

Joshua High School 2013 Lady Owls Soccer Team

Inducted 2018

The 2013 Lady Owl Soccer Team had an overall record of 17-4-5 (7-0-3 in district). For the season, they scored 64 goals while relinquishing only 12 goals. During district play, they scored 20 goals and only allowed 2 goals. Their accomplishments in 2013 set the standard for future Lady Owl soccer teams. They would end the regular season as undefeated district champions, which was then a first in school history. They would also claim bi-district and area championships, also firsts in school history. Their historic season concluded in a hard fought sectional round.

According to Head Coach Jeff Brooks: “It’s hard to quantify exactly what this team means to this program and as a whole to me personally. This team achieved so much and plunged into uncharted waters: first district title, first playoff win, first playoff run and so on. Hard-nosed, tough group of young ladies that played hard for each other and helped lay a foundation for the years that followed.”
