June 14, 2023

As we close the 2022/23 school year and celebrate our successes, we would like to inform you of the recent selection of Elisa Rosner as BRS Teacher of the Year for the 2023/24 school year.

Elisa Rosner was hired as a one-on-one TA in September of 2008 and became a Special Education teacher in 2013. Throughout her tenure at BRS, she has serviced students with developmental disabilities across multiple grade levels.

Her peers describe her as creative, flexible, competent, organized, determined, friendly, supportive, and a true team player. Her classroom, while structured, promotes a positive, safe, nurturing learning environment that strives to ensure her students make as much progress as possible to feel included in the school community. She continuously demonstrates patience, care and concern for each student, seeing each one as a unique individual, listening carefully to them and is committed to their individual progress. Her daily compassion and sincere interest in each of her students helps to ensure the home-school partnership is a meaningful one.

She is respected by administrators, colleagues, children and parents alike. She is a professional collaborative team member who embodies the wonderful qualities and practices of a teacher whom children will remember. Please join us as we recognize Elisa Rosner as BRS Teacher of the Year for the 2023/24 school year.

Sincerely,

Vonda J. Tencza

Superintendent
