

Art Club

West Mesa Club Info & Contact Sheet

Welcome to Art Club! This club is where students can explore, share, and develop art skills without being in a class. If you are interested in making art of all kinds, and working with other artists, this club is for you! We will be sharing ideas of how to be creative, and supporting each other in our art making processes as well as learning how to get involved with our local artists. All art styles welcome!
