Equity Statement

The Riverdale School District is committed to the success of every student in each of our schools. For that success to occur, the District is committed to equity by recognizing and eliminating institutional barriers and creating access and opportunities that benefit each student. "Achieving equity" means students' identities will not predict or predetermine their success in school. Toward this end, the District adopted an Anti-Racism Resolution, which serves as a pillar to actualizing this through an anti-racist and social justice lens as we serve every student in our schools. The district has also adopted a Bias Incident Complaint Procedure as part of the All Students Belong Policy, which establishes what constitutes a bias incident and outlines a procedure for handling incidents. All students are entitled to a high quality educational experience, free from discrimination or harassment based on actual or perceived: color, disability, ethnicity, gender identity, linguistic diversity, nationality status, neurodiversity, national origin, race, religious or spiritual beliefs, sexual orientation, size/body type, or socioeconomic status.

Educational equity is based on the principle that each student receives what is required for them to achieve success with regard to allocation of resources, opportunity, treatment, and access.

Equity Lens

This equity lens helps educators and decision-makers recognize institutional and systemic barriers and discriminatory practices that have limited student success in the Oregon education system. The equity lens emphasizes underserved students, such as out of school youth, English Language Learners, and students of color with a particular focus on racial equity. The focus of this equity lens is on race and ethnicity. This is based on an understanding that when we focus on racial disparities as a lens to consider investments for each and every student and community, we can and will generate opportunity and improvement in every area of educational practice and performance. Centering racial equity is rooted in the historical context of Oregon and is the path through which we can heal while targeting areas of action, intervention and investment. The questions offered can and should be adapted to ask questions regarding each of the focal groups named in the Student Success Act as being farthest away from opportunity and deserving our collective attention. [View the Beliefs & Questions to Support Equity Work from ODE's Equity Lens here.](#)

Land Acknowledgment

We would like to acknowledge and honor the Indigenous people on whose traditional and ancestral homelands the Riverdale School District is located: the Multnomah, Kathlamet, Clackamas, Tumwater, and Watalala bands of the Chinook; the Tualatin Kalapuya; and many other Indigenous nations of the Columbia River. It is important to acknowledge the ancestors of this place and recognize that we are here because of the sacrifices forced upon them. In remembering these communities, we honor their legacy, their lives, and their descendants. [*This Land Acknowledgement is adapted from Lewis and Clark College.*](#)

Riverdale School District's Mission

Riverdale develops inquisitive, imaginative and eager learners. Our students demonstrate academic mastery through exhibition to become effective communicators and responsible leaders.

Board Members

View our current board members on our website under About Us > School Board & Policy > [School Board Members](#).

ACADEMIC INTEGRITY

Policy Reference: IKI – Academic Integrity

Students are expected to put forth their best effort on tests and assignments. Assisting others is prohibited when it would constitute academic dishonesty. Academic dishonesty includes, but is not limited to, using or sharing prohibited study aides or other written materials on tests and assignments; sharing, collaborating, or communicating with others on tests or assignments, before or during tests or assignments, in violation of directions by the class instructor; and knowingly sharing false information or knowingly misleading another to reach a false answer or conclusion.

Violation of the policy may result in discipline as deemed appropriate by the instructor or administration, based on the nature and seriousness of the offense.

Academic Integrity

Students are expected to do their own work at all times. Cheating and plagiarism of any kind are wrong, and infractions will not be tolerated.

Much of the instruction at Riverdale High School is based on inquiry. We teach students to find the best information, in whatever format, to interpret it, and to share their findings with others. We expect students to honor intellectual property and avoid plagiarism (which includes but is not limited to copying or turning in another person's work as your own work). Students will:

- Respect copyright/intellectual property rights of creators and producers (always cite others' work).
- Seek divergent perspectives during information gathering and assessment.
- Follow ethical and legal guidelines in gathering and using information.

- Contribute to the exchange of ideas within the learning community in an ethical fashion.
- Use information technology responsibly. Never publish the art or writing of any other person or Artificial Intelligence third-party service or site (AI-generated content) as though it were your own.

Cheating

Cheating is taking a dishonest academic advantage over other students, and includes: talking during a quiz or test, glancing at another student's test or quiz, copying another student's homework, copying material straight out of a book without citing the source, changing the answer while correcting papers, using notes when you are not allowed to, or having someone else or a AI generator do your work. Cheating will result in a conference with the teacher and consultation with the principal. Consequences could include a "0" on the work, a call to parents, a referral, and further disciplinary action. Grade altering may result in suspension.

Plagiarism Policy

Notice: Riverdale School District has updated its Plagiarism Policy in response to the changing digital landscape. Our policy now forbids the representation of content created by Artificial Intelligence or other text generators as original works. For a copy of the policy or more information about how we are teaching students and staff to respond to this emerging technology and what we can learn from it, please speak with the Humanities staff.

Embracing Technology

Riverdale School District has traditionally been a leader in providing a technology-rich environment for its students and its staff, continually investing in technological resources. Yet, when we chose to maintain a focus on technology in our current District Strategic Plan, it wasn't just for the sake of adding equipment. At Riverdale, we view curriculum as the driver and technology as the accelerator. Educational technology enhances teaching and learning, and teachers and students benefit from its strategic instructional uses.

Riverdale's K-12 educational technology program -- which provides regular access to devices, learning tools, productivity tools, communication tools, and organizational tools across the curriculum -- culminates in robust high school technology course offerings. From the start of kindergarten through high school graduation, we help our students become discriminating users of information, skilled users of technology, and responsible digital citizens.

Access to devices, the Riverdale network, and a District-provided Google Workspace for Education account are among the key components of a Riverdale education. Educational technology including, but not limited to, internet access, e-mail, and devices provided by Riverdale School District for student use are intended for educational use, instruction, research, communication, collaboration, and other school-related purposes.

Users are held to the same standards expected in a classroom and/or professional workplace. As such, student use of the Riverdale network and/or Riverdale devices is governed by the District's [Student Acceptable Use Agreement](#). Use of personal devices and social media access is governed by Board Policy JFCEB, *Personal Electronic Devices and Social Media*.

ADMISSION

Policy Reference: JEC – Admissions, JECA - Admission of Resident Students, JECA - Admission of Part-Time Private School Students, JECB - Admission of Nonresident Students

A student seeking enrollment in the district must register in the office. All students enrolled in the district must comply with Oregon laws related to age, residence, health, attendance, and immunization. Age, immunization, tuition, and other eligibility prerequisites for admission as set forth in state law, Board policy, and administrative regulation, may be required.

The Board may, based on district criteria, deny regular school admission to a student who has become a resident student and who is under expulsion from another district for reasons other than a weapons policy violation.

The Board shall deny, for at least one calendar year from the date of the expulsion, regular school admission to a student who has become a resident student and who is under expulsion from another district for a weapons policy violation.

The Board will not provide alternative programs of instruction to a student expelled for a weapons policy violation.

While caregivers have the option of placing their students in a private school or obtaining additional services, such as tutoring, from a private individual or organization, the district is not obligated to cover resulting tuition or costs. If a caregiver wishes the district to consider a publicly funded private placement or private services, the caregivers must give the district notice and opportunity to propose other options available within the public school system before the private placement or services are obtained.

A caregiver(s) of any student receiving regular education, Section 504 of the Rehabilitation Act or Individuals with Disabilities Education Act (IDEA) services must provide notice to the district at the last individualized education program (IEP) meeting prior to obtaining private services or in writing at least 10 business days prior to obtaining such services. The notice must include the caregivers' intent to obtain private services, the caregivers' rejection of the educational program offered by the district and the caregivers' request that the private services be funded by the district. Failure to meet these notice requirements may result in a denial of any subsequent reimbursement request.

ALTERNATIVE EDUCATION PROGRAMS

Policy Reference: IGBHA - Alternative Education Programs

Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; for students who have not met or who have exceeded all of Oregon's academic content standards; when necessary to meet a student's educational needs and interests; to assist students in achieving district and state academic content standards; or when a public or private alternative program is not otherwise readily available or accessible. Such programs consist of instruction or instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

In-District Alternative Education Programs

Examples of alternative education program options are not limited to, but include:

1. Tutoring available before or after school
2. Work experience
3. Instructional activities provided by other accredited institutions
4. Community service
5. Independent study
6. Community School
7. Others as approved by the district.

Caregivers may request additional in-district alternative education programs by submitting written requests to the superintendent or designee.

Establishment of Alternative Education Programs

Policy Reference: IGBHB - Establishment of Alternative Education Programs

Proposals from caregivers or students for the establishment of an alternative education program shall be submitted in writing to the superintendent or designee.

“Alternative education program” means a school or separate class group designed to best serve students’ educational needs and interests and assist students in achieving the academic standards of the district and the state.

Proposals for alternative education programs shall include the following:

1. Goals;
2. Criteria for enrollment;
3. Proposed budget;
4. Staffing;
5. Location;
6. Assurance of nondiscrimination.

Proposals must be submitted to the superintendent or designee by agreement/terms for programs to be implemented the following school year. Proposals will be reviewed by the district. Contact the principal or district office for additional information on submitting proposals, the evaluation, and approval process.

Notification of Alternative Education

Policy Reference: IGBHC - Alternative Education Notification, ECA - Admission of Resident Students

Individual notification to students and caregivers regarding the availability of alternative education programs will be given semi-annually or when new programs become available under the following situations, as appropriate:

1. When two or more severe disciplinary problems occur within a three-year period. Severe disciplinary problems will be defined in the Student Code of Conduct;
2. When attendance is so erratic the student is not benefitting from the educational program. “Erratic attendance” means the student is frequently absent to the degree that the student is not benefitting from the education program as determined by the district;
3. When an expulsion is being considered;
4. When a student is expelled;
5. When a student’s caregivers or emancipated student applies for exemption from attendance on a semi-annual basis.

Individual notification shall be **hand-delivered** or sent by certified mail. Caregivers shall receive individual notification prior to an actual expulsion.

Notification shall include:

1. The student’s action;
2. A list of alternative education programs for the student;
3. The program recommendation for the student based upon the student’s learning styles and needs;
4. Procedures for enrolling the student in the recommended program.

The district will not provide alternative education programs for students expelled from another district for violations of applicable state or federal weapon laws.

ANIMAL DISSECTION

Policy Reference: INI - Animal Dissection

In courses including animal dissection, a student may request alternative coursework rather than participate in dissection activities on an animal. The district will provide alternative materials and methods of learning the course curriculum. A student will not be penalized for exercising this option for alternative instruction.

ANIMALS IN THE SCHOOL

Policy Reference: ING - Animals in District Facilities

Only service animals, as defined in the Americans with Disabilities Act, serving persons with a disability or animals approved by the superintendent that are part of an approved district curriculum or cocurricular activity are allowed in district facilities.

Approved animals must be adequately cared for and appropriately secured. Only the teacher or students designated by the teacher are to handle the animals. If animals are to be kept in the classroom on days when classes are not in session, arrangements must be made for their care. Animals, except those service animals serving persons with a disability, may not be transported on a school bus.

ASBESTOS

Policy Reference: EB - Safety Program

The district has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having its buildings inspected by accredited inspectors and the development of a management plan for the control of this substance.

The management plan is available for public inspection in the district office.

The business manager serves as the district's asbestos program manager and may be reached for additional information.

ASSESSMENT PROGRAM

Policy Reference: IL – Assessment Program

The district's assessment program shall be designed for the purpose of determining district and school program improvement and individual student needs including the requirements of the Oregon Administrative Rules. Assessments shall be used to measure the academic content standards and to identify students who meet or exceed the performance standards adopted by the State Board of Education.

A caregiver on behalf of their student or an adult student may annually opt-out of taking a statewide summative assessment by completing and submitting ODE's opt-out form to the school. The district shall provide the required notice and necessary forms for opting out of the statewide assessments to the student. The district shall provide supervised study time for students who are excused from participating in the assessment.

The act of student-initiated test impropriety is prohibited. A student that participates in an act of student-initiated test impropriety will be subject to discipline. "Student-initiated test impropriety" means

student conduct that is inconsistent with the Test Administration Manual or accompanying guidance; or results in a score that is invalid.

ASSIGNMENT OF STUDENTS TO CLASSES

Policy Reference: JECD - Assignment of Students to Classes

Students are assigned to classes based on the individual needs of the student, staffing, and scheduling considerations. Caregivers' requests to place a student in a particular class may be submitted to the principal or a counselor prior to June 1 of the school year in question, or no later than six weeks prior to a semester break during a school year. Requests to change a student's assigned class must be directed to the principal. Final decisions are the responsibility of the principal or designee.

RGS: Caregivers will have the opportunity to provide input on class assignments in the spring. The input should be received no later than June 1 for the following school year. Requests to change a student's assigned class must be directed to the principal. Final decisions are the responsibility of the principal or designee.

RHS: At Riverdale High School, students will participate in forecasting classes in the spring prior to the school year in question. Following forecasting, they will be placed in courses based on individual needs, course availability, and personal preference in coordination with their caregivers. Course changes may take place up to 3 days after the start of the trimester with caregiver, teacher, and principal approval. Changes following that 3 day period will only be granted for extenuating circumstances. Final decisions are the responsibility of the principal or designee.

ASSIGNMENT OF STUDENTS TO SCHOOLS

Policy References: JECF – Interdistrict Transfer of Resident Students & JECBD - Homeless Students

An interdistrict transfer of a resident student will be permitted, as appropriate, to meet the requirements to provide a safe public school choice in the Every Student Succeeds Act (ESSA).

Caregivers of students considering private placement for IDEA or Section 504 services must notify the district in advance before privately placing their student, or else potentially forfeit any right to reimbursement or prospective payment for that placement. Many students who are unilaterally placed by their caregivers are sometimes placed when they are not yet identified under the IDEA or Section 504 of the Rehabilitation Act.

ATTENDANCE

Policy Reference: JEA - Compulsory Attendance

All students between the ages of 6 and 18, who have not completed grade 12, are required to regularly attend a public full-time school, unless otherwise exempted by law. Staff will monitor and report violations of the state compulsory attendance law. All students five years of age who have been enrolled in a public school are required to attend regularly.

A caregiver will be issued a notification, in writing and in the native language of the caregivers, and in accordance with law, the superintendent or designee will conduct a conference with the non attending student and their caregivers(s) to discuss attendance requirements. At this time, the caregiver has the right to request an evaluation to determine if the student should have an individualized education program (IEP) or a review of the student's current IEP.

Any person having legal control of a student between the ages of 6 and 18, who has not completed the 12th grade, and who fails to send a student to school after receiving notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student's failure to attend school. Failure to send a student to school may be a Class C violation of law and is punishable by a court imposed fine.

Additionally, a caregiver or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required. Failing to supervise a child may be a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a caregivers effectiveness program approved by the court and/or a fine.

Absences and Excuses

Policy Reference: JED Student Absences and Excuses, JEF - Release Time for Religious Instruction, IGBHD - Program Exemptions & JEDA – Truancy

When returning to school after an absence, the caregiver must inform the school of the reason for the absence. A student's absence from school or class will be excused under the following circumstances:

1. Illness, including mental and behavioral health of the student;
2. Illness of an immediate family member when the student's presence at home is necessary;
3. Emergency situations that require the student's absence;
4. Student is a dependent of a member of the U.S. Armed Forces¹ who is on active duty or who is called to active duty. The student may be excused for up to seven days during the school year;
5. Field trips and school-approved activities;
6. Medical or dental appointments. Confirmation of appointments may be required, specifically if the student wishes to participate in athletics or other activities on the same day;
7. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

Each school shall notify a caregiver or guardian by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone or another method identified in writing by the caregivers or guardian. If the caregivers or guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal or religious considerations.

A student who must leave school during the day, must bring a note from their caregiver. A student who becomes ill during the school day should, with the teacher's permission, report to the school nurse/front office. The school nurse or designee will decide whether or not the student should be sent home and will notify the student's caregivers, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Caregivers should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignment.

¹ U.S. Armed Forces includes the Army, Navy, Air Force, Marine Corps and Coast Guard of the United States; reserve components of the Army, Navy, Air Force, Marines Corps and Coast Guard of the United States; and the National Guard of the United States and the Oregon National Guard.

Absenteeism will not be used as a sole criterion for the reduction of grades. Participants must be in attendance for the entire school day in order to practice or play in a contest. Absences for part of the day due to doctor's appointments or school activities are permitted. Proof of appointment (note from doctor) must be submitted. Other exceptions must be cleared through the principal or designee.

Truancy

Policy Reference: JEDA – Truancy

A student who is absent from school or from any class without permission will be considered truant and may be subject to disciplinary action including detention, suspension, or ineligibility to participate in athletics or other activities.

CLASS RANKING

In the interest of encouraging and recognizing outstanding academic achievement, a valedictorian and a salutatorian will be selected for each graduating class.

The district's valedictorian and salutatorian may be permitted to speak as part of the district's planned graduation program at the discretion of the principal or designee. All speeches must be reviewed and approved in advance by the principal or designee. Titles and privileges granted to students designated as valedictorian or salutatorian may be denied and/or revoked for violation of Board policy, administrative regulation or school rule.

The valedictorian and salutatorian will be selected according to the following procedure:

1. The valedictorian will be the student earning a Riverdale Diploma that has attempted at least 10 Honors (H) courses with the highest grade point average as computed at the end of eleven trimesters of high school work;
2. The salutatorian will be the student earning a Riverdale Diploma that has attempted at least 7 Honors (H) courses with the second highest grade point average as computed at the end of 11 trimesters of high school work;
3. In case of a tie for valedictorian, the first tie-breaker will be the number of Honors courses completed, and the second will be numbers of A+ earned. A further tie will result in co valedictorians;
4. In case of a tie for salutatorian, the first tie-breaker will be the number of Honors courses completed, and the second will be numbers of A+ earned. A further tie will result in co-salutatorians;

5. Foreign exchange students will not be considered in computing class rank and, therefore, will not be eligible for any academic honors;
6. To be eligible for valedictorian or salutatorian honors, a student must be enrolled at Riverdale High School prior to and continuously following the 10th school day of the student's senior year.

Titles and/or privileges available to or granted to students designated as valedictorian or salutatorian may be denied or revoked for violation of Board policy, administrative regulation, or school rule.

CLOSED CAMPUS/OPEN CAMPUS

Due to an agreement with the local community, Riverdale High School is a closed campus. Anyone leaving before the official end of the activity will not be readmitted.

DISCIPLINE/DUE PROCESS

Policy Reference: JG - Student Discipline

A student who violates the Student Code of Conduct shall be subject to disciplinary action.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate, and to the extent practicable, that use approaches that are shown through research to be effective.

Disciplinary measures are applied depending on the nature of the offense and without bias. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug, or drug paraphernalia, alcohol- and/or tobacco-related offenses, or any other criminal act, they may also be referred to law enforcement officials. Violations of the district's weapons policy shall be reported to law enforcement when required by law.

No student will be subjected to corporal punishment.

Detention

Policy Reference: JGB - Detention of Students

A student may be detained outside of school hours for disciplinary reasons, provided the caregiver has been notified of the detention and, in the case of bus students, arrangements have been made for the student's transportation home. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged.

Discipline of Students with Disabilities

Policy Reference: JGDA - Discipline of Students with Disabilities

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a student without disabilities, the student's caregivers will be notified immediately (within 24 hours) of the circumstances of the misbehavior, the time, and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year, for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearing officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

Expulsion

Students may be expelled for any of the following circumstances: a) when a student's conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student's behavior have been ineffective, except that expulsion may not be used to address truancy; or c) when required by law.

The district shall consider the age of the student and the student's past pattern of behavior prior to imposing the expulsion. The use of expulsion of a student in the fifth grade or below, is limited to:

1. Nonaccidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administration's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or
3. When the expulsion is required by law.

No student may be expelled without a hearing unless the student's caregivers or the student, if 18 years of age, waives the right to a hearing, either in writing, or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year.

The district will provide appropriate expulsion notification including expulsion hearing procedures, student, and caregivers rights and alternative education provisions as required by law as part of the expulsion process.

Suspension

Policy Reference: JGD – Suspension

A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons: a) willful violation of Board policies, administrative regulations, or school rules; b) willful conduct which materially and substantially disrupts the rights of others to an education; c) willful conduct which endangers the student, other students, or staff members; or d) willful conduct which damages or injures district property.

The use of out-of-school suspension for discipline of a student in the fifth grade or below, is limited to: a) nonaccidental conduct causing serious physical harm to a student or employee; b) when a school administrator determines, based on the administrator's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or c) when the suspension or expulsion is required by law.

The district may require a student to attend school during non school hours as an alternative to suspension.

An opportunity for the student to present their view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission, and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the caregivers of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

School work missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, mid-term, and unit examinations without an academic penalty.

Official district publications include a yearbook at each school and yearly reports/newsletters from the district.

DRESS AND GROOMING

Policy Reference: JFCA - Student Dress and Grooming

Student dress choices should respect the District's intent to sustain a community that is inclusive of a diverse range of identities and protects the legally defined right to free speech in schools. The school district is responsible for seeing that student attire does not interfere with the health and safety of any student, that student attire does not contribute to a hostile or intimidating atmosphere for any student (as defined in the Riverdale School District Policy ACB G1 All Students Belong), and that dress code enforcement does not reinforce or increase marginalization or oppression of any group based on actual or perceived color, disability, ethnicity, gender identity, linguistic diversity, nationality status, neurodiversity, national origin, race, religious or spiritual beliefs, sexual orientation, size/body type, socioeconomic status or body maturity.

Responsibility for dress and grooming rests primarily with students and their parents; the district expects student dress and grooming to meet standards which ensure that the following conditions do not exist:

1. Disruption or interference with the classroom learning environment;
2. Threat to the health and/or safety of the student concerned or of other students.

Students who represent the school in a voluntary activity may be required to conform to dress and grooming standards and may be denied the opportunity to participate if those standards are not met.

DRUG, ALCOHOL AND TOBACCO PREVENTION PROGRAM

Policy Reference: IGAEB - Drug, Alcohol and Tobacco Prevention, Health Education

The possession, selling and/or use of illegal and harmful drugs, alcohol, tobacco products, and inhalant delivery systems are strictly prohibited. This includes substance abuse and drug paraphernalia. This prohibition applies during the regular school day and/or at any district-related activity, regardless of time or location, and while being transported on district-provided transportation. Students in violation of the district's policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct.

Drug, alcohol, and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students. The district has a fundamental legal and ethical obligation to prevent drug, alcohol, and tobacco use and to maintain a drug-free educational environment.

An intervention program to eliminate drug, alcohol, and tobacco use has been implemented throughout the district. As part of this program, an age-appropriate drug, alcohol, and tobacco prevention curriculum will be taught annually to all students.

The program also includes staff training in district procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically, and/or legally as a result of illegal drug, alcohol, and tobacco use.

Caregivers are encouraged to contact the school office for information on district and community resources available to assist students in need.

EDUCATIONAL EQUITY

Policy Reference: JBB - Educational Equity

The Riverdale School District is committed to the success of every student in each of our schools. For that success to occur, the District is committed to equity by recognizing and eliminating institutional barriers and creating access and opportunities that benefit each student. “Achieving equity” means students’ identities will not predict or predetermine their success in school. Toward this end, the District adopted an Anti-Racism Resolution, which serves as a pillar to actualizing this through an anti-racist and social justice lens as we serve every student in our schools. The district has also adopted a Bias Incident Complaint Procedure as part of the All Students Belong Policy, which establishes what constitutes a bias incident and outlines a procedure for handling incidents. All students are entitled to a high quality educational experience, free from discrimination or harassment based on actual or perceived: color, disability, ethnicity, gender identity, linguistic diversity, nationality status, neurodiversity, national origin, race, religious or spiritual beliefs, sexual orientation, size/body type, or socioeconomic status.

Educational equity is based on the principle that each student receives what is required for them to achieve success with regard to allocation of resources, opportunity, treatment, and access.

If the student is too ill to remain in school, the student will be released to the student's caregivers or to another person as directed by caregivers on the student's emergency form.

School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student's caregivers whenever the student has been transported for treatment.

Policy References: FCEA - Gang Activity & JFCM - Threats of Violence

The presence of gangs and the violent activities and drug abuse that often accompany gang involvement can cause a substantial disruption of school, district activities, and a student’s ability to meet curriculum and attendance requirements.

A “gang” is defined as any group that identifies itself through the use of a name, unique appearance, or language, including hand signs, the claiming of geographical territory, or the espousing of a distinctive belief system that frequently results in criminal activity.

In an effort to reduce gang involvement, the district encourages students to become involved with district-sponsored clubs, organizations, and athletics; to discuss with staff and district officials the negative consequences of gang involvement; to seek the assistance of counselors for additional guidance and district; and to access community resources that offer support to students and alternatives to gang involvement.

No student on or about district property or at any district activity shall wear, possess, use, distribute, display, or sell any clothing, jewelry, emblem, badge, or any other such symbol evidencing gang membership or affiliation. No student shall use any speech, either verbal or nonverbal (i.e., gestures, handshakes, etc.) signifying gang membership or affiliation.

No student shall solicit other students for membership in any gangs nor commit any other illegal act or other violation of district policies.

Students in violation of the district's gang policy will be subject to discipline in accordance with the district's Student Code of Conduct.

GRADE CLASSIFICATION

Policy Reference: IKF - Graduation Requirements

Three twelve-week terms comprise RHS's school year. Each one-term course earns .5 credits. Students take five classes each term. Students are awarded credit for successful demonstration of knowledge and skills that meet or exceed defined levels of performance.

After the ninth grade, students are classified by grade level according to the number of units of credit earned toward graduation.

Units of Credit Earned Grade Placement*

6	10 (sophomore)
12	11 (junior)
18	12 (senior)

* Based on the state minimum of 24 credits.

Riverdale Diploma Graduation Requirements

A Riverdale diploma currently requires 28 credits for graduation. This is four more credits than is required by the state. Required areas of study in obtaining the necessary credits for graduation are as listed below. Fractional credits may be allowed.

English (4 credits)	Math (4 credits)
Science (4 credits)	World language (2 credits)
Art (4 credits)	Health (1 credit)
PE (1 credit)	Electives (3.5 credits) 80 hours of service
Senior Exhibition (.5 credits)	Pass state-required essential skills assessment
History (4 credits)	

Service Learning at RHS

Students must complete and document a four-year total of 80 service hours. Hours can be earned for high school from mid-June prior to freshman year, to June 5th of the student's senior year. Summer experiences do count. Service hours must meet the following criteria:

- Forms for hours must be submitted by the following dates, each year: summer hours due by Sept. 15, school year hours by the last day of school for students, and senior final tally for graduation due by May 15.
- Only thirty of the 80 hours can be fulfilled with activities within the Riverdale School District.
- Paid experiences, National Honor Society service, service for family or for-profit organizations are not accepted.
- No more than 40 hours can be awarded to a single activity or organization for the 80-hour requirement, unless an exception is approved by the principal.
- Students may complete all of their service hours in one year. Colleges like to see a consistent commitment across four years, however. (Recommended targets: Freshman 15 hrs., Sophomores 20 hrs., Juniors 25 hrs., Seniors 20 hrs.)
- Hours beyond the required 80 should be submitted to the student's service file, so they can be noted in college recommendations. Our Senior awards ceremony acknowledges extraordinary service by providing a service cord for graduation.
- For hours to be accepted, completed forms signed by the supervisor of the service must be submitted to the school office. Parents cannot sign for hours if a formal supervisor was available.

GRADE REDUCTION/CREDIT DENIAL

Policy Reference: KAD - Grade Reduction/Credit Denial

Punctual and regular attendance is essential to the academic success of students. District staff may consider a student's attendance in determining a grade reduction or credit denial, though attendance will not be the sole criterion used. Such decisions will not be based on nonattendance due to religious reasons, a student's disability, or an excused absence, as determined by district policy.

At the beginning of each school year or course, teachers will inform students and caregivers how attendance and class participation are related to the instructional goals of the subject or course.

Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than for academic reasons.

GRADUATION REQUIREMENTS

Policy Reference: IKF - Graduation Requirements

The Board establishes graduation requirements for the awarding of a high school diploma, a modified diploma, an extended diploma, and an alternative certificate, which meet or exceed state requirements.

A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than 4 years if consent is received by the student's caregiver or guardian or by the student if they are 18 years of age or older or emancipated.

Students will have onsite access to the appropriate resources to achieve a diploma, a modified diploma, an extended diploma, or an alternative certificate at each high school. The district will provide age-appropriate and developmentally appropriate literacy instruction to all students until graduation.

The district may not deny a student the opportunity to pursue a diploma with more stringent requirements than a modified diploma or an extended diploma for the sole reason the student has the documented history listed under the modified or extended diploma requirements.

The district may award a modified diploma or an extended diploma to a student only upon the written consent of a student who is emancipated or who has reached the age of 18 at the time the modified or extended diploma is awarded, or the student's caregivers or guardian. The district shall receive the written consent during the school year in which the modified diploma or the extended diploma is awarded.

A student shall have the opportunity to satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in the later of 4 years after starting the ninth grade, or until the student reached the age of 21, if the student is entitled to a public education until the age of 21 under state or federal law.

⁴{ HB 2052 (2021) requires that districts allow students to wear Native American items of cultural significance to graduation and other school events. Districts can choose to allow students to wear items of significance to other cultures.} "Native American items of cultural significance" means items or objects that are traditionally associated with Native American or that have religious or cultural significance to a Native American.

⁵ The district may prohibit an item or object that: a) is likely to cause a substantial disruption of, or material interference with the graduation ceremony, or b) replaces a cap or gown customarily worn at a graduation ceremony.

A student may satisfy the requirements for a modified diploma, an extended diploma, or an alternative certificate in less than 4 years but not less than 3 years. To satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in less than 4 years, the student's caregiver or guardian or a student who is emancipated or has reached the age of 18, must provide written consent which clearly states the caregivers, guardian or student is waiving the fourth year and/or years until the student reaches the age of 21.

A student who qualifies to receive or receives a modified diploma, an extended diploma, or an alternative certificate will have the option of participating in a high school graduation ceremony with the student's class.

A student who receives a modified diploma, an extended diploma, or an alternative certificate shall have access to instructional hours, hours of transition services, and hours of other services that are designed to meet the unique needs of the student, and when added together provide a total number of hours of instruction and services that equals at least the total number of instructional hours that is required to be provided to students who are attending a public high school.

The district will award to students with disabilities a document certifying successful completion of program requirements. No document issued to students with disabilities educated in full or in part in a special education program shall indicate that the document is issued by such a program. When a student who has an IEP completes high school, the district will give the student an individualized summary of performance.

Eligible students with disabilities are entitled to a Free Appropriate Public Education (FAPE) until the age of 21, even if they have earned a modified diploma, an extended diploma, an alternate certificate, or completion of a General Education Development document. The continuance of services for students with disabilities for a modified diploma, an extended diploma, or an alternative certificate is contingent on the IEP team determining the student's continued eligibility and special education services are needed.

The district may not deny a diploma to a student who has opted out of the statewide assessment if the student is able to satisfy all other requirements for the diploma.

Students and their caregivers will be notified of graduation and diploma requirements.

INFECTION CONTROL/HIV, HBV AND AIDS

Policy References: EBBA - Infection Control and Bloodborne Pathogens & JHCC – Communicable Diseases - Students

Although HIV, AIDS, and HBV* are serious illnesses, the risk of contracting the disease in school is extremely low and generally limited to situations where non-intact skin or mouth, eye or other mucous membranes would be exposed to blood or any body fluids contaminated with blood from an infected person. Since any risk is serious, however, the district requires that staff and students approach infection control using standard precautions. That is, each student and staff member is to assume all direct contact

with human blood and body fluids is regarded as known to be infectious for HIV, AIDS, HBV, and/or other infectious diseases.

HIV, HBV, AIDS – Students

Policy Reference: JHCCA - Students - HIV, HBV and AIDS

The district recognizes that a caregiver (student) has no obligation to report an HIV, HBV, or AIDS condition diagnosis to the district.

If a student (caregiver) wishes to divulge such information and continues attending school, the district will meet with the student or representative to develop appropriate procedures.

Individuals with questions regarding these requirements of law or district procedures should contact their school.

MEDICATIONS

Policy Reference: JHCD/JHCDA - Medications

The district recognizes that administering a medication to a student and/or permitting a student to administer a medication to themselves, may be necessary when the failure to take such medication during school hours would prevent the student from attending school, and recognizes a need to ensure the health and well-being of a student who requires regular doses or injections of a medication as a result of experiencing a life-threatening allergic reaction or adrenal crisis⁶, or a need to manage hypoglycemia, asthma, or diabetes.

⁶ Under proper notice given to the district by a student or student's caregiver or guardian.

Students may be permitted to take medication and/or self-medicate at school, at school-sponsored activities, under the supervision of school personnel, and in transit to or from school or school-sponsored activities in accordance with Board policy and administrative regulations.

District-Administered Medication

Policy Reference: JHCA/JHCB and JHCD/JHCDA-AR

Request and caregiver permission for the district to administer prescription or nonprescription medication shall be made in writing by the caregiver or student, if the student is allowed to seek medical care without caregiver consent pursuant to ORS 109.610, 109.640 or 109.675.

Written instructions of the prescriber are required for all requests to administer prescription medication. Such instructions must include the following information: name of the student, name of the medication, dosage, method of administration, frequency of administration, any other special instructions, and the signature of the prescriber. A prescription label prepared by a pharmacist at the direction of a prescriber meets the requirements for written instructions from the prescriber, if the information above is included (excluding the signature).

Written instructions, which include the information above and the reason that the medication is necessary for the student to remain in school, are required for all requests to administer nonprescription medication (caregivers signature in place of prescriber signature).

All medication to be administered by the district is to be brought to school in its original container. Medication not picked up by the caregivers within five school days of the end of the medication period or at the end of the school year, whichever occurs first, will be disposed of by the district.

A request to the district to administer nonprescription medication that is not approved by the Food and Drug Administration (FDA) shall include a written order from the student's prescriber that meets the requirements of law.

In situations when a licensed health care professional is not immediately available, trained personnel, designated by the district, may administer epinephrine, glucagon, or other medications to a student as prescribed and/or allowed by Oregon law.

A process shall be established by which, upon caregivers' written request, a backup prescribed auto injectable epinephrine pen be kept at a reasonable, secured location in the student's classroom.

Self-Medication

Students in grades K-12, who are able to demonstrate the ability, developmentally and behaviorally, to self-medicate, are permitted to self-medicate prescription and nonprescription medication upon:

1. Written request and permission of the caregivers or student, if the student is allowed to seek medical care without caregiversal consent pursuant to ORS 109.610, 109.640, or 109.675; and
2. Permission from a building administrator and either a prescriber or registered nurse practicing in a school setting; and
3. Compliance with age-appropriate guidelines.

In the case of prescription medication, permission from the prescriber is also required. Such permission may be indicated on the prescription label. The instruction for a student to self-medicate will include an assurance that the student has been instructed in the correct and responsible use of the medication from the prescriber.

A student permitted to self-administer medication may be monitored by designated personnel to monitor the student's response to the medication.

All medication must be kept in its appropriately labeled, original container. The student's name is to be affixed to nonprescription medication.

A request to allow a student to self-administer nonprescription that is not approved by the Food and Drug Administration (FDA) shall include a written order from the student's prescriber that meets the requirements of law.

Students may have in their possession only the amount of medication needed for that school day, except for manufacturer's packaging that contains multiple dosage: in these situations the student may carry one package. Sharing or borrowing nonprescription or prescription medication of any kind is strictly prohibited.

Permission to self-medicate may be revoked if the student is found to be in violation of these requirements. Students may also be subject to disciplinary action.

Contact the school office for additional information and forms.

Naloxone

[⁷]Naloxone or any similar medication that is in any form available for safe administration and that is designed to rapidly reverse an overdose of an opioid drug may be administered by trained, designated personnel to any student or other individual on school premises who the person believes in good faith is experiencing an overdose of an opioid drug.

Premeasured Doses of Epinephrine

A premeasured dose of epinephrine may be administered by trained, designated personnel to any student or other individual on school premises who the person believes, in good faith, is experiencing a severe allergic reaction, regardless of whether the student or individual has a prescription for epinephrine.

CAREGIVER INVOLVEMENT

Education succeeds best when there is a strong partnership between home and school. As a partnership thrives on communication, the district asks caregivers to:

1. Encourage their students to put a high priority on their education and to commit themselves to making the most of the educational opportunities the district provides;
2. Keep informed on district activities and issues. The district/grade school/high school newsletters published weekly, "Back to School" nights in the fall and caregivers/PTC club meetings provide opportunities for learning more about the district;
3. Become a district volunteer. For further information contact your student's school;
4. Participate in district caregivers organizations. The activities are varied, ranging from graduation activities to the building's site council to District Affinity Groups, with its emphasis on instructional improvement.

⁷{ The district is not required to provide or administer this medication. }

CAREGIVER RIGHTS

Instructional materials used as part of the school's curriculum may also be reviewed by the student's caregiver(s).

Requests to review materials or to excuse students from participation in these activities, including any nonemergency, invasive physical examination or screenings administered by the school and not otherwise permitted or required by state law should be directed to the office during regular school hours.

PEDICULOSIS (HEAD LICE)

Policy Reference: JHCCF – Pediculosis (Head Lice)

A student with a suspected case of lice shall be referred to the school nurse or administrator for an assessment. The district serves talented and gifted students in grades K-12. Students will be identified based on:

1. Use of evidence-based practices that include a variety of tools and procedures to determine if a student demonstrates a pattern of exceptional performance and/or achievement that is relevant to the identification of TAG students under ORS 343.395.
2. Collection and use of multiple modes and methods of qualitative and quantitative evidence to allow appropriate members of a student's identification team to make a determination about the identification and eligibility of the students for TAG services, supports and/or programs; with no single test or piece of evidence eliminating a student from eligibility.
3. Use of methods and practices that minimize or seek to eliminate the effects of bias in assessment and identification of students from historically underrepresented populations including, but not limited to:
 - a. Students who are racially/ethnically diverse;
 - b. Students experiencing disability;
 - c. Students who are culturally and/or linguistically diverse;
 - d. Students experiencing poverty; and
 - e. Students experiencing high mobility.
4. Incorporate assessments, tools and procedures that will inform the development of an appropriate plan of instruction for students who are identified as TAG and describe how information from the assessments, tools and procedures used in the identification for TAG students will be used to support development of the plan of instruction.
5. Identify how the educational record under ORS 326.565 of the student being considered will document and reflect the record of the team's decision and the procedures and data used by the team to make the decision.
6. When a student is identified for TAG, the district shall inform parents of the programs and services available to their student and provide an opportunity for parents to provide input to, and discuss TAG instruction proposed for their student. The instruction provided shall be designed to accommodate the student's assessed levels of learning and accelerated rates of learning. Caregivers may request the withdrawal of their student from TAG at any time.

Appeals

A caregiver may appeal the identification process and/or placement of their student in the district's TAG program as follows:

Informal Process

1. The caregivers will contact the principal or designee to request reconsideration.

2. The principal or designee will confer or meet with the caregivers, and may include any additional appropriate persons, (e.g., principal, counselor, teacher), within five working days of the request. Information pertinent to the selection or placement or services will be shared.
3. If an agreement cannot be reached, the caregivers may initiate the Formal Process.

Formal Process

1. Caregivers shall submit a written request for reconsideration of the identification/placement to the principal within five working days of the conference identified in the informal process.
2. The principal shall acknowledge in writing the receipt of the request within five working days.
3. The principal and other appropriate administrators shall review the student's file and earlier decisions within 10 working days of the original request presented in the previous step. Additional data may be gathered to support or change the earlier decision. The caregivers may be provided an opportunity to present additional evidence.
4. If deemed necessary, a formal hearing will be conducted by the district hearings officer utilizing the appropriate procedures.
5. A decision will be made by the principal within 20 working days after receipt of the written request for reconsideration from the caregivers. The caregivers shall be notified of the decision in writing and the decision shall be forwarded to the superintendent.
6. The decision may be appealed to the Board; and
7. If the caregivers are still dissatisfied, they may file an appeal to the Deputy Superintendent of Public Instruction under Oregon Administrative Rules (OAR) 581-002-0001 - 002-0023. The district shall provide a copy of the OARs upon request.

In applying for a parking permit students will be notified that parking on district property is a privilege and not a right. Students will be notified that as a condition of parking on district property, district officials may conduct searches of vehicles upon reasonable suspicion of a policy, rule, and/or procedure violation.

Parking privileges, including driving on district property, may be revoked by the building principal or designee for violations of Board policies, administrative regulations, or school rules.

Student-Parent Reunification

In the event of an emergency or critical incident, Riverdale School District is accountable for the reunification of students with their parents or guardians. The Student- Parent Reunification is used to achieve successful reunification through an orderly process that maintains the chain of custody for every student.

If a reunification is necessary, parents and guardians will be notified. The school or district will use broadcast phone and email messaging to distribute information on what has occurred, where to report, and what to bring. Parents and guardians will be required to present valid ID to pick up their student(s). Do not go to the school to pick up your child unless you have been given instructions to do so. For more information, see the [Standard Reunification Method here](#).

Emergency Contact Information

The school must have a way to reach you in an emergency. Emergency contact information is entered at the beginning of each school year on the Student Verification of Enrollment Form. It is the responsibility of the parent/guardian to keep emergency information up to date. Emergency information can be updated via the ParentVUE system throughout the school year.

STUDENT THREAT ASSESSMENT TEAM (STAT) SYSTEM:

The system consists of the following levels:

- Inquiry -- School Principal consults with another member of the STAT team and determines the need for a Level 1 assessment.
- Level 1 -- A school-based Student Threat Assessment Team consisting of an administrator, SRO, school psychologist and/or school counselor, and case manager, if an incident involves a student with disabilities. The team may involve other participants in the Level 1 process and/or request consultation from the district STAT Coordinator
- Level 2 -- If the Level 1 team determines there is a need for further assessment, assistance in development of the Student Safety Management Plan, or concerns that cannot be addressed at the Level 1 then the case will be referred to the Level 2 team. Level 1 Teams will contact the STAT Coordinator/PSO to initiate the referral. The Plan Manager on the Level 1 team will present the case to the Level 2 team. Level 2 Teams are a panel of multi- agency members from the School District, local Law Enforcement, Multnomah County Mental Health, DHS, and Multnomah County Juvenile Department that assists school-based STAT members with threat management and identification of resources. Level 2 Teams do not case manage.

Levels of Intervention and Disciplinary Response

Each level of intervention and discipline in this section may include the strategies described below but is not in any way limited to those strategies or options that are specifically listed. School personnel have the discretion to use interventions and/or discipline that is deemed appropriate to the conduct.

Level 1: This level of support is intended to heavily focus teaching and coaching to encourage the student to fix or repair the problem. No office referrals accompany this level.

- a. Classroom Interventions and responses. Quality classroom instruction and management result in increased student engagement and decreased behavioral issues. These interventions aim to teach correct, alternative behavior so students can learn and demonstrate safe and respectful behavior. Teachers are encouraged to try a variety of teaching and classroom management strategies.
- b. School-Based Interventions. These interventions often involve support staff, both school-based and within the broader community, and aim to engage the student's support system to ensure successful learning and consistency of interventions and to change the conditions that contribute to the student's inappropriate or disruptive behavior.

Level 2: Intensive support and administrative staff interventions and responses

These interventions can involve the school administration and aim to correct behavior by stressing the seriousness of the behavior while keeping the student in school. This level includes parent notification and a minor or major referral. Corrective action focuses on repairing any harm done and resolving conflict.

Level 3: Suspension and referral responses

These interventions may involve the removal of a student from the school environment for up to ten days because of the severity of the behavior. The duration of the suspension, if issued, is to be limited as much as possible while still adequately addressing the behavior.

Suspension Process

Suspension (in or out of school) temporarily removes from a student the right of attending school or school activities and/or being on District school property. After reviewing available information, suspensions may be made by the principal. The length of the suspension shall be determined by the severity of the act and previous behavior of the student.

In all cases, an administrator will notify the parent/guardian by letter and, when possible, by telephone, and the procedure for reinstatement will be explained.

The period of suspension is not to exceed a maximum of ten (10) school days. In specific circumstances, a suspension may be continued until some specific pending action occurs such as physical or mental examination or incarceration by court action.

The use of out-of-school suspension or expulsion for discipline of a student in the fifth grade or below is limited to:

- a. Non-accidental conduct causing serious physical harm to a student or employee;
- b. When a school administrator determines, based on the administrator's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or

- c. When the suspension or expulsion is required by law.

Level 4: Expulsions.

These interventions involve the removal of a student from the school environment because of the severity of the behavior. They may involve the placement of the student in an alternative environment that provides additional structure to address behavior. These interventions focus on maintaining the safety of the school community and ending self-destructive and dangerous behavior.

Positive Behavior Interventions and Supports (PBIS) and Discipline

There is a shared commitment among the faculty and staff to create a school climate characterized by people who are responsible, respectful and safe. Toward this end, we have implemented a Positive Behavior and Intervention Supports

(PBIS) system, based on the notion of proactively teaching and reinforcing desirable student behaviors (responsible, respectful and safe), rather than merely reacting to inappropriate student behavior after it occurs.

The major objective of the Riverdale Grade School PBIS Program is to promote behavior that will enable the student to develop personal responsibility and self-discipline in order to be a productive and engaged student. School-wide classroom lessons referred to as “teach-tos” support our school-wide PBIS program. We strive to teach students the expected behaviors in all areas of the school. We also seek to recognize great learning behaviors with “Falcon Feathers,” or written acknowledgements.

We also value the use of Restorative Justice Practices and encourage students to repair or fix a situation when harm occurs. When harm occurs, individuals are encouraged to take responsibility and engage in a process that makes things right. Restorative Practices are based on principles and processes that emphasize the importance of positive relationships as central to building community and restoring relationships when harm has occurred (San Francisco Unified School District).

Falcon Feathers: Teachers and staff are watching for students who are displaying behavior that is responsible, respectful and/or safe. Also, staff teach and recognize the Habits of Mind and applaud the use of a growth mindset. When students are observed demonstrating the Habits of Mind or behaving in a responsible, respectful and safe manner they may receive a Falcon Feather. Students turn their copy of the Falcon Feather into the main office.

College Counseling

The College Counseling program at Riverdale High School seeks to empower students to find the right next step for their continued education through a process of self-reflection, research, and exploration of post-high-school options. Our goal is for students to find higher education institutions which will serve them well and which will offer them opportunities to thrive intellectually and socially. Our College Counselor offers a comprehensive college guidance program including classroom guidance lessons, test prep, individual and family planning, and college visits. We provide personalized attention, from detailed letters of recommendation to individual student and parent meetings, with targeted advice and guidance. We are the only public high school in the Portland metropolitan area to offer such in-depth and personalized college counseling.

Student Success Measures: College-readiness:

- Students complete college entrance requirements and a college preparatory curriculum
- Students complete college level/dual credit courses
- Students complete at least one full credit of Career Tech Education
- Students complete at least one college admissions exam

Career-readiness:

Students participate in at least one job, internship, apprenticeship, or job-shadow experience during their time in high school.

Continual personal learning:

Students record learning goals and report their progress towards achieving those goals.

Students' future plans:

Our School Counselor (Academic Advisor) works one-on-one with students to develop a Personal Education Plan, which explores future goals and creates a roadmap to success, linking students to appropriate coursework and outside learning activities that help them develop the knowledge and skills to achieve their goals.

Collaboration goal between students, teachers, and parents:

Families report that they feel informed and valued as active partners in their child's education.

Grading Policy

A-excellent	D-minimum passing	I - incomplete
B-above average	F-failure-no credit earned	P-credit earned
C-average		

During each term students will receive two grade reports – midterm progress reports and final term grades. Midterm progress reports do not carry credit. Final term grades do carry credit and are computerized in a student's four-year, cumulative grade point average (GPA). Riverdale assigns plusses and minuses.

Students receiving an Incomplete (I) at the end of the term must immediately make arrangements with their teacher to make up incomplete work. It must be completed within 10 school days of the end of the term. (Further information available upon request at the office.)

A+, A = 4.0

A- = 3.7

B+ = 3.3

B = 3.0

B- = 2.7

C+ = 2.3

C = 2.0

C- = 1.7

D+ = 1.3

D = 1.0

D- = .7

F = 0.0

P = Credit earned

I = Incomplete

The attainment of passing grades is the responsibility of the student. Teachers will complete midterm progress reports in an attempt to notify students and caregivers regarding academic concerns and will work with parents to communicate in the most effective and timely manner possible. Students are responsible for being aware of their level of achievement in classes. Students or caregivers should initiate periodic check-ins with teachers if there are any reasons to question the student's level of success. The midterm progress report is available through ParentVUE and provides a valuable resource for caregivers and students in determining academic progress before parent conferences in any given trimester.

Any mark below a "C" is reason to doubt successful completion of the course. Even average or better marks at progress report time can be misleading. If the student does not make minimal progress throughout the remainder of the term, a passing grade may not be possible.

Grade Appeals

Should you have any concerns about a grade received in a class, please first see your teacher and request clarification and an explanation of the grade. If you do not understand the explanation, schedule an appointment with the counselor for assistance with the problem. If the problem is not resolved, the principal will ultimately review all grade appeals.

Honors Option

Honors coursework is available to qualified students in all core classes (English, Art, Science, History, Math, World Language) and some electives. It is not a separate class, but an extension of the regular course. The Honors option encourages deeper thinking and provides greater challenge for students who are interested in and capable of such work. Students who wish to pursue Honors must be self-directed, able to meet deadlines and work independently. Honors work might include research, reading and writing, leadership and presentations, problem solving, scientific experimentation and investigation, community service, or independent projects.

Successful completion of Honors will be noted on a student's transcript with an "H" next to the course grade. Honors students must earn a grade no lower than B (the H will be dropped if the course grade falls below B). An H on the school transcript is valuable in college admissions, as it indicates that a student has taken the most rigorous route for that course. Also, the number of H's on transcripts may be used to determine Valedictorian and Salutatorian. To be enrolled in Honors, a student must submit an Honors contract no later than two weeks into a course. Before that date, teachers will post their Honors curricula on their Google Classroom sites and explain expectations. Caregivers, students, and teachers will sign the Honors contract. Students who continue to take Honors after conferences are expected to complete the Honors commitment. Given the natural period of adjustments to high school, ninth graders may elect Honors in no more than two (2) courses in their first term.

Homework Policy

Homework policies will be determined at each school site. Homework is assigned to provide students an opportunity to practice independently what has been presented in class, to improve the learning processes, to aid in the mastery of skills, and to create and stimulate interest. Whatever the task, the experience is intended to be complementary to the classroom process.

Teacher Expectations

Each teacher will provide a written syllabus (including such things as the quantity and frequency of homework, grading, and acceptance of late work) that will provide clear expectations for the course. Each teacher will post homework on the district-wide electronic portal, which can be found on the district website. Teachers are not required to create lessons that support vacation taken during the school year. Vacation absences risk the possibility of a lower grade.

Testing Expectations

Examinations and tests are essential tools in the evaluation of any student's academic achievement. So that integrity of the entire testing procedure can be maintained, the following shall not be permissible:

1. To give or receive assistance during an examination.
2. To use unauthorized notes or aids during an examination.
3. To obtain or divulge unauthorized answers or information prior to the test.

Failure to observe these guidelines may result in a grade of "0" for the test and a loss of credit for the class.
