WHERE CHRISTIAN ATHLETES COME TO COMPETE

OUR COMMITMENT

As Christians we believe we are commanded by Scripture to always do our best. We have the responsibility to nurture and develop the talents God has given us. Our coaches are Christian men and women who are active members of a Christian church and fully support the mission of the school. Coaches are competent in their ability to lead and to teach the skills and strategies of the game. Coaches can be one of the most influential people in a student-athlete's life. They have the responsibility not only to teach the sport, but more importantly to serve as role models and to influence young lives for Christ.

OUR EXPERIENCE

More than 70 percent of AACs middle, and upper-school students participate in sports. The success of our program is fueled by an outstanding coaching staff, one that cares deeply about its players' growth: physically, intellectually and spiritually. Many of our coaches are also teachers, allowing AACs students to benefit from their relationships with faculty in the classroom as well as on the field creating well-rounded connections with their teachers and coaches.

OUR PROGRAMS

We believe that competition not only builds character, but it also reveals character. We intend to glorify God in all we do, both in and out of competition, through the good times and not so good times, using teachable moments to help sharpen the faith of our student-athletes. Our goal is to equip our student-athletes with a strong sense of faith and a close connection with Jesus Christ so that our boys and girls will become men and women of empathy and integrity, who will lead, be responsible and help change the world for good. Students have access to the weight room at the upper school campus at scheduled times after classes. Our upper-school athletic teams compete in the MIAA (Maryland Interscholastic Athletic Association) and the IAAM (Interscholastic Athletic Association of Maryland) varsity and junior varsity conferences.

SPORTSMANSHIP, CHARACTER, CHRIST-CENTERED COMPETITION
