

NEWARK UNIFIED SCHOOL DISTRICT
Citizens' Bond Oversight Committee
April 7, 2023
SPECIAL MEETING MINUTES

I. Call to Order

Cary Knoop called the meeting to order in the NMHS library at 8:43AM

II. Roll Call

Members: Cary Knoop, Cindy Parks

Guest: Susan Condon

III. Facilities Tour

- Newark Memorial High School

The committee noted the new carpet in the library. The committee then visited Room 301. The HVAC in this classroom was one of the recent Williams Act complaints and required a new transformer. No response on warranty call.

- Newark Jr High School

The committee noted one of the solar piers in the NJHS parking lot had sunk. The call button station mentioned in the 2020-21 Annual Report as not being ADA compliant, has been moved up not down and is way too high to be ADA compliant. The committee toured the Boy's locker room and gym.

- MacGregor

The committee toured the landscape project. The committee noted all the weeds, dead plants, including new plants still sitting in pots ready to be planted. Many of the potted plants were now dead and some even have weeds growing in the pots, one was 4 feet tall. The weed issue has been noted at most of the school sites. No weed blocker was used for any of the projects.

IV. Adjournment at MacGregor

Cindy Parks motioned to adjourn at 9:48AM, Cary Knoop seconded. The vote was unanimous.
