Stipends paid on this schedule shall not be split without the consent of the bargaining unit member directly involved.

Each coach will receive a per diem stipend for any team advancing to the State Playoff system (beyond league play). The per diem will be calculated by the District Athletic Director with the following formula:

1. Number of weeks per WIAA season x 5 days per week = total days.
2. Coaching stipend divided by total days = per diem rate.

The per diem rate will be 60% for teams qualifying less than half the team.

High school coaches who provide weight room supervision will be paid hourly at the PEA Activity Rate for such supervision duties, not to exceed 240 total hours each year for each high school (RHS, PHS and ERHS). Supervision coordination and time sheet authorization will be coordinated by the Athletic Coordinator at each site.

At any time, a coach, athletic director, or administrator may convene a meeting to address safety concerns related to high participation numbers in a particular 7th grade athletic program. A meeting of the athletic director, administrator, and impacted coach shall occur to consider the following options:

1. Recruit adult volunteer coaches

2. Split existing stipend(s) in order to hire additional coaches
3. Set an alternating schedule for student athlete's participation
4. Other options as mutually agreed

The building athletic coordinator will work with the administration and coaching staff to determine the utilization of the following allocated floating coach positions:

- * ERHS, PHS and RHS: 3 floating coaches each
- * AJH, BJH, FJH, GVJH, KJH, and SJH: 3 floating coaches each
- * EJH: 2 floating coaches
