This RFP was issued to determine an approved vendor that has the procedures, insurance and prices to provide the best value to the district to perform these services. The responses were evaluated by a committee of five FCPS staff on several criteria. After evaluations an average score was calculated with Raptor Technologies receiving the highest score. MEETING: Regular

DATE: September 27, 2021

TOPIC: Approval of a Proposed Change Order (No. Twenty) to the Contract for the Construction of the New Tates Creek High School BG# 20-082

PREPARED BY: Myron Thompson, Chief Operating Officer @ 381-4165

Recommended Action on: 9/27/2021
Consent Item

Superintendent Prior Approval: No

Recommendation/Motion: Approve the proposed additive Change Order No. Twenty to the contract with D.W. Wilburn, Inc. for the construction of the New Tates Creek High School, in the amount of \$42,500.00 (Forty-two Thousand, Five Hundred Dollars) and a decrease in the DPOs of \$42,500.00 (Forty-two Thousand, Five Hundred Dollars), subject to the approval of the Kentucky Department of Education, District Facilities Branch, per the provisions of 702 KAR 4:160.

Background/Rationale: The construction of a new Tates Creek High School is listed as priority 1.b.3. on FCPS's 2017 (amended) District Facility Plan. Tate Hill Jacobs produced final Construction Documents for bidding describing the new construction yielding a final project of approximately 304,354 SF (includes auxiliary gym) plus an additional 66,766 SF of shell space and basement, to serve 1,866 students. Bids were received on May 28, 2020 and construction began in July 2020. The Office of Facility Design & Construction, the design consultants and the local building code officials have reviewed the progress of the work. Changes to the original plans and specifications have been necessary in order to satisfy the requirements described below. Approval of these changes allows the work to be completed. The description and cost of these items are summarized as follows:

	Change to DPOs	Change to GC Contract	4.6% A/E FEE
To improve original plans and specs:			
• Credit to (1) DPO and an increase to General Contractor's contract due to subcontractor associated with DPO going out of business; add:			
• Grass Masters (DPO #41508025 KDE #21)		\$42,500.00	\$0
Total Change Order No. Twenty:	(\$42,500.00)	\$42,500.00	
Design consultant fees:			\$0
Total Cost:			\$0

A 5% contingency, plus additional \$50,000 general fund, (total \$3,598,550.00) is included in the project's available funds. There have been nineteen previous change orders on this project. The cost of the current and all changes orders represents a 1.65% increase in the construction cost.

DATE: 9/13/2021

TOPIC: Universal Masking

PREPARED BY: Tanya Dailey

Recommended Action on: 9/13/2021

Action Item for Vote (PLANNING MEETING)

Superintendent Prior Approval: Yes

Recommendation/Motion: A motion is in order to require face masks in all FCPS vehicles, including on school buses, and in all district facilities at all times. Mask requirements apply to all students (K through 12), employees, contractors, and visitors, regardless of immunization status, with the exception of those who have a medical exemption or exemption determined by an Admissions and Release Committee. Masks are recommended for preschool students who can successfully remove a face covering on their own. Students may lower their masks while outdoors or while actively eating or drinking. Staff may lower their masks while outdoors, alone in their individual offices or classrooms, or while actively eating or drinking.

Background/Rationale: The U.S. Centers for Disease Control and Prevention (CDC) recommends universal indoor masking for all teachers, staff, students and visitors to K-12 schools, regardless of vaccination status. Further, the CDC has affirmed the critical importance of in-person learning and urged local school districts to prioritize face-to-face instruction by adopting and enforcing multiple mitigation measures, including mask requirements.

Ms. Sherri Heise
Fayette County Public Schools
1126 Russell Cave Rd.
Lexington, KY 40505

Dear Ms. Heise:

I am writing on behalf of Savvas Learning Company LLC ("Savvas"). Fayette County Public Schools (the "District") has expressed a desire to purchase the products and services listed on the attached two quotation (the "Quotations"). The total amount of the District's order is \$3,778,014.19, and Savvas has agreed to ship the materials contemplated by the order, and to activate any digital licenses purchased, while allowing the District to pay this total amount in installments, as follows:

Payment #	Amount	Due Date
1	\$3,278,014.19	Net 30 days from invoice date*
2	\$100,000.00	September 1, 2022
3	\$100,000.00	September 1, 2023
4	\$100,000.00	September 1, 2024
5	\$100,000.00	September 1, 2025
6	\$100,000.00	September 1, 2026

*Invoice date will be upon shipment of initial print materials.

We understand that, due to the District's encumbrance rules, the District is able to provide a purchase order only for the initial payment of \$3,278,014.19. However, by countersigning this letter, the District confirms its order for the items set forth in the Quotations, and represents that it will seek an appropriation of funds to cover all future payments described above in addition to the current year's payment.

Savvas acknowledges that it will not be a breach of this letter or any agreement with the District if the District fails to make any of the payments due in 2022 or thereafter due to non-appropriation of funds. However, by countersigning this letter, the District acknowledges and agrees that if, for any reason, the District does not appropriate funds to cover the future payments described above or otherwise fails to pay any of the amounts set forth above by the applicable due date, then Savvas may immediately suspend any further shipments of any printed materials or other tangible items that the District would otherwise have been entitled to receive pursuant to the Quotations, and/or terminate the District's access to any software or digital content included with the products and services comprising the Quotations, without any obligation to refund any amounts previously paid under the payment arrangement.

So that we may document the District's agreement to the foregoing terms, please countersign a copy of this letter where indicated below and return it to us. We look forward to working with you toward our mutual goal of improving student outcomes. Please feel free to contact your Account Manager, Cliff Mims, at (859) 494-4858 or cliff.mims@savvas.com, if you have any questions.

Sincerely,

Kevin Schutz

The Collaborative Center for Literacy Development (CCLD) is honored to be listed as a provider of high-quality, research-based professional development initiatives to serve the educators and students of Kentucky's school districts through the Kentucky Comprehensive Literacy grant. CCLD was established in 1998 by legislation to provide professional development and research in literacy for early childhood through adult educators in Kentucky.

EARLY LANGUAGE & LITERACY PROJECT:

The Early Language and Literacy Project (ELLP) is a yearlong professional development initiative for birth to age 5 educators and early care professionals. The premise of the initiative is to create and implement a Learning Action Plan through instruction based on the participant's teaching environment. The focus of the instruction is tailored to the participant's specific needs and includes, but is not limited to, concepts of print, oral language development, early literacy skills, assessment, phonics, phonemic awareness, vocabulary, comprehension, writing, and differentiated instruction. Additional participant benefits include professional development resources and engagement in an active community of practice. Individuals or teams of educators may participate. The delivery format includes an intensive summer institute with follow-up PDs and coaching visits throughout the year. The project's culminating event is the statewide Share Fair. *[Per Participant cost: \$2,175]*

ELLP + IMAGINATION LIBRARY COMBINATION:

The Early Language and Literacy Project (ELLP) and the Imagination Library Initiative may be combined through this grant offering. The basic premise will follow the ELLP initiative, with the added benefit of participants receiving Imagination Library trade books and integrated family literacy engagement training, utilizing various resources. The Imagination Library Kentucky Project is an enhancement of the Dolly Parton Imagination Library book dissemination endeavor. The Kentucky-specific model includes the traditional premise of providing age-appropriate books to children from birth to age 5; books are mailed monthly to each registered child's residence. The initiative builds on the books through targeted oral language and early literacy skills development through book videos, resources, professional development/family literacy events. *[\$30 Per Child per Year (set of 12 books/year, 1 each month) + Per Participant cost: \$2,250]*

KENTUCKY READING PROJECT:

The Kentucky Reading Project (KRP) is a yearlong professional development initiative for K-5 educators. The premise of KRP is to create and implement a Literacy Action Plan through instruction based on the participant's individualized classroom/school data. The focus of the KRP instruction is tailored to the participant's specific needs and includes, but is not limited to, assessment, phonemic awareness, vocabulary, comprehension, content area literacy, writing, and differentiated instruction. Additional participant benefits include professional development resources and engagement in an active community of practice. Individuals or teams of educators may participate. The delivery format includes an intensive summer institute with follow-up PDs and coaching visits throughout the year. The project's culminating event is the statewide Share Fair. *[Per Participant cost: \$1,700]*

ADOLESCENT LITERACY PROJECT:

The Adolescent Literacy Project is designed to improve middle and high school teachers' literacy instruction across disciplines on behalf of improved student outcomes. It emphasizes teacher-centered PD through research-based best practices and instructional problem-solving skills built around a literacy implementation project. This is begun in a summer intensive and continues with observations and faculty and peer support throughout the school year, culminating with the Literacy Share Fair in the spring. As with other Collaborative Center for Literacy Development (CCLD) initiatives, the instruction in ALP is tailored to meet the expressly desired learning targets of each participant based on their instruction data and practices. Teachers design and implement a plan matched to what they, the teachers, believe are their students' most pressing needs. Developing their implementation in small groups with instruction on research-based best practices allows teachers to be prepared to modify and retool their implementation in real time in the classroom in the course of the year to best effect. The delivery format includes an intensive summer institute with follow-up PDs and coaching visits throughout the year. The project's culminating event is the statewide Share Fair. *[Per Participant cost: \$1,700]*
