

# Department of Teaching & Learning

Hi Families!

Welcome to the Summer Reading Program for Kindergarteners through Grade 3! We would love for your child to spend time reading over the summer. Reading is a key to success in academics. Studies show that the amount of time that students spend in independent reading is the best predictor of reading achievement. Your child has been given a personalized set of Take-Home decodable books to keep as you build a home library. Below are three ways you can use the books to reinforce reading skills with your child. As your child reads the textbooks, please complete the back of this form. Return the form next school year to your child's new teacher by August 31, 2023, to be recognized for their reading achievements.

## Just Right Reader

### Reading Activities

The activities on the back of each book encourage your child to **read and reread!**

### QR Code Phonic Lesson

Each decodable includes a **phonics lesson in Spanish and English.**

Access using your camera from your phone, Ipad, or tablet.

### Phonics Instruction

The inside of each decodable highlights the **phonics skill covered.**
