

# CLIFTON COLLEGE

“

"At Clifton College we look to instil the values of resilience, integrity and spirit in all things that we do, be that academically or in the broad range of sport and co curricular activities that we offer. Pupils who have joined our school from Moor Park have shown these qualities in abundance, making an effortless transition to Clifton. The skills that they have acquired at Moor Park give them a mindset for achievement and success."

*James Hills – Director of Admissions Clifton College*
