## **Financial Reserve Plan Fiscal Year July 1, 2022 – June 30, 2023**

***To Be Adopted by the Board of Education June 12, 2023***

## Overview

It is essential that school districts establish and fund reserves to ensure fiscal integrity.

Full compliance with legal requirements for the establishment and usage of the reserves will not only help to ensure the long-term health and stability of the District but will strengthen the District's credibility and trust relationship with the residents of the community.

The following defines and explains each of the reserves approved by the Canandaigua City School District Board of Education and/or Community Residents.

### Why Do We Need Reserve Funds?

*Saving for future projects, acquisitions, and other allowable purposes is an important planning consideration for local governments and school districts. Reserve funds provide a mechanism for legally saving money to finance all or part of future infrastructure, equipment, and other requirements. Reserve funds can also provide a degree of financial stability by reducing reliance on indebtedness to finance capital projects and acquisitions. In uncertain economic times, reserve funds can also provide officials with a welcomed budgetary option that can help mitigate the need to cut services or to raise taxes. In good times, money not needed for current purposes can often be set aside in reserves for future use.*

*In addition to reserve funds, maintaining a reasonable amount of undesignated fund balance within operating funds is another important financial consideration for local governments and school districts. A reasonable level of unreserved, unappropriated fund balance provides a cushion for unforeseen expenditures or revenue shortfalls and helps to ensure that adequate cash flow is available to meet the cost of operations. Combining a reasonable level of undesignated fund balance with specific legally established reserve funds provides resources for both unanticipated events and other identified or planned needs.*

*Planning today and saving incrementally for expected future events can help mitigate the financial impact of major, nonrecurring or unforeseen expenditures on your annual operating budget. Establishing and funding allowable reserve funds for a clear purpose can help smooth out spikes in the annual budget and in the real property tax levy.<sup>1</sup>*

- Total Reserve Fund Balances are equal to 33.6% of the 2023-24 Budget.
- Approximately 61% of Reserves are for Capital, Bus Purchases and Equipment as approved by the voters.
- Non-Capital Reserves (those reserves that are available to cover annual budgeted expenses) account for \$11,610,260 or 13.1% of the 2023-24 Budget.

## Goals/Strategies

The Goal of the Canandaigua City School District is to plan conservatively to maintain strong academic programs. This conservative approach ensures that the District can maintain programs when unforeseen events arise such as the COVID-19 Pandemic or the Great Recession. Through strategic management of its reserves the District hopes to:

- Maintain excellent educational program during economic downturns
- Provide future tax stability
- Reduce the potential of mid-year cuts when revenues are cut or expenses unexpectedly rise (GEA/Pandemic, Fuel, Utility and Special Education cost spikes)
- Ensure that the long-term plan for preserving and maintaining infrastructure renovations to buildings, purchase of buses and equipment have limited effect on the local taxpayer
- Maintain a positive cash flow that maximizes investment earnings
- Maintain and/or improve bond rating to lower the cost of borrowing

1. If the budget result in an increase in Fund Balance:

- a. Replenish reserves used in the prior budget as necessary
- b. Fund voter approved capital reserves to authorized levels
- c. Fund Reserves towards goals set forth in this plan

2. If the budget results in a decrease in Fund Balance:

- a. Determine the sustainability of continuing to appropriate reserves
- b. Re-assess appropriations and revenues to strategically plan an end to deficit spending
