Enter your comments in the space provided.	There are students at this school that don't feel safe and don't want to come to school, there is lots and lots of bullying issues going on and admin and the principal gets told by it constantly with parents coming up to the school almost everyday to address tge bulling issues

	and time after time every is told “it will blow its self over by the weekend and no one will remember it” admin and Mrs.Shelton do nothing to handle problems within the school the would rather handle issues like dress code more then making sure that there students want to come to school to learn and feel safe for the time that we are with them any time there is a problem at the school the stuff at Beaufort high always say “we all handle it when we can” “it will blow off by the end of the week/ by the weekend” and everyone always sees admin talking and laughing with each other and never try to fix what’s going on when there is a fight the student always have to break it up admin is lazy they will always walk to where the fight is happening and just watch they watch the cameras to see how the fight was with and even then some people still get aways with fighting there’s too much gang violence and gang related problems nothing gets handled at all! Again to sum up everything admin and the principal do VERY! Poorly at there jobs I’ve seen teachers leave and teachers them selfs agree with the students that admin and the principal do poorly and need to do better, students don’t feel safe student to feel like school is a good places for them because they are scared to come to school and they don’t want to come. There’s too much gang related issues surrounding this school the school needs to do better as a whole for there students
