

Position: Middle School Science Teacher - **Maternity Cover**
Division: Middle School
Reports to: Secondary Principal

We anticipate this position requiring coverage from November 25, 2023-until the second week of March or April

At UNIS Hanoi we value cultivating *personal and academic excellence* through:

- *Our approaches to teaching and learning*
- *Concept-based, disciplinary and transdisciplinary teaching*
- *Varied assessment strategies to allow students to showcase their strengths and progress*
- *Strong connections and relationships between students, colleagues and parents*

Secondary School Teacher Responsibilities:

- Uphold the mission, vision, values and strategic directions of the school and its commitment to diversity, equity, inclusion and social justice
- Mentor a group of students (Homebase/advisory) to foster student well-being and to build a nurturing and supportive community
- Share in the overall responsibility for the academic progress, personal development, health and safety, and well-being of students
- Use a restorative-justice framework to support students' pastoral growth
- Provide a differentiated program of instruction that incorporates high expectations for all learners
- Plan for, assess, and report student learning and progress within the IB MYP framework
- Provide timely communication to parents
- Contribute to the co-curricular life of school
- Demonstrate our value of curiosity through the pursuit of professional development and other internal or external growth opportunities

Skills and Dispositions:

- A spirit of collaboration both within and across multiple departments
- Ability to communicate with various stakeholders (students, parents, admin, learning support, counsellors) about student growth and progress
- Ability to integrate technology effectively into classes on site, or in a distance learning and/or hybrid environment
- Student centered educator with a passion for teaching at the Secondary School level

Role Specific Requirements:

- Teach MYP sciences in the Middle School
- Collaborate within the Science department to support the continued development of the written curriculum as well as teaching and learning strategies, including the importance of inquiry practical / experimental science in the lab
- Work closely in collaboration with Lab tech and science TA's
- Collaborate with Student Success Team (Learning Support, Enrichment, EAL) through a model of co-planning and/or co-teaching
- Develop and implement teaching opportunities and innovations within the framework of

- the science curriculum
- Bachelor's degree or above in a science related field
 - Bachelor of Education or equivalent
 - Minimum of 3 years of relevant professional experience
