for non-direct student services before allocating special education base funds to their member LEAs.

Guidelines ~ It is anticipated that the Common Message for the 2022-23 Second Interim Report will be issued shortly. It will be e-mailed to you as soon as it becomes available. Please read the Common Message carefully as it is a wealth of information and should be used in conjunction with the information contained in this bulletin. The following are SCOE guidelines:

✦ **Dartboard:**

- Use the School Services of California (SSC) School District and Charter School Financial Projection Dartboard 2023-24 Enacted State Budget for economic planning factors.

✦ **Cost of Living Adjustment:**

- Per the SSC Dartboard, COLA planning factors

COLA percentages	2022-23	2023-24	2024-25
DOF Estimated Funded COLA	6.70%*	8.13%	3.54%
Planning COLA	6.70%*	8.13%	3.54%

*The LCFF includes an investment to the base of **6.70%** (increased per Assembly Bill 185).

✦ **LCFF Revenue Estimates:**

- Please use the most recent version of the LCFF Calculator that is available on the Fiscal Crisis and Management Assistance Team web page at www.FCMAT.org.
 - Please note: typically, a LCFF calculator is available after the certification of P-1 (mid-February). As soon as I hear more regarding the updated version I will update everyone.
 - Instructions to use the LCFF Calculator have been incorporated into the tool and can be found on the 'Instruction' tab.
 - Please remember your Fiscal Advisor is available to review your LCFF calculators.
 - See ADA and Enrollment section of Interim Reporting Manual (dated October 20, 2022) for LCFF ADA funding options effective 2022-23 for school districts.
 - Proposed LCFF Equity Multiplier would provide funds based on the percentage of students that qualify from free meals in the National School Lunch Program. Funding would be based on the total enrollment for the prior year at the qualifying school site, with a minimum of \$50K for each school site. The Percentages: High schools serving at least 85% and Elementary and middle schools serving at least 90%.

✦ **STRS Employer rates for 2023-24 and 2024-25**

- If using the rates on the SSC Dartboard, please be aware of your LEAs fiscal tolerance for change. These rates are estimates and most likely will change (increase is possible) between now and the final adoption of the State budget. Note: CalPERS rates will be finalized by the CalPERS Board in the Spring.

Per the SSC Dartboard, planning rates:

Employer Rates	2022-23	2023-24	2024-25
CalSTRS	19.10%	19.10%	19.10%
CalPERS	25.37%	27.00%	28.10%

✦ **Multi-Year Projections (MYP) advice:**

- MYPs are built on assumptions, and those assumptions are expected to change. Anchor assumptions on reasonable estimates and communicate with stakeholders. **Document thoroughly.**
- Consider creating two MYPs: one reflective of current circumstances, and one with all the all the pandemic one-time funds removed. Is the LEA structural deficit spending?

Page | 2

Plan ahead if expenditure reductions are necessary when the one-time funds are gone.

✦ One-Time Funding:

- Remember that stimulus and new 2022-23 (e.g. Learning Recovery and Arts, Music, Instructional Material Discretionary Block Grants) funding are one-time in nature and should not be budgeted in the subsequent years of the MYP. **Important: The Governor's proposal includes a mid-year cut to the Arts, Music, Instructional Material Discretionary Block Grants of \$1.2 billion.** CDE will still send 100% of the allocation for 2022-23; however, it's recommended LEAs hold a third of the funds for possible reduction.
- Plan expenditures according to spending deadlines and incorporate into cash flow and MYP appropriately.
- Be mindful of whether one-time stimulus funds are considered unearned revenue (U) or fund balance (F) to avoid over budgeting of revenues in the current and subsequent years.
- Utilize the reporting cycle information to update and keep budget accurate.

Deadlines to remember in coming subsequent years of the MYP:

See SCOE's 2022-23 Plans, Templates, and Deadlines Master Calendar for more information.

Funding	Spending Deadline	Plan required
ESSER II	September 30, 2023	No plan however, quarterly reporting is due
ESSER III	September 30, 2024	Plans required and semi-annual review required in addition to quarterly reporting
Expanded Learning Opportunities Program FY 2021-22	June 30, 2023	Plan required
Expanded Learning Opportunities Program FY 2022-23	June 30, 2024	Plan required
Expanded Learning Opportunities Grant (ELO-G)	<u>State Resources 7425 & 7426:</u> September 30, 2024 <u>Federal Resources</u> <u>3216-3217:</u> September 30, 2023 <u>3218-3219:</u> September 30, 2024	Plan required by June 1, 2021

✦ Changes to enrollment or Average Daily Attendance (ADA):

Remember to pay close attention to enrollment and ADA numbers in the current year. Understand what is happening for thorough and reasonable projections in subsequent years.

✦ Local Control Accountability Plan (LCAP):

Effective fiscal year 2022-23, supplemental and concentration funding carryover must be accounted for in the subsequent year's LCAP. **To avoid large carryover balances at year-end it's important to review actions throughout the current fiscal year to ensure the expenditures are on track. SCOE recommends reviewing LCAP expenditures with each interim period.** Plus, review supplemental and concentration estimates to determine if actions need to be added due to an increase in

projected funding. To assist with planning for possible carryover, please find SCOE's carryover calculation tool [here](#).

✚ **Current Expense Formula/Minimum Classroom Compensation (CEB) Planning:**

The Current Expense Formula/Minimum Classroom Compensation (CEA) form is required with Unaudited Actuals but then only optional at Budget (e.g. Interim Report). While the form is not required at interim reporting, it is a good planning tool and early warning sign of noncompliance. It is recommended each school district review their Current Expense Formula/Minimum Classroom Compensation (CEB) at each interim period. Throughout the year is the best time to ensure coding is correct and/or understand why the district is not able to meet the requirement.

✚ **Reserves:**

Maintaining reserves during uncertain times is extremely important for long-term fiscal health and allows LEAs time to thoughtfully identify and implement budget adjustments over time. LEAs should maximize the use of all one-time federal funds and other restricted resources to preserve unrestricted fund balances. Remember that one-time funds will only come once.

- Reserve cap expected to remain in place for 2023-24, resulting in a cap of 10% on local reserves (combined assigned and unassigned General Fund balances [**includes** the Reserve for Economic Certainty]) for districts who are not Basic Aid or districts with greater than 2,501 average daily attendance (ADA).

✚ **Routine Restricted Maintenance Account:**

All districts must comply with the minimum 3% contribution unless exempt due to district size. Per numerous Assembly bills, several resources' expenditures may be excluded from the 3% calculation.

- Exclude STRS on-behalf (Resource 7690) from expenditures
- Exclude Federal CARES/CRRS/ARP Act expenditures.
 - (Resources 3210, 3212, 3213, 3214, 3215, 3216, 3218, 3219, 3220, 5316, 7027)

Other Recommendations

✚ **Expanded Transitional Kindergarten:**

Legislation changed in 2021 to extend the Transitional Kindergarten (TK) program to all children who turn four years old by September 1 by the year 2025-26. Starting in 2022-23, the age of children eligible for TK changes until full implementation is met. The age at which children are eligible for TK changes from 2022-23 to 2025-26 are as follows:

- In the 2022-23 school year, children who will turn five years old between September 2 and February 2* are eligible for TK.
- In the 2023-24 school year, children who will turn five years old between September 2 and April 2* are eligible for TK.
- In the 2024-25 school year, children who turn five years old between September 2 and June 2* are eligible for TK.
- In the 2025-26 school year, and in each school year thereafter, children who will turn four years old by September 1* are eligible for TK.
 - ***Inclusive of these dates**

Points to remember about TK students:

- LCFF Calculator ~ Enrollment and unduplicated pupils counts used in the LCFF Calculator should **exclude** TK students who turn 5 years old **after** February 2, 2023.

- Attendance for TK students turning five years old **after** the TK eligibility cut-off date only generate ADA for the purpose of funding **after** they turn five.

✦ **Transportation funding:**

Effective 2022-23, a school district that provides pupil transportation services will receive equal to 60% of the home-to-school transportation expenditures reported for the prior year less the LCFF add-on. Sonoma County Transportation estimates for 2022-23 and template (created based on Ventura COE's template) can be found [here](#). Requirements for funding will include: Transportation Plan (updated annually), and annual reporting of such items as encompass ridership, miles driven, expenditure details, number of pupils transported, and more.

✦ **Proposition 28: Arts and Music**

Voters approved in November Prop 28: Arts and Music in Schools which will provide K-12 public schools (including charter schools) an annual allocation for arts and music programs outside of Prop 98 beginning with the 2023-24 fiscal year. The annual amount is equal to 1% of the prior-year Prop 98 minimum guarantee and will be distributed to LEAs via a 70/30 split; 70% based on share of statewide enrollment in preschool through grade 12 and 30% based on share of low-income students. Per SSC's November 2022 Fiscal Report, *Proposition 28 Estimates for LEAs*, each LEA will receive \$113.45 per student based on enrollment metric and \$84.15 per student based on the low-income metric.

✦ **Basic Aid Supplemental Funding (BAS):**

For districts that sponsor charter schools and receive BAS funding, please be aware this funding has been capped at the sponsoring district's in-lieu of property tax transfer amount related to non-resident charter school students and that the fluctuation in funding from one year to the next can be significant due to: the funding status of the district of residence (LCFF vs. Basic Aid), the number of non-resident charter school students, and other factors. Each district is uniquely sensitive to possible changes to their BAS funding.

Due to volatility in property taxes to school districts and continued complicated formulas for qualification and funding amounts, the County recommends basic aid supplemental funding only be used for one-time purposes.

✦ **Basic Aid/ Excess Tax/Community Funded School Districts:**

- Complete and accurate ADA and property tax information is not available until all taxes have been collected and deposited in July of each year. P-1 estimates for 2022-23 were reported in November 2022 and updated P-2 estimates will be distributed and reported by April 15, 2023.
- *Minimum State Aid* ~ Under LCFF, basic aid districts will receive minimum state aid (hold harmless funding) of no less than the amount received in 2012-13, which represents their categorical allocation net of 8.92% fair share reduction.
- *Education Protection Account (EPA)* ~ All districts are guaranteed a minimum of \$200 per ADA of EPA funding.
- *RDA Residual (8047 RDAX)* ~ Basic Aid/Excess Tax school districts should not budget more than 50% of their prior *full* year RDA Residual (8047 – RDAX) tax revenues. The first 2022-23 payment posted in December/January and the second payment will occur in May/June 2023.
- *RDA asset liquidation (8047-LQID)* ~ Tax revenues should only be budgeted upon receipt. This form of revenue is rare.

- *District of Choice (DOC) funding* ~ The DOC program is authorized through July 01, 2028. However, there are significant changes to the program, such as: registration of the program with the State Superintendent of Public Instruction (SPI) and the County; required public disclosures; and reduced funding, to name a few. Annually, districts that elect to be in the program must register with the SPI. For a school district of choice that is a basic aid school district, the apportionment funding for applicable ADA shall be 25% of the school district LCFF base grant that would have been apportioned to the school district of residence. This was effective beginning the 2017-18 fiscal year and amended with AB 185. See Ed Codes 48301 through 48317.
- Basic aid districts are subject to the Local Control and Accountability Plan (LCAP) and Supplemental and Concentration Grant regulations under LCFF.

✦ **Expanded Learning Opportunities Program (ELO-P):**

Effective 2021-22, LEAs received funds for classroom-based instructional programs that serve grades TK/K-6 to offer a comprehensive after school and intersessional expanded learning opportunities to all unduplicated pupils. Commencing with the 2022–23 fiscal year, as a condition of apportionment, the access requirements are as follows, and will be verified as part of the LEA's annual audit:

- LEAs with an unduplicated pupil percentage (UPP) equal to or higher than 80% will be required to offer the ELO Program to all TK/K-6 classroom-based pupils and provide program access to all TK/K-6 classroom-based pupils upon parent/guardian request.
- LEAs with a UPP lower than 80% will be required to offer the ELO Program to all TK/K-6 classroom based unduplicated pupils and provide program access to 50% of enrolled TK/K-6 classroom-based unduplicated pupils.

✦ **Universal Meals and Meal reimbursement:**

Beginning with 2022-23, all LEAs are required to provide two free meals per day to any student who requests a meal. The Budget Act increased the reimbursement rate to \$4.625 per meal served.

- Update your revenues and review the contribution to the cafeteria program for a possible reduction.

✦ **K-3 Grade Span Adjustment (GSA):**

School districts must maintain an average K-3 class size of 24 *by school site* unless a collectively bargained alternative to the statutory requirements have been agreed upon. If an annual audit of a school district finds the district out of compliance, the CDE will retroactively reduce the district's funding. There is no waiver process.

✦ **Adult-to-child ratios for Transitional Kindergarten:**

Starting in school year 2022–23, adult-to-child ratios for TK classrooms are 1 adult to 12 children. Contingent on additional funding appropriated by the Legislature, this ratio may reduce to 1:10 starting in school year 2023–24 set forth in *Education Code (EC)* section 48000(g). **Note: DOF states that the budget appropriation is unfunded at this time.**

✦ **Form AB 2756 Reporting Requirements:**

Please remember that Education Code Sections 42127 and 42127.6 require districts to submit to the County Office any studies, reports, evaluations, or audits done of the district that contain evidence that the district is showing fiscal distress. The AB2756 Reporting Requirement form is used to communicate such work and should be completed by all LEAs and then returned to SCOE with all interim financial reporting. The form is available at <http://www.scoe.org/pub/htdocs/fiscal-forms.html>

✚ **STRS (and PERS) On-Behalf Contribution ~ Resource 7690:**

Districts should adjust their fiscal year (FY) 2022-23 budget to reflect a STRS On-Behalf pension contribution. An estimate for FY 2022-23 was included in the 2022-23 Interim manual. This will aid with account analysis and ensure the Special Ed MOE and other reporting requirements reflect this information consistently from year-to-year going forward. At the end of the year, a journal entry will be prepared to record actual STRS on-behalf costs when actual data is known.

✚ **Cashflow Report:**

Please notify SCOE immediately if you do not anticipate having sufficient cash for all funds to remain positive. Please note:

- Cash in all funds must be positive at June 30, 2023.
- Education Code Section 42603 allows LEAs to borrow between funds temporarily. There are limitations which are noted below:
 - No more than 75% of the money held in any fund during the current fiscal year may be transferred.
 - The funds must be repaid by June 30th of the current fiscal year if the transfer was completed prior to the last 120 days of the fiscal year.
 - If the funds were transferred within the last 120 days of the fiscal year, repayment of the funds must be made prior to June 30th in the subsequent fiscal year.
 - If borrowing from Fund 21, does your bond agreement allow it?
- Changes in property valuations can affect the cashflow of property taxes.

- A Cash Flow report template may be found on the SCOE website at <https://www.scoe.org/pub/htdocs/fiscal-forms.html> along with the multi-year projection worksheet. Also accepted are either the SACS software version or the LEA's own version.

✚ **Did you know SCOE has an extra desk setup for CBOs to work?**

- The desk is available for CBOs who need to work and/or get extra support from the advisor team. Just give us advance notice you would like to use the desk and what support you need and the desk is yours to use.

Forms to Submit with your Interim Report

The full Interim Report software package, including the cashflow and MYP, should be submitted to your SCOE Advisor by e-mail and SACS dataset submitted via SACS web applicable (see Interim Reporting manual for submission process). The following information/forms are requested:

- ✦ **LCFF Calculator – FCMAT Calculator** ~ Use the FCMAT Calculator v23.2c version or newer, if available. It can be found at www.fcmat.org. Please provide an electronic copy *and* the tabs of the calculator in hard copy of the pages that were presented to the board.
- ✦ **Balancing Spreadsheet** ~ Due to the change to the LCFF funding model, there is presently no mechanism or technical review check (TRC) in the SACS software which assesses State revenue. SCOE created a Balancing Spreadsheet that will assist in determining if your SACS LCFF revenue sources tie with your LCFF Calculator, Escape, and Multi-year projection. The document can be found at <http://www.scoe.org/pub/htdocs/fiscal-forms.html>.
- ✦ **Combined District and Charter School Enrollment and ADA Data** ~ For districts with conversion charter schools included in the General Fund, please consider completing a spreadsheet which combines District and conversion charter school enrollment and ADA data to provide a complete picture of the students affecting the general fund. Unduplicated count information can also be chronicled to offer a comprehensive look at the District. A sample worksheet template can be found at: <http://www.scoe.org/pub/htdocs/fiscal-forms.html> and is called LCFF Enrollment ADA.

Education Code Section 42127 (d)(1) requires a county superintendent to either conditionally approve or disapprove a school district budget if the district does not provide for EC 42127 (a)(2)(B) public review and discussion at its public budget hearing.

Please Note: LCAP requires more flexibility, not less. Cap is inconsistent with local control tenants of LCAP.

When selling bonds for construction projects, companies assigning a rating expect a 15% reserve and a stable outlook, for us it would help maintain our AA- rating. This rating results in better interest rates and no insurance.

Please Note: 4% minimum only covers 2 months of payroll, contract requires we pay teachers for full 10 months.

LCFF Key Words and Phrases

ADA by grade span: Grade spans are K-3, 4-6, 7-8, 9-12. Funding is different for each grade span.

Annual COLA: Cost of Living Adjustment based on inflation. COLA is added to the Target Entitlement which means schools do not receive the full COLA annually but a percentage based on the gap funding. Now that Gap funding is 100%, the full COLA is added to the Target.

Gap funding: The gap funding percentage was updated in 2018-19 to 100%, this is full funding two years earlier than estimated, Governor Brown's tribute to education as he left office. Schools received Gap funding for the last time in 2018-19 to get them to their Target Entitlement. In previous years this Gap funding would vary dramatically based on a LEA's risk tolerance. The more uncertain a LEA is of the variables used in calculating LCFF, such as the stability of its unduplicated pupil count or grade span ADA estimations, the lower the risk tolerance. LEAs with low risk tolerance, minimal reserves, or significant gap funding amounts (difference between "floor" and "target") would use more conservative gap funding percentages such as those incorporated in School Services of California (SSC) LCFF Simulator. Those LEAs with small gap funding amounts were able to use gap funding percentages up to the Department of Finance (DOF) estimates.

Target Entitlement: Amount at full funding.

Unduplicated pupil count: Number of students receiving free and reduced lunch. Number of students considered English Learners (EL). Number of foster youth. If a student is EL and receives free lunch, they are only counted once.

Grade Span Adjustments: Grade span K-3 and grade span 9-12 receive additional funding and this funding is treated similarly to the COLA as they are added to the Target Entitlement. This replaces class size reduction.

Base Grant: Base funding per grade span based on 12-13 funding plus additional funding each year to bridge the gap between current funding levels and the LCFF Target Entitlement.

Supplemental Grant: Additional funding received based on the unduplicated pupil count. The supplemental grant is equal to 20% of the adjusted grade span base grant multiplied by the unduplicated pupil percentage.

Fund 14 – Deferred Maintenance

This fund was created by the State to accumulate revenue they gave districts for deferred maintenance projects that were identified on the District's Five Year Deferred Maintenance Plan. Due to the state budget crisis in 2007-08, the state eliminated the local match requirement for a five-year period, 2008-09 through 2012-13. The local match required districts to transfer the same amount of money the state gave the district annually. LCFF now includes an amount for basic deferred maintenance and districts are allowed to transfer this amount to Fund 14 and the board has committed these funds for deferred maintenance. The LCAP shows as goal number two: "To create and sustain a safe, supportive, and respectful environment for students, teachers, staff, and parents." This includes maintaining clean and safe buildings and grounds.

Extreme Hardship Grant details:

This district was awarded an Extreme Hardship Grant of over one million dollars in 2007-08. Due to the state budget crisis, the state could not pay this to the district in one lump sum so they split it up and paid the district in 5 equal payments of \$261,346 each, one payment a year for 5 years. These funds were used as received, to maintain our facilities based on a very specific board approved project list. Info by year:

Year 1) Our first payment of \$261,346 was received in June of 2009 and a large portion of this payment was used for the Apple Blossom roofing project which was completed in September, 2009.

Year 2) In December of 2009 we received payment number 2. Projects for that year included replacing the Creekside portables and revamping the upper blacktop area at Apple Blossom by adding parking. Projects also included upgrading the access road for the new parking area, remodeling the district office, and installing a phone system at SunRidge.

Year 3) In January of 2011 we received payment number 3. Projects for this year included an easement road at the bottom field at Apple Blossom, new playground equipment in the upper play area at Apple Blossom, and new blacktop at Twin Hills Charter Middle School. Other projects completed include new flooring for the new MUR at Twin Hills CMS and painting the gym inside and out.

Year 4) In late November of 2011 we received our fourth payment. These funds have been used for the eating area under the solar array at Apple Blossom's upper play area, staff room roof repair, play area striping and equipment installation, and a few other small projects. During the summer of 2013 the Apple Blossom main parking lot was repaired and resurfaced, ramps and sidewalks at Apple Blossom were repaired/replaced, an emergency supply shed was built, and windows in the Twin Hills CMS gym were replaced and motorized.

Year 5) In March of 2013 we received the final payment. These funds were spent for reroofing the back wings, the computer lab, and the staff room at Apple Blossom. Twin Hills CMS had an intercom, bell and clock system installed as well as new flooring in some classrooms.

In 2015-16 we spent the balance of these funds on a new half basketball court at Twin Hills CMS, repairs to fields, new flooring and HVAC repair/replacement. The final year (2012-13) we received funding is the year the state is using to calculate our LCFF Floor for Apple Blossom and the District so it increased the amount of funds we receive permanently. In 2015-16 and 2016-17 we transferred \$150,000 into this fund from Fund 01 and Fund 03 unrestricted. In 2017-18 and 2018-19 we transferred \$100,000 from Fund 01 and in 2019-20 transferred \$150,000 and planned on continuing with this amount but due to COVID19 as well as enrollment issues, we have lowered the transfer to \$50,000. Continuing to keep our campuses safe and maintained properly remains very important to this district.

Board Policy

BP 0415(a)

EQUITY

Note: The following **optional** policy addresses district recognition and response to the unique barriers facing each segment of the district's student population.

Pursuant to Education Code 201, California schools have an affirmative obligation to combat racism, sexism, and other forms of bias, and have a responsibility to provide equal educational opportunity to all students. Education Code 51007 requires that all students enrolled in the state's public elementary and secondary schools, regardless of race, creed, color, national origin, gender, gender identity, gender expression, physical disability, geographic location, or socioeconomic background, shall have equitable access to educational programs designed to strengthen technological skills, including, but not limited to, computer education programs. Education Code 220 further prohibits discrimination on the basis of disability, gender, gender identity, gender expression, nationality, immigration status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code in any program or activity conducted by the district.

The Governing Board believes that the diversity that exists among the district's community of students, staff, parents/guardians, and community members is integral to the district's vision, mission, and goals. Addressing the needs of the most marginalized learners requires recognition of the inherent value of diversity and acknowledgement that educational excellence requires a commitment to equity in the opportunities provided to students and the resulting outcomes.

(cf. 0200 - Goals for the School District)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

(cf. 5145.3 - Nondiscrimination/Harassment)

In order to eradicate institutional bias of any kind, including implicit or unintentional biases and prejudices that affect student achievement, and to eliminate disparities in educational outcomes for students from historically underserved and underrepresented populations, the district shall proactively identify class and cultural biases as well as practices, policies, and institutional barriers that negatively influence student learning, perpetuate achievement gaps, and impede equal access to opportunities for all students.

The Board shall make decisions with a deliberate awareness of impediments to learning faced by students of color and/or diverse cultural, linguistic, or socio-economic backgrounds. To ensure that equity is the intentional result of district decisions, the Board shall consider whether its decisions address the needs of students from racial, ethnic, and indigent communities and remedy the inequities that such communities experienced in the context of a history of exclusion, discrimination, and segregation. Board decisions shall not rely on biased or stereotypical assumptions about any particular group of students.

(cf. 6162.5 - Student Assessment)

Note: Pursuant to 20 USC 6311, states must publish per-pupil expenditures, including personnel expenditures and nonpersonnel expenditures, by school. Districts can analyze this financial data, along with other data sources, to ensure equitable allocation of financial and human resources across the district.

2. Analyzing expenditures and allocating financial and human resources in a manner that provides all students with equitable access to district programs, support services, and opportunities for success and promotes equity and inclusion in the district. Such resources include access to high-quality administrators, teachers, and other school personnel; funding; technology, equipment, textbooks, and other instructional materials; facilities; and community resources or partnerships.
