COMMUNITY PARTNERSHIPS PROGRAM

**Partners In Education (PIE)** connects businesses, organizations, and individuals with schools to enhance student learning. Through the establishment and nurturing of purposeful relationships between community leaders and educators, PIE strives to leverage skills, talents, and resources to reinforce the district's mission to prepare all students to become lifelong learners who are productive, responsible, and participating members of society.

#### Partners In Education impacts:

- Students by enhancing opportunities and empowering the pursuit of meaningful and fulfilling lives in an ever-changing world.
- Schools by implementing effective programs and support to bridge the gap in high-need areas.
- Partners by fostering a hands-on approach to cultivate future employees and consumers, a deeper understanding of the school system, and increased morale and public recognition.
- Volunteers by providing a mechanism for community involvement, sharing of expertise and experiences, and direct influence for academic, life skills, and character development.
- Partners In Education is vital in helping the community and school system work and grow together.

Whether you are a small business, major corporation, nonprofit organization, civic leader, college student, or retiree, our schools and students need you. Your involvement with Partners in Education, whether inside or outside the classroom, is an investment in our children, our community, and our future. Find your slice of PIE today!

Many who care about education in our community cannot give of their time and choose instead to provide financial support. To make a monetary contribution to Partners In Education contact the PIE office at 940.235.1009.

**Wichita Falls ISD Foundation, Inc.** was designed to support the Wichita Falls ISD students and teachers through grants and scholarships.

The mission of the independent, non profit corporation, is to promote quality education by establishing, supporting and enhancing programs not otherwise funded by Wichita Falls ISD or the state.

#### Giving Opportunities

Together we can make a difference! A contribution of any size makes a real and lasting impact on the life of a WFISD student. Our community and corporate friends may give to the general fund, create a scholarship to honor someone special or recognize achievement within a specific discipline.

#### Which areas need my help?

Donors can designate their gifts to go directly to the cause they intend to support: students, teachers or creative learning opportunities.

- Student Scholarships
- IDEA Grant Awards
- Campus Assistance Fund through Texoma Gives and other local giving opportunities
- General Fund

#### Ways to Give

- Develop a scholarship recognizing achievement within a specific discipline
- Make a contribution in honor of a special teacher in the life of you or your child
- Make a contribution in honor of someone who has a special influence on your life
- Make a contribution in honor of a special event - marriage, anniversary, birthday, etc.
- Make a contribution in memory of a loved one who valued education
- Include the WFISD Foundation in your will
- WFISD staff members may choose to have automatic deductions made from their paycheck each month to support the foundation
