

Our Mission:

We are committed to nurturing the hearts and minds of our students by serving healthy meals and providing exceptional customer service.

Dear Parent/Guardian:

School Way Café's policy for handling food allergies and dietary restrictions mirrors federal regulations.

Regulations allow for food substitutions in the National School Lunch Program if a student is unable to consume required food components due to the student having a medical condition or disability.

School Way Café will only honor requests for special diets with a completed "Request for Special Diet for a Medical Condition or Disability" form (enclosed). This form must be completed and signed by a licensed medical authority (physician, physician's assistant, or nurse practitioner) identifying the disability and required meal accommodations.

Submit completed forms to the School Way Café Manager at your student's school or you can mail it directly to the School Way Café District Office at:

3750 Olson Drive
Daytona Beach, FL 32124

An updated form is required each school year, and when a licensed medical authority changes diet orders.

You may visit schools.mealviewer.com to view allergen information for our menus and individual menu items for the major allergens: Milk, Eggs, Fish, Shellfish, Peanuts, Tree Nuts, Soy, Wheat, and Sesame Seeds.

Please note that due to safety and sanitation reasons, School Way Café cannot store, hold, or cook items sent from home.

Kindest Regards,

Heather DeMeola, SNS
