Dear Families:

Your student's school has been designated for Comprehensive Support and Improvement. To ensure that different stakeholders have a voice in identifying your school's strengths and areas of need, surveys will be used.

Your participation in the family survey allows you to share your views on important elements of school effectiveness that help us understand the conditions at your student's school to guide school improvement efforts.

The survey is delivered electronically, and all responses are completely confidential. The survey should take about 15 minutes to complete, and we thank you for your valuable time and perspective. A copy of the survey can be found here <https://sde.ok.gov/school-support> under Continuous Improvement Tools.

Please see the link and/or QR code to log-in to the survey and participate.

Sincerely,
