

**AGREEMENT ON INTENDED USE  
OF STUDENT PHOTOGRAPHS OR AUDIO/VIDEO RECORDINGS  
FOR SCHOOL YEAR \_\_\_\_\_ - \_\_\_\_\_**

I understand that students and staff have privacy rights and that the daily activities and conduct occurring in the course of the school day are generally not subject to audio/video recording or photography. However, there may be school or class celebrations and/or special occasions when my student or I would like to take photographs or audio/video recordings at school or during a school-related activity (i.e. first day of school, last day of school, or special in-class activity.)

I agree that if my student or I make an audio/video recording or take a photograph at school or during school-related activities, it will be used for personal viewing and enjoyment only, and may not be used for a commercial purpose. I also agree that photos and audio/video recordings will not be publicly disseminated, posted, uploaded or streamed to any website or other public forum without the express permission of the parent/guardians of any other students depicted in the photograph or recording.

I understand that these restrictions do not apply to events that are open to the general public or take place in public venues.

By signing this form, I acknowledge that I have reviewed and discussed this agreement with my student and agree to abide by the conditions above.
