

Transportation Expectations for SEA students

The S.E.A. is pleased to be able to provide personalized transportation for students. This transportation is a privilege that comes with the responsibility of following these expectations.

Students are expected to be respectful to all others in the vehicle including staff and students. Respectful behavior includes respecting the driver, the vehicle, and any rules set by the driver. Students are expected to use school appropriate language and music, and follow all instructions from the driver.

If a student is unable to be respectful we will schedule a meeting with the driver, the student, and Reed or Jason to discuss conditions for continuing to use SEA's personalized transportation.

Students will be accountable for cleaning up after themselves, removing trash, and taking ownership of any damages they do to the vehicle.

Pick-Up/Drop-Off: Students are expected to ride with whatever staff is transporting that day. If students do not want to ride with that specific staff or the other students on their route, they will need to find their own transportation.

All students should be picked up or plan to walk home by 1:00 pm unless they have prior approval from Jason or Reed.

If a student needs a ride after 8:15 am they need approval from Jason because staff need to be back to begin PBL at 8:30. There may be days when pickup is not available after 8:15.

If a student is unable to follow any of the above expectations a meeting with the driver, the student, and Reed or Jason will be scheduled. Until a resolution is reached the student will not be transported by SEA staff or in a school vehicle.

I have reviewed and agree to these expectations
