

Orrick School District

Technology Device Insurance Policy

All students receiving a district-owned iPad or Chromebook must purchase an insurance policy annually before a device will be issued.

Cost:

- Regular Rate: \$20 per student
- Reduced Lunch Rate: \$15 per student qualifying for reduced lunch
- Free Lunch Rate: \$10 per student qualifying for free lunch

Policy Information

There is no deductible for a claim without negligence. If damage is determined to be the result of negligence, or if a device is deliberately damaged or vandalized the full replacement cost for the device may be charged. Lost devices will result in the charge of the full replacement cost of the device.

This policy covers accidental damage without negligence, including cracked screens, liquid submersion, fire, flood, natural disasters, power surges by lightning, and theft. Claims must be made within 5 school days of the occurrence by submitting a claim to the appropriate school office (claim forms can be found in the school office or on the district website) under Departments > Technology. In the case of theft or other criminal acts, a police report **MUST** be filed by the student or parent within 72 hours of the occurrence, with a copy of the report submitted to the school. Failure to file a police report and provide appropriate documentation to the school will result in the item being considered lost and the full replacement cost of the device being charged.

Policyholders have a responsibility to be truthful and honest in any information regarding claims, providing accurate and complete information. Failure to provide relevant information, or dishonesty may result in the policy being voided, claims being invalidated, and full replacement cost for a device being charged.

Policies cannot be cancelled and prorated refunds may only be requested through the District Office if a student is moving out of the district after less than one (1) quarter.

Policyholders should take all reasonable precautions to prevent the occurrence of an insured event. The policy will be considered void in the event of:

- Misrepresentation, misdescription, or nondisclosure by the policyholder of any information relating to a claim.
- Fraudulent claims: if the policyholder or anyone acting for the policyholder makes a claim under the policy knowing the claim to be false or fraudulently exaggerated in any respect or makes a statement in support of a claim knowing the statement to be false in any respect, or submit a document in support of a claim, know the document to be forged or falsified in any respect, or make a claim in respect of any loss or damage caused by the student's willful act.

Length of Coverage:

Insurance policies are good for one school year and must be renewed annually.

Insurance can be paid beginning in the August enrollment period, and must be paid before a device will be distributed to a student. The policy can be paid in the Elementary, High School, or District Office. Checks should be made payable to the Orrick School District, and a receipt will be issued for proof of payment. Receipts should be kept in the event of clerical error.

I have read the Orrick School District Technology Device Insurance Policy and agree to the terms there in.
