

AFTERNOON PICK UP

1. MIDDLE SCHOOL STUDENTS BEING PICKED UP BY PARENT/GUARDIAN:

Please enter the parking lot through the entrance closest to Rich Pond Elementary School and line up along the curb. Please be sure to pull all the way up to the flagpole and wait for students to exit the building. There should be absolutely no passing unless directed otherwise by school personnel. School personnel will be on site directing traffic - *please carefully follow their instructions.* (solid red line)

2. PICKING UP A STUDENT AT BOTH SCHOOLS:

You will follow the same procedures mentioned above. Once the middle school child has entered the vehicle, you can proceed around to the high school and pick up the high school student *in front of the auditorium* (highlighted in yellow). Once the high school child is picked up, you must turn right and exit the SWHS parking lot. (dotted red line)

3. MIDDLE SCHOOL STUDENTS RIDING WITH A SWHS STUDENT DRIVER (OLDER BROTHER/SISTER):

If a middle school student rides home with a student-driver at the high school, that middle school student must exit the main (front) entry doors at the middle school and walk on the sidewalk around the front to the high school parking lot. Once at the high school, students must use the crosswalk and carefully make their way to their sibling's vehicle.

If preferred, these children can remain at the middle school with the other car-riding students. In that case, the high school student-drivers will need to exit the high school parking lot and enter the middle school parking lot and follow the correct procedures listed above with #1.
