

## **AP US History Summer Work Suggestion**

Dear APUSH Students,

Mr. Shelton is recommending that all students complete the following Gilder Lehrman Institute of American History course this summer. Information for the course and registration is below. The course consists of 6, hour-long sessions. Students must attend 5 of the sessions to earn a certificate of completion for the course.

Students completing the course will receive a certificate they can turn in to Mr Shelton at the start of the new year. He is offering 1 free quiz and 10 points of extra credit towards any additional assignment of your choice as a reward for attending. This is in addition to the valuable information you will learn to help prepare you for the AP US History course and AP Exam next May.
