

School Board Recognitions

December 2018

For more details about these and other awards,
check under "Kudos" at fcps.net

Danielle Pruitt, a freshman at Lafayette High School, earned a "Yes I Can" Award for academics on the state and national level.

Delegates from Henry Clay High School earned honors at the Model United Nations conference outside Washington, D.C.

The "A" football team from Edythe J. Hayes Middle School capped a third consecutive undefeated season with another countywide playoff championship.

The JV football team from Southern Middle won the "B" league playoff championship and finished with a 9-0 record.

Abbie Guskey of Sandersville (in white sweater) was tapped as Kentucky's Outstanding Elementary Science Teacher.

212 Degree Award: Athens-Chilesburg Elementary principal Peggy Henderson, behavior specialist Brooke Kincheloe, and teacher Haley Hamm stayed at school until 10:30 p.m. with a student who couldn't go home because of an external issue. They helped turn what could have been a scary situation into a fun night of learning.

Special thanks: The school board paused to thank member Doug Barnett, who is wrapping up his service here at the close of 2018. District 2 voters elected the local attorney in 2010 and 2014, and then he opted not to run again.
