Students Leaving Campus on their Own

Students are able to leave Dilijan on weekends or campus during the weekdays during the stipulated time as below. During the weekdays for emergencies a student can also leave campus with prior permission from the relevant staff member.

Permitted time slots for leaving campus: 2023-24

Please refer to the Comprehensive Guide for UWCD Students Traveling in Armenia created primarily by students for good advice on staying safe, behaving responsibly and respectfully towards each other and the host country Armenia and making the most of your time off campus.

Important requirements:

- You must create a correct leave request on REACH following the guide.
- Your leave has to be approved by the relevant leave approver i.e. your parent, Toon Parent, Head of Residential Life/ Deputy Head
- You must always carry a working phone, battery and SIM card charged, with the Armenian phone number registered on REACH.
- You must sign out on REACH so that the staff on duty are aware of your whereabouts in case of emergency.
REACH advice/issues:
For general advice on using REACH, follow the guidelines below (additionally, signing in and out at the gate with your ID card continues to be a requirement):

Unfortunately, at times the REACH app has shown to be a little bit unstable. In order to ensure your information is correctly registered, make sure to completely stop/restart the app before signing in or out, if your phone keeps it running “in the background”, don’t just switch back to it when returning to campus. Instead, (stop and then) start the app, wait about 20 seconds until it has “refreshed” as shown below and only then click SISO.

When returning to campus you MUST be connected to the school wifi before clicking “On campus”, not on your data plan. If you are not on the wifi, your app will show you that you are back on campus, but it will not be registered properly in the online system and the toon parent on duty will still see you as off campus.

Instead of using the app, it is recommended that you use a browser on your phone and go to material.reach.cloud. This is an online version of the app, it looks and acts the same, but is more reliable.

If you are leaving campus but staying in Dilijan, the procedure remains unchanged. You can only see the “Dilijan - students off campus unsupervised” location during the permitted times to leave, and you can only sign out if you are not gated.
Leaving Dilijan on a weekend - step by step guide:

In order to leave Dilijan (permitted on weekends during the same time slots as for going into Dilijan - Saturdays 06.30-21.20 and Sundays 06.30-20.00), you must first create a leave request. This can be done any time in advance or immediately before leaving, following the steps outlined below:

1. Either scroll down to “Activity metrics” and click on “Create leave” or click the black circle with a white Plus sign in the bottom of the screen followed by “New Leave Request”.

2. Select the “Students out of Dilijan unsupervised” leave type (Home - Abroad is for registering travel around summer/winter breaks, Overnight leaves are still not an option yet).
3. Click the date/time to indicate when you plan to leave campus (allowed times are Saturdays between 6.30-21.30, Sundays between 6.30-20.00).

4. Similarly indicate when you plan to be back on campus (before/at the end of the allowed time, obviously).

5. Select how you plan to leave campus, add a note with information about your transport.

6. Similarly indicate how you will be returning to campus.
7. In the “Select Host” field, simply select “No Host Necessary” (this information is not relevant for this type of leave request but always shown by default anyway).

8. Add a note, indicating who you are traveling with (remember, always minimum 3 people together when leaving Dilijan) and where you are planning to go. Include your working Armenian phone number.
9. The next field will ask for repeating Leave Requests, this will by default be set to “This does not repeat at all”, and you should just leave it as is.

10. The final page will show you a summary of everything you have entered - double check and verify that it is all correct while you scroll to the bottom to click “Finished”.
11. Congratulations! You have now completed your leave request, which will automatically be approved unless you are currently gated. The app moves to the “Leave” tab at the bottom of the screen, and you can see your new Leave request along with any other ones you may have (leave requests for Theatre trips, Outdoor activities etc. that you are enrolled in will also show here).

12. Once the time has come for you to actually leave campus (the Leave time indicated in the request, whether created 1 minute or 3 days before), you need to sign out almost as usual.
13. From the “Home” tab, scroll down to select “SISO” or click the location marker in the top right corner, this takes you to the “Quick SISO” screen, where your next leave request is waiting for you. Click SISO TO LEAVE. Should there be any (small) changes to your plans since you created the leave request, you can leave a note before signing out.

14. In the window that pops up, confirm by clicking the blue SISO to Leave button.
15. Your Current location will update automatically to the “Students out of Dilijan unsupervised” location, and a small pop-up will confirm that you have now signed out.

16. Enjoy your time away from campus - be safe, take good care of yourself and your friends, and make sure to be back on time. Don’t forget to bring everything you need in order to stay safe, use the Guide for UWCD students traveling in Armenia as your inspiration.

17. Once you return, check back into campus exactly as you would if you had just been off campus in Dilijan - both by scanning your ID card at the gate and by checking back in on REACH. If you encounter any problems or if something unexpected happens and you discover you will be late, inform the toon parent on duty (using either of the duty phone
numbers) as soon as possible. In case of a serious emergency, the emergency phone number is also an option, but the default is the duty phones.
Students can leave campus during the permitted time slots provided they behave according to the guidelines below:

Whenever you are not on campus, you are an ambassador of UWC Dilijan – please remember that and respect the culture of the country we are staying in.

Students on unsupervised time off campus must remain within the city limits of Dilijan at any time. We encourage walking to maintain a healthy lifestyle, but local taxis can also be used – remember to wear seat belts and masks at any time! The new mini buses work from 8.00 to 18.00 every half an hour from one side of the city to another.

It is strongly recommended to stay together in groups of 2 or 3, so there is always someone to help you in case you need it. However, it is a requirement to be in groups of 3 after 17.00 even if you are going to the nearest shop or for a short walk.

It is a requirement for leaving campus that you bring a charged, working phone with the Armenian number that is registered in the school database. Save the school emergency number (+374 98 146 098) to always have it.

Please also save the MS and RS duty phone numbers, you should call one of the duty phone numbers if you need assistance for any reason and a TP will answer.
RS duty phone number: +374 94 880734. MS duty phone number: +374 77 880734.

You must also bring your student ID card including the access card you use to access your corridor (if you have 2 different cards).

All of the above are mandatory requirements to be able to leave campus.

**Permitted time slots for leaving campus:**

<table>
<thead>
<tr>
<th>Monday</th>
<th>Tuesday</th>

<td>16.15-19.15</td>
<td>18.30-21.30</td>
<td>11.00-14.00</td>
<td>11.00-14.00</td>
<td></td>
</tr>
</tbody>
</table>

Students who have classes or CAS activities scheduled during these time slots obviously cannot leave campus until their other obligations are over.
The procedure you need to follow when you wish to leave campus on your own for unsupervised trips into the city of Dilijan are as follows:

When you open the REACH app on your phone, your current location is shown. In order to leave campus you need to sign out, either by clicking the little location marker in the top right corner of the screen or by scrolling down to click “SISO” (Sign In/Sign Out).

No matter which option you choose, it brings you to the screen that shows your current location and gives you the option of signing out. The Off campus option is only visible during the permitted leave hours.

Simply click the “Dilijan – students...” option as you pass the gate on your way out.

In addition to signing out on REACH, you must also scan your student ID/access card (the card you use to enter your corridor) at the gate.

In the unlikely event that you are not permitted to leave campus, the Quick
SISO screen will look as follows:
When you return to campus (before the end of the permitted hours) you must do two things: SISO back on campus on the REACH app, and scan your ID/access card at the gate. Expect the security personnel at the gate to want to inspect any bags/items you bring back with you, the rules for what can and cannot be brought onto campus remain unchanged.

Please keep in mind that being able to leave campus is a privilege, and you can only have that privilege to the extent that you are able to live up to these simple expectations. If you are in doubt about anything, ask first before acting.

Reckless or irresponsible behavior or a failure to comply with these guidelines puts a significant threat to your health & safety and can and will lead to losing the privileges that follow them.

1. Scan your access card here when leaving campus
2. Scan your access card here when returning to campus
