Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

**Independent Auditor's Report**

To the Board of Education  
Berrien Regional Education Service Agency

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Berrien Regional Education Service Agency (the "Agency") as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements. We issued our report thereon dated October 17, 2019, which contained an unmodified opinion on the financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. We have not performed any procedures with respect to the audited financial statements subsequent to October 17, 2019.

The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis, as required by the Uniform Guidance, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

*Plante & Moran, PLLC*

October 17, 2019

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

**Independent Auditor's Report**

To Management and the Board of Education  
Berrien Regional Education Service Agency

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Berrien Regional Education Service Agency (the "Agency") as of and for the year ended June 30, 2019 and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated October 17, 2019.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as Finding 2019-001, that we consider to be a material weakness.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**The Agency's Response to the Finding**

The Agency's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Agency's response was not subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly, we express no opinion on it.

To Management and the Board of Education  
Berrien Regional Education Service Agency

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

October 17, 2019

Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required  
by the Uniform Guidance

**Independent Auditor's Report**

To the Board of Education  
Berrien Regional Education Service Agency

**Report on Compliance for Each Major Federal Program**

We have audited Berrien Regional Education Service Agency's (the "Agency") compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on the Agency's major federal program for the year ended June 30, 2019. The Agency's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the Agency's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Agency's compliance.

***Opinion on Each Major Federal Program***

In our opinion, the Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on the major federal program for the year ended June 30, 2019.

**Report on Internal Control Over Compliance**

Management of the Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Agency's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control over compliance.

To the Board of Education  
Berrien Regional Education Service Agency

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

# Berrien Regional Education Service Agency

## Notes to Schedule of Expenditures of Federal Awards

Year Ended June 30, 2019

### Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Berrien Regional Education Service Agency (the "Agency") under programs of the federal government for the year ended June 30, 2019. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of the Agency, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Agency.

### Note 2 - Summary of Significant Accounting Policies

Expenditures reported in the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

The Agency has elected not to use the 10 percent *de minimis* indirect cost rate to recover indirect costs, as allowed under the Uniform Guidance.

### Note 3 - Grant Auditor Report

Management has utilized the Cash Management System (CMS) Grant Auditor Report in preparing the schedule of expenditures of federal awards. Unreconciled differences, if any, have been disclosed to the auditor.

### Note 4 - Noncash Assistance

The value of the noncash assistance received was determined in accordance with the provisions of the Uniform Guidance. Noncash assistance received by the grantee during the year ended June 30, 2019 is included in the schedule of expenditures of federal awards.

### Note 5 - Adjustments and Transfers

During the year ended June 30, 2019, there were net adjustments of \$1,504 in the Title I, Regional Assistance Grant (CFDA #84.010); \$2,125 in the National School Breakfast Program (CFDA #10.553); \$8,156 in the National School Lunch Program (CFDA #10.555); and \$10,294 in the RTT Trusted Advisor Grant (CFDA #84.412), reflecting adjustments made during the year for revenue that will not be received and adjustments to expenditures recorded. There were also the following transfers identified:

Transferred From	Amount	Transferred To
National School Breakfast Program (CFDA #10.553) 2017-2018	\$ 939	National School Breakfast Program (CFDA #10.553) 2018-2019
National School Lunch Program (CFDA #10.555) 2017-2018	317	National School Lunch Program (CFDA #10.555) 2018-2019

**Year Ended June 30, 2019**

**Section II - Financial Statement Audit Findings**

Reference Number	Finding
2019-001	<p><b>Finding Type</b> - Material weakness</p> <p><b>Criteria</b> - The Agency's internal control structure should ensure that financial information is complete, accurate, and made available to management and those charged with governance in a timely and orderly manner.</p> <p><b>Condition</b> - Several account balances in the Agency's books and records for the 2019 fiscal year were not reconciled properly and closed prior to commencement of the audit and, thus, were identified by either the Agency or as part of the audit process to be improperly recorded. Several adjustments and reclassifications to the Agency's general ledger were discussed with management during our audit process and recorded by management as a result. Additionally, there were several modifications made to the schedule of expenditures of federal awards during the audit process as a result of the aforementioned adjustments to financial statement account balances.</p> <p><b>Context</b> - Adjustments and reclassifications that were identified during the audit, either by management or as a result of audit procedures, impacted expenditures, revenue, assets, and liabilities within the Agency's governmental funds. These adjustments and reclassifications were corrected by management and are reflected in the Agency's June 30, 2019 governmental funds financial statements. There were also modifications made to the schedule of expenditures of federal awards as a result of the financial statements adjustments.</p> <p><b>Cause</b> - The Agency did not have controls and processes in place to analyze, adjust, and independently review account balances prior to commencement of the audit.</p> <p><b>Effect</b> - Account balances were not completely reconciled and adjusted prior to the commencement of the audit. The net effect of all adjustments was to decrease net position by approximately \$337,000.</p> <p><b>Recommendation</b> - We recommend that the Agency continue to review and revise its year-end closing accounting procedures and controls to make certain that all account balances and the schedule of expenditures of federal awards are completely and accurately reconciled and reviewed throughout the year and prior to the commencement of the annual audit.</p> <p><b>Views of Responsible Officials and Planned Corrective Actions</b> - Berrien Regional Education Service Agency agrees with the above recommendation. The Agency agrees that all adjustments, schedules, and account balance reconciliations should be completed throughout the year before the year-end audit process. The Agency continues to use its resources to adequately review and revise year-end closing procedures to make certain all account balance reconciliations are completed accurately before the annual audit.</p>
