Martin Luther King Jr. Middle School Cell/Telephone Policy

Telephones in the main office are for school business only. For medical emergencies, students should request phone usage in the nurse's office. Students are not allowed to receive phone calls in the classroom and will not be called to the office to receive calls. If there is an emergency, a message will be taken and the student contacted.

Personal cell phones are not to be used between the hours of 8:15am and 3:15pm. This includes calls, texts, music, or internet use. Students using phones during school hours, except under instruction of a teacher, will be subject to consequences as prescribed in the Student Code of Responsible Ethics (S.C.O.R.E) including confiscation of phone and/or loss of phone privileges.
