Recommendation/Motion: Approve the replacement of the Auto Collision Program with a Heavy Equipment Program at the New Combined CTE School at Midland Avenue BG# 22-167.

Background/Rationale: The renovation of the new Combined CTE School at Midland Avenue is listed as priority 1b.2. on FCPS's 2021 District Facility Plan (DFP), which was approved on May 10, 2021. At the time of adoption of the 2021 DFP, per KDE requirements, specific educational programs were required to be listed for the renovation of the Combined CTE School into the Midland Avenue Building.

The current steering committee is made up of administrators and staff from both Eastside and Southside Technical Centers, as well as FCPS staff. The steering committee has been meeting regularly with the design team to review the programs, layout, and overall design of this renovated space. Data presented by the steering committee demonstrates that there are more jobs in switching to this Heavy Equipment Program than in keeping the Auto Collision Program. Therefore, it has been determined that the Auto Collision Program that is listed on the 2021 DFP should be replaced with a Heavy Equipment Program. The steering committee is requesting the Board approve this change in programming in order to notify KDE of the change.
