

DISCLAIMER NOTICE

This Handbook's purpose is to provide employees with guidelines only and not contractual rights. The Handbook also includes the personnel policies and procedures, which are applicable to each employee of JISD. We have published this Handbook on the JISD website in an attempt to make it readily accessible and easy to use for employees. Every attempt has been made to insure thoroughness and complete accuracy in publishing the Handbook on the JISD website. In any case of discrepancy or other error, which may have been made in transcribing the Handbook, the official policies and procedures as prescribed in the District Policy Manual will take precedence. A hard copy edition of this Handbook and all other source documents, which are the basis of this Handbook, are available for your review at the administration office and at each campus office. If you have any questions, please see your campus principal or call the Human Resources Department at 817-202-2500 or 817-426-7500, extension 1005.
