Newmark Book Fee for 2023-24 School Year

Dear Newmark Parents,

In planning for the next school year, it has been decided that our students will be allowed to keep the school novels they will be using for 2023-24. This will allow them to annotate directly in their novels if needed and begin building their own personal libraries for home.

Students in Newmark Middle School and Newmark High School will be charged a \$35 mandatory book fee in September 2023 for English Language Arts soft-cover novels purchased as part of the new school year curriculum. Students will be given a personal copy of assigned novels for classroom and home use. This book fee will be charged annually each September. Parents will be able pay this book fee by check or credit card (\$3.00 convenience fee will be waived). Details will be sent in September.

Additionally, as part of your student's math class, he or she will be assigned either a scientific calculator or a Texas Instruments - TI-84 Plus Graphing Calculator for home and classroom use. These calculators are the property of Newmark. Students will be responsible for their calculator during the school year; as well as bringing their assigned calculator to school, charged and ready for use. There is no fee for these school calculators. However, if a calculator is damaged, lost or stolen, the student is responsible for replacement. The estimated cost for the Ti84 is \$100.

A book fee reminder will be emailed in September with a payment link.

Thank you,

Sincerely,

Ms. Gina M. Borea
Principal
