

Gradebook Overview

Modified on: Tue, Feb 13, 2018 at 4:04 PM

The **Aeries Gradebook** is compatible with iPads, Chromebooks, Android Tablets, Windows 8 RT Browsers and Smart Phones.

The **Aeries Gradebook** allows teachers to setup all class assignments for their classes. The teacher can then enter scores received by the student for these assignments.

The program will calculate the percentage of the maximum score that the student received. This will help determine the grade the student should receive in the class. Various options are available for teachers including a **Rubric Grading** option.

It is important that the following steps are performed in the order below for the gradebook to function properly:

- Setup Standards Based Grades within Aeries (if applicable)
- Create Gradebooks
 - Mass Add Gradebooks
 - Copy Gradebooks
 - Add Gradebooks Individually
- Link Gradebooks if applicable
- Verify and set Gradebook Options
- Add Category Types
- Add students to Gradebook
- Add Assignments
- Enter scores for students using one of the three different methods
 - **Scores by Class**
 - **Scores by Student**
 - **Scores by Assignment**
 - **Quick Data Entry**

To Access Teacher Portal

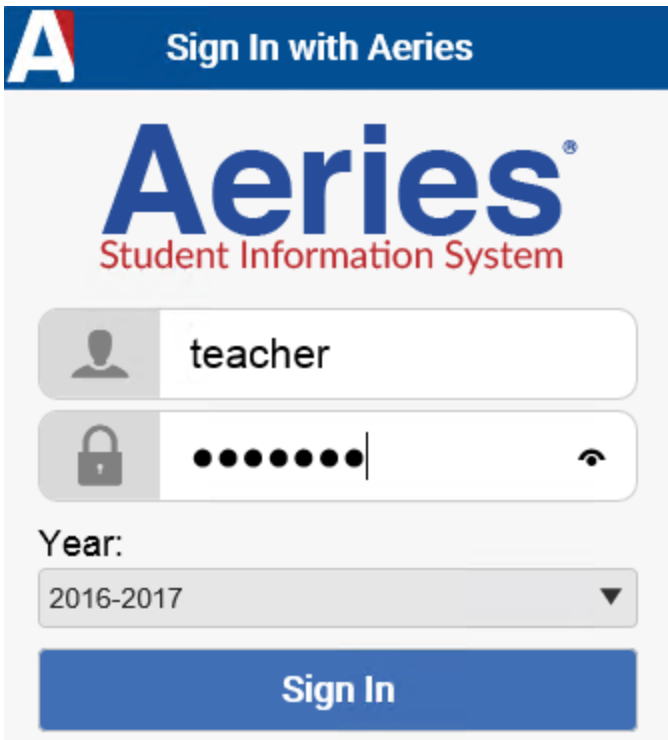

The **Teacher Portal** can be setup and accessed from any PC or tablet that has access to the Internet. The user **must** be setup by the **System Administrator** at the school district in order to have access to the files.

To access **Teacher Portal**, type the name of the user into the **User Name** field and press **Tab**. Type the password that has been assigned in the **Password** field. When the **User Name** and **Password** have been entered the **Database** and **Year** fields will be accessible. Select the **Database** and **Year** and click the mouse on the **Login** button.

The image shows the login interface for the Aeries Student Information System. At the top, there is a blue header with a white 'A' logo and the text 'Sign In with Aeries'. Below the header, the 'Aeries' logo is displayed in large blue letters, with 'Student Information System' in smaller red text underneath. The login form consists of three main input areas: a 'User Name' field with a person icon, a 'Password' field with a lock icon, and a 'Year' dropdown menu currently showing '2016-2017'. At the bottom of the form is a prominent blue 'Sign In' button.

The **School** field will now be accessible and the drop down will display the schools that the **User Name** has permissions to access. Click the mouse on the **drop down** arrow to the right of the **School** field and to select a school. Click the mouse on the **Continue** button.

Below this, the 'Aeries' logo is prominently displayed in blue, with 'Student Information System' written in red underneath. The login form consists of three main sections: a username field with a person icon and the text 'teacher', a password field with a lock icon, a series of dots for the password, and an eye icon to toggle visibility; a 'Year:' dropdown menu currently set to '2016-2017'; and a large blue 'Sign In' button at the bottom.

NOTE: The log in page may look different than the above depending on your system configuration and school access.

To access the Gradebook, click the mouse on the **Gradebook** node on the Navigation tree.
