- Students who are credit deficient but want to do well tend to do well at PLHS.
- We graduate an average of 200 PUHSD students per year…. over a hundred graduated this last year by March.
- Opportunities for credits are constant and flexible. There is no excuse for you not to graduate. One student in 2014/15 finished two years in 9 months. It is possible.

  - -I will communicate only with that device.
  - -WE must make the effort...together.
