WHAT HAPPENS IF VOTERS DO NOT APPROVE?

The district will continue with budget cuts* that will negatively impact students and the reputation of the district overall. These include:

- Increase class sizes
- Eliminate middle school athletics and activities
- Reduce 30-35 full-time staff positions
- Reduce high school athletics and activities

*These are possible options for future cuts. Actual cuts will be determined by the School Board and no formal decisions have been made at this time.

ELECTION DAY | NOVEMBER 8, 2022

Prepared and paid for by Independent School District No. 885 (St. Michael-Albertville), 11343 50th Street NE, Albertville, MN 55301. This publication is not circulated on behalf of any candidate or ballot question.

STRONG SCHOOLS = STRONG COMMUNITIES

On November 8, 2022, STMA will ask taxpayers to consider an operating levy. This is a predictable and sustainable source of local revenue that focuses on students and the classroom.

WHY?

While STMA schools are a big point of pride in our community, our district faces pressing financial challenges due to forces largely out of our control. Low state funding and stabilizing enrollment, exacerbated by the pandemic, have created an unforeseeable combination of multiple short-term and long-term impacts to our budget.

WHAT WILL BE ON THE BALLOT?

Over the last few months, we listened and significantly adjusted our ask of taxpayers. However, our needs remain and we will be asking for considerably less than what we requested in November 2021.

Two levy questions give taxpayers a choice in how our schools are funded and what they can afford.

Q1: \$756 per student, which would generate approximately \$5.2 million per year.

- Maintains current programming
- Restores the walk zone
- Adds 8 staff to decrease class sizes

Q2: An additional \$102 per student for a total of \$858, which would generate approximately \$5.9 million per year.

- Includes all items in Q1
- Restores high potential programming
- Reduces middle and high school activity fees
- Adds 7 staff to decrease class sizes (15 total staff)

*Q2 is contingent on Q1 passing

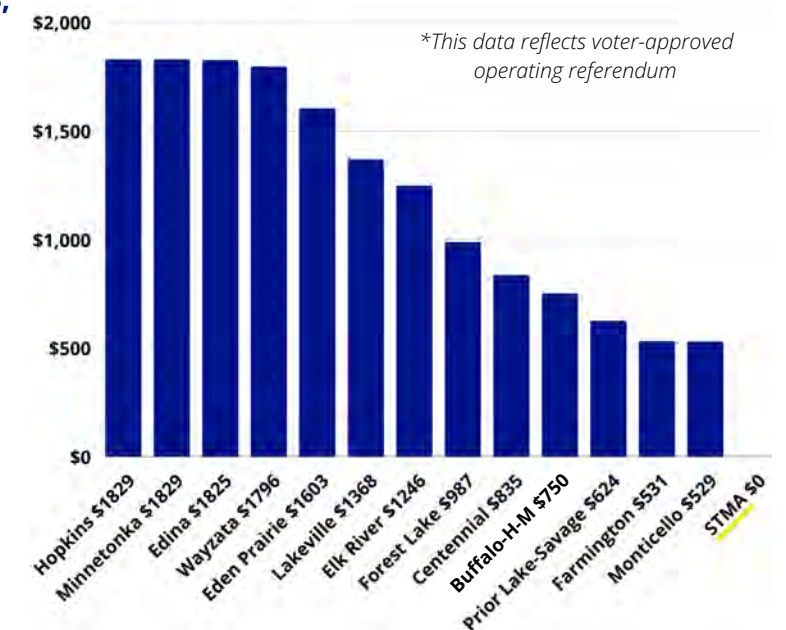

4 years: We are asking taxpayers to commit to a relatively short period of time so we can reassess student needs in the future when the economy is more stable.

No Inflationary Factor: Since inflation is at very high levels, it will not be included.

On November 8, 2022 STMA taxpayers will vote whether to increase school funding to support the district's students and schools through two operating levy questions. If approved, the funding would directly impact students.

Official ballot language can be confusing but is a state mandate. Please use this helpful descriptor to better understand what the language means and how it impacts students.

Funds would directly impact students by decreasing class sizes and maintaining high quality programming.

The majority of MN school districts rely on locally approved levies to help fund their schools. STMA does not have a voter approved operating levy.

If voters approve the levy, the state would provide approximately \$1m to the district annually through state equalization aid. The additional money will only come to STMA if voters approve the levy.

If approved by voters, the tax impact on the average homeowner would be \$46 per month.

Levies are for learning and bonds are for building. These questions are levies and would be spent on students.

Unlike cities and counties, school districts must gain voter approval to help fund their schools.

Funds would directly impact students by decreasing class sizes and maintaining high-quality programming.

If approved by voters, the tax impact on the average homeowner would be an additional \$8 per month. If both questions are approved, the total tax impact would be \$54 per month.

Question 2 is contingent upon Question 1, which means Question 1 must pass before Question 2 can be approved by voters.
