

Mercer Island PTAs - Working For Students and Families

On behalf of the seven Mercer Island PTAs, we'd like to welcome you to MI as well as share some information about how our organizations serve the schools. The PTA plays an integral role on Mercer Island within both MISD and the broader Island community, working to enhance the student and family experience within the Mercer Island schools.

There are PTAs operating at every level of a child's development, starting with the Mercer Island Preschool Association, which serves families with children ages 0-5. Local PTAs partner closely with school administrators and the school district to provide meaningful programs, parent education, advocacy enhanced learning opportunities, community building activities, and so much more for Mercer Island families.

Chartered in 1980, the Mercer Island PTA Council is a 501(c)3 non-profit dedicated to advocating for the health, well-being, and education of every child. Mercer Island PTA Council is part of Region 2 of Washington State PTA, and is also part of National PTA. National PTA is the largest child advocacy organization in America, working toward bettering the lives of every child in education, health and safety for more than 120 years.

If you are interested in learning more about our work or any of the local MI PTAs, please visit www.MIPTACouncil.org or email president@miptacouncil.org. We look forward to connecting with you!
