This is not a major concern but I am very disappointed that Ms. Shelton seems to be making her own rules that go against what the DISTRICT has in there policies. Like today telling the students that they were not to participate in district military appreciation week on the day it started, knowing that many student purchased item to participate! I think she has really brought the moral of our students down this year!!

Hello! On Monday, April 17, 2023, I sent the email below to [redacted] to provide clarification pertaining to the matter and offer an opportunity for her family to meet with me to discuss all other concerns on a more personal level. Please note I believe [redacted] intended to type "morale" and not "moral" in her email.

Subject: Parent Concern

Dear [redacted],

Thank you for reaching out to the district office with your concern. At approximately 8:50 a.m. this morning, I welcomed our faculty, staff, and students back to Beaufort High School from spring break, reminded the students that the BHS Prom will take place this Saturday night, and reinforced the criteria for attending the event. In addition, I explained April 17, 2023 – April 21, 2023, is Military Appreciation Week at BHS. I remarked posters were displayed throughout the building and I wanted everyone to especially participate in Wednesday's Purple Up! Day. I emphasized Wednesday's activity because Purple Up Day is an activity that is recognized across our nation. It is a day that was established to honor all military families and to express our appreciation for the sacrifices they make to keep our country safe. Yes, our students may participate in the theme for each day as outlined on the posters displayed throughout the building. Please know I will make another announcement this afternoon to encourage all students to participate each day. Also, I plan to give a pizza party to the third-period class that has the most students wearing purple on Wednesday.

On another note, I would like to extend an invitation to you and your husband to meet with me to discuss your comment, "I think she has really brought the morale of our students down this year!!" I understand you feel most comfortable in emailing your concerns; however, I think it would be more productive to discuss all issues with me during a face-to-face meeting. Please know I will schedule our meeting at a date and time that works best with your schedule. I look forward to hearing from you in the very near future.

Best regards,
Carla Shelton
