NOTICE OF ABATEMENT WORK

June 15, 2023

Dear Parents and Staff of Joliet High School District #204

During the past years, School District No. #204 has made a conscientious effort to identify and remove asbestos containing materials from its school buildings. To that end, we have made considerable strides. These removal projects are consistently tied to renovation projects or will surface as a specific project when unknown material is found within concealed areas during an ongoing project.

Joliet Central High School will be removing asbestos containing flooring materials to facilitate the floor replacement of Rooms 187 and 189. The abatement project is scheduled from June 21, 2023 through June 30, 2023. Asbestos containing flooring materials are documented in these rooms. These materials will need to be removed prior to any other work proceeding, following all regulatory laws pertaining to A.H.E.R.A. (Asbestos Hazard Emergency Response Act), IDPH and EPA's NESHAP regulations.

The work areas will remain closed to all parents, students, and staff during the duration of this removal project.

Please feel free to contact Brian Paczesny, Director of Buildings and Grounds, 815-325-3168 with any questions related to this work.

Thank you,

Mr. Brian Paczesny
Joliet Township High School District 204
Director of Buildings and Grounds

The mission of Joliet Township High School, a historically rich, unified and innovative learning community, is to empower every student to compete and contribute positively to our community and global society by providing a rigorous and personalized education through an academy environment.

Joliet Township High School District 204 is committed to cultivating an inclusive community that values and embraces diversity and respects the humanity of all people.

Joliet Township High School ensures equal educational opportunities are offered to students, regardless of race, color, national origin, age, gender, religion, disability, veteran's status, or marital status.

AVISO DE TRABAJO DE REDUCCIÓN

Estimados Padres y Personal de Joliet High School Distrito #204

Durante los últimos años, el Distrito Escolar No. 204 ha hecho un esfuerzo consciente para identificar y eliminar los materiales que contienen asbesto de los edificios escolares. Con este fin, hemos hecho progreso considerable. Estos proyectos de eliminación están constantemente relacionados con proyectos de renovación o aparecerán como un proyecto específico cuando se encuentre material desconocido dentro de áreas escondidas durante un proyecto en progreso.

Joliet Central High School eliminará los materiales del suelo que contengan asbesto para realizar la remodelación de los suelos de los salones 187 y 189. El proyecto de eliminación está programado del 21 de junio del 2023 hasta el 30 de junio del 2023. Materiales de piso que contienen asbesto están documentados en estos salones. Estos materiales tendrán que ser removidos antes de realizar cualquier otro trabajo, siguiendo todas las leyes regulatorias pertenecientes a A.H.E.R.A. (Asbestos Hazard Emergency Response Act), IDPH y regulaciones NESHAP de EPA.

Las áreas de trabajo permanecerán cerradas a todos los padres, estudiantes y personal durante este proyecto de eliminación.

Si tiene alguna pregunta relacionada con este trabajo, no dude en ponerse en contacto con Brian Paczesny, Director de Edificios y Terrenos, 815-325-3168.

Gracias,

Sr. Brian Paczesny
