### Other Important Information:

We have two assessment tools for both reading and math that we will be using K-5<sup>th</sup> grade called FastBridge and iReady. We believe these tools will help us identify specific skills that students may need additional support to master. We will assess 3-4 times during the school year, starting the 3<sup>rd</sup> week of school.

# Elma Elementary School Parent Involvement Plan 2019-20

*Elma Elementary is a Title I School-wide  
school*

## OUR GOAL

Elma School District is committed to the goal of providing a quality education for every child in our district. We believe it is vital to create and maintain a partnership between parents and the community. We encourage parents to take an active role in their student's school activities and programs. Elma School District's Title I/LAP programs will:

- **Hold at least one informational meeting per year to inform parents about Title I or LAP programs.**
  - ✓ These meetings will be offered at flexible times and days to ensure the greatest possible parent attendance. If necessary transportation and childcare may be provided.
- **Involve parents in an organized, ongoing, and timely way in the planning, implementation, and review of the school's Title I or LAP program will include:**
  - ✓ Parent Involvement Plan
  - ✓ Student Learning Plans
  - ✓ Compacts
  - ✓ School Improvement Plan.

- **Provide Parents of Participating children with:**
  - ✓ Timely information about Title I and LAP programs.
  - ✓ School performance results
  - ✓ Their child's individual student testing results, and an explanation of those results.
  - ✓ A description and explanation of the curriculum in use at the school, the tests used to measure student progress, and the skills needed for their child to be at grade level.
  - ✓ A description of a parent's right to know about the program and school choice.
  - ✓ Opportunities for parent education about how to help their children succeed in school.

- **Continue Our Commitment to:**
  - ✓ Providing parents with opportunities to give input regarding the program and parent education needs, to share experiences with other parents, and participate in decisions that apply to the education of their children.
  - ✓ Providing the support needed to help schools in planning and doing a good job of parent involvement. Including a title I/LAP parent as a part of the school's Title I advisory team and/or site council.
  - ✓ Continually improving the schools' and parents' methods for creating and encouraging strong parent involvement; including informing parents of opportunities for involvement via district website, school newsletters, and flyers.
  - ✓ Working together with other programs to combine and share parent involvement ideas: PTA meetings, transition meetings, school activity and curriculum nights.
  - ✓ Evaluating the success of the Parent Involvement Plan each year with input from parents. Review the plan to show the amount and access of parent involvement activities.
  - ✓ Using the evaluation results to revise the plan as needed. Invite parents to help plan and schedule events for the upcoming year.
