STOP PRESS! GRAND FINAL CHAMPIONS

Sunday 26th February 2023 is a day to go down in TEMIS history.

TEMIS Netball Team 1 played in their first ever Grand Final and became CHAMPIONS. Beginning their campaign in October last year, Team 1 have been training hard, playing hard and working their way towards playing the PCNC Grand Final. In February, they topped their division and after winning their Semi Final they moved straight into the Grand Final. Training sessions increased in intensity to make sure they gave themselves the best possible chance to come out on top - one last time. On Sunday it all became worth it. In a hard fought battle with the team from Post PNG they were the winners - 10 goals to 7. Humble in victory, they congratulated their opponents on a hard played game, they recovered and waited for the presentation ceremony. Popular winners, a huge cheer went up when they were named Division 10 Champions and were presented with their Gold Cup Trophy and winners medals. An awesome day was made even better when Team 1 defender Jacklyn Lahari was named Division 10 MVP- Most Valuable Player- for the whole competition. Team 1 would like to thank those who have supported them this season, especially those who have turned up week in, week out to cheer them on. A special thanks must also go to Mr James Masa, for his encouragement and support through the Grand Final process. Now it is time to rest and recuperate and begin preparing for next season. Go TEMIS!

A big thank you to the Parent Group and to all of our parent volunteers who gave their time to bake and help out on the stalls with the PG bake sale. These events are always looked forward to at school and are a way to bring our school community together whilst raising money for a worthy cause.

ELC News

The Reception Classes in preschool have been developing good listening skills. They have been listening to their teachers telling them familiar stories using lolly stick puppets as prompts. After listening to their teacher modelling the retelling of 'The Hungry Caterpillar' the children used the puppets to tell the story in their own words. They also had fun sequencing the story with their friends using story cards.

As part of the continuation of the whole group project the children have been looking at "I am who we are" as it is the beginning of the school year. Thery have been manipulating a variety of resources to explore what makes us different or unique. They had lots f fun using playdough and natural materials as well as 2D shapes to make their self-portraits.

The staff and children at the ELC are always creative in their use of natural resources. This combined with curious imaginations make for a time old favourite activity of making potions and perfumes.

Some of the children in the Kanai group made a collection of natural materials of their choice during outdoor play time with a little bit of colored water and glitter to make it more exciting.
