Murray News

The Grade 4 students had an unforgettable experience on their trip to Nature Park. The park provided a breathtaking display of flora and fauna, from majestic trees to colorful butterflies. The students learned about how the park implements the 3Rs - Reuse, Reduce, and Recycle - to protect the environment. The trip not only opened their eyes to the beauty of nature but also inspired them to make a positive impact on the environment. With the tour and education talk about how to apply the 3Rs, they had the opportunity to sketch and brainstorm ideas for their Life-Size Sculpture, which will be created using recyclable materials in Weeks 7 and 8. This exciting project will allow the students to unleash their creativity and develop their problem-solving skills. Overall, the Grade 4 trip to Nature Park was an enriching experience that the students enjoyed.

Celebrating that special kind of love...

A big thank you to our wonderful Parent Group and all of their volunteers for organizing this special occasion, with the help of the class teachers and the Art Teacher

What a wonderful way to celebrate the amazing ladies in our lives who give us so much love! This afternoon children delighted in helping their mums and guardians to find their art work inside the memorable display.
