Term 2 Week 6 Friday 26th May , 2023

Gearing Up For World Environment Day...

With World Environment day coming up we have already started to think about how we will approach our teaching and learning for this year's theme: Beat Plastic Pollution. This year we are going to be asking all children, from the ELC to Grade 5 to work on a project to bring into school. The Grade 6-8 students will be working on their activities in class.

The ELC children will be asked to bring in a piece of art that has been created using recycled materials at home. They will be asked to bring them in to school in week 8 for a class show and tell and to display their ideas.

Working on projects such as this has many benefits across the ages. Children may be working collaboratively with an adult, or independently, listening to and sharing ideas, learning new vocabulary. We all know the importance of looking after our environment; this special event helps us all to discuss ways in which we can do that. Our children will be developing the understanding of the concept of responsibility that we humans have in looking after our environment and keeping the world a safe and sustainable place

Reduce , Reuse and Recycle.

Children of all ages are able to think about the rubbish we create in our everyday lives. What actually happens to that rubbish? They are all able to think of ideas, start discussions and begin asking probing questions. Having a project at home can help generate new discussions. What can we do at home in order to have a beneficial impact? What can recycling mean to our children here? How many ways can we recycle? For many children it could be a simple as passing on toys and clothes they do not need to others to use.

Please send in your recyclables!

We are pretty good at turning trash into treasure- especially in the Early Learning Centre. Many ELC parents are often delighted that they send in boxes and packages and later see them returned back with that special, imaginative, added value! We are currently running high in imagination and low in recyclables across the school so please bring it all in and let us recycle and reuse as much as we can. Thanks for your support!

ELC– Terrific Tuesday

Next week on Tuesday we will be having a tea/coffee morning open to all ELC parents who would like to come and meet other parents and chat about the ELC. We invite parents to spend some time with their child in their classes from 7.30am onwards. At 8.15am head to the white gate behind the preschool cubbies for a cuppa and a biscuit before heading off. Hope to see you there.

ELC- Craft Market

This weekend the TEMIS craft market will be held on the TAFE carpark. You can head down to the ELC and park in the carpark there. Lots of beautiful arts and crafts on sale in a safe and friendly environment. Have a browse, a hotdog and check out the cultural dancing which starts at 11am. **Lukim yu !**

Contact us:

When your child is ill, late to school or out of uniform, please inform us by writing a small note to the teacher.in their daily planner, filling out the sick note on School Stream or for ELC, contacting the office.

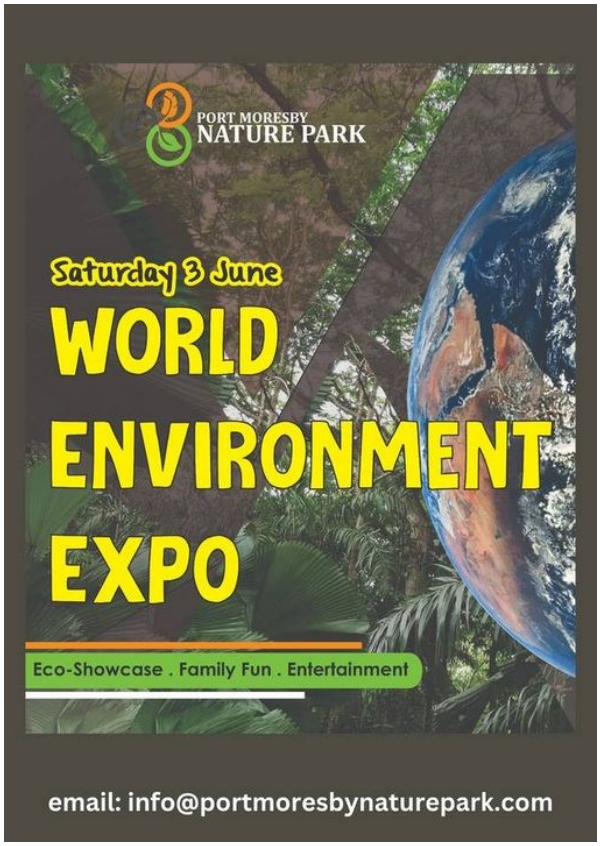

Our email addresses consist of the initial of the person's first name, followed by the surname and then @temis.iea.ac.pg.

E.g. wedwards@temis.iea.ac.pg

Community Events

Do you know of any events happening in our community for World Environment Day? We would you like to share them with us. Send to apheby@temis.iea.ac.pg

Want some inspiration for your projects? Why not have a look at the massive sculptures by artist Jessica Lumb at the Nature Park. Read about her story here for the Trash to Treasure project.

Murray Weekly Awards

A massive well done to our long list of those who received special awards for their extra efforts this week!

Prep

Israel Mukandi – Prep AL

Prajeen Varnaraj – Prep AS

Louise Campan – Prep SK

Grade One

Liam Pongi – 1M

Harper Crowley – 1IR

Viviaan Shashank Swan – 1R

Grade Two

Mika Tabuchi – 2A

Daniel santos – 2E

Tyler Foung – 2K

Grade Three

Sapphire Yando – 3A

Eunice Y Akop – 3B

Hannah Leathley – 3V

Grade Four

Caleb Tan – 4A

Liliana Dula – 4O

Lachlan Toka – 4T

Grade Five

Paul Kambu – 5K

Odette Huxley in 5S

Bronze Certificates:

Savannah Faunt

Hannah Leathley

Safiyyah Sarah Cheah

Milford Akop

Jonah Rumints

Silver Certificate:

Olivia Regione

Well done everyone!
