

August, 2023

Dear 5th grader,

You are about to begin a school year filled with new experiences and new challenges. I look forward to guiding you through this important step in your academic career. I will help you find the ways in which you learn best, and encourage you every step of the way to make the most of your special talents. You will be an important part of our class: as an individual person, a classmate, a friend, a student, and a partner in all of our learning.

It is important for you to come to school with ideas about how your class should be run. With your input, a positive attitude, and a sense of responsibility we will succeed.

Please continue to have a safe and enjoyable vacation!

Best regards,

Mr. Latona
