CORE COURES: Your teachers may provide recommendations for you. Please talk with them to make sure you are properly placed. You can discuss the recommendations and options at your meeting with your counselor.

SELECTING YOUR ELECTIVES: You need to select at least 4 electives in order of your preference. It is good to have alternate electives in case there is a conflict with your 1st and 2nd choices. Every student must have a total of 6 courses entered. The pre-college curriculum requires two years (levels) of the same world language. If you take the 2nd level, this is considered as having the two years required. If you are not taking a World Language, we recommend that you continue a pathway.

TECHNICAL CENTERS ~ Eastside and Southside: These programs and pathways are described in the Program of Studies. If you choose to attend a technical center, you will spend ½ of each day at the technical center and ½ of each day at Henry Clay. Bus transportation is provided between Henry Clay and the technical centers. An application is required and is available online. However, you may also be required to choose one of your core classes at the technical centers as listed on the Subject Choice Card. Information and the application link is on the Henry Clay Scheduling website.

To Apply to the FCPS Career & Technical Centers, go to bit.ly/fcpscteapp and complete the application BEFORE March 1, 2023.

If you apply to Eastside or Southside, you must complete your subject choice card as if you are attending Henry Clay for a full day (6 classes). You will submit your application for these programs online. The Application link is available on the Henry Clay scheduling website. Once you are accepted, your high school counselor will contact you to adjust and finalize your 2023-2024 schedule at Henry Clay. You may also take one of your core classes at the technical center based on offerings listed on the Subject Choice Card.

HEALTH AND PE: 9th grade Fitness does not count toward the Health and PE requirement. Taking Health and PE during the summer is not required and it does require a fee for each. If you are taking Health and PE during the summer, you will need to discuss this with your counselor during your scheduling meeting. The past cost of summer Health and PE was \$160 for PE and \$125 for Health. Reduced lunch students paid \$100 for PE and \$80 for Health. Free lunch students paid \$75 for PE and \$60 for Health. These fees may change, but we will notify you before registration if there are changes. **Make sure you complete the online form on the scheduling webpage to receive information about registration.**
