ARTICLE VI

NON-TEACHING DUTIES

- A.** The Committee and the Association acknowledge that a teacher's primary responsibility is to facilitate learning and that his or her energies should be utilized to this end. Both acknowledge that new initiatives are essential to a high performing school system and that the change process needs to be conducted in an orderly and participatory manner. For successful implementation, said goals and/or initiatives will be determined by administrators along with the participation of the MFA and with staff participation as practiced in a professional learning community. It is further recognized that the maintenance of a safe and positive school culture and the creation of a good learning and campus environment is a responsibility of teachers in conjunction with administrators and the School Committee.
- B.** The Committee and the Association recognize that Teacher-pupil relationships outside of the classroom in school-sponsored forums are regarded as essential to the total educational program of the school system. Therefore, teachers' responsibilities shall include participation in co-curricular activities.
- C.** Teachers assigned to duties shall be guaranteed a 30-minute duty free lunch time daily in accordance with the established schedule except in emergencies where the health or safety of students may be affected in the judgment of a district administrator.
- D.** Teachers will not be required to drive pupils to activities which take place away from the school building.
- E.** During each school day, all academic, vocational and special education teachers will have one preparation period equal in length to one academic class period scheduled by the administration reserved for research, preparation, correcting and other tasks, said period to be free of assignment to teaching or extra duties except in cases of emergency where the health or safety of students may be affected in the judgment of a District administrator. The homeroom period will not be considered part of preparation reserved time. Contact time includes, but is not limited to, teaching periods, required meetings, and/or any scheduled consultation collaboration duties. Teachers may voluntarily establish schedules that call for more student contact time. It is understood that due to scheduling and/or staffing issues, the administration may from time to time require a teacher to work during his/her preparation reserved time.
- F.** Other than on a temporary emergency basis, no teacher will be asked to serve as a substitute teacher. Substitute teaching will be defined as any time a teacher is asked to deliver instruction

to students for whom he or she is not, at that point in time, teacher of record. Arrangements for substitute teachers will be made by the administration only. Teachers used on a temporary emergency basis for substitute teaching will be paid the equivalent of substitute teacher pay (prorated on a seven period day), at the 21+ day substitute rate (FY 11 current rate is \$100.00/per day).

- G.** Teachers will be expected to attend and support open house or recruiting sessions and special student or cluster activities within the context of their professional obligations as defined in Article X. An Association representative may participate in planning for major tours and open house programs and may raise concerns to the Principal or Superintendent if any expectations seem unreasonable.
- H.** Any teacher serving as a cluster or department lead teacher will teach no more than an average of four academic periods a day. The past practice of the parties in effect as of September 2014 relative to the interpretation and application of this provision shall continue for the duration of the 2014-2017 collective bargaining agreement.

ARTICLE VII

TEACHER ASSIGNMENTS AND TRANSFERS

- A.** Teachers shall not be required to teach outside of the limits of their area of certification and/or licensing except in emergencies or unusual circumstances approved by the Principal or Superintendent-Director.
- B.** Teachers who desire a change of their assignments may request a transfer to a different assignment and/or subject area of their preference. All such requests shall be made through the immediate supervisor to the appropriate manager and will be acknowledged in writing. If the request is denied, the teacher will be given a reason for the denial.

In the case of involuntary transfer of a teacher from the position for which the teacher was originally hired, the teacher involved will be entitled to meet with the Superintendent-Director to discuss the implications of the transfer and the teacher's request. Such transfers shall be made only for the good of the school system and shall not be made for arbitrary, capricious, or punitive reasons.

ARTICLE VIII

REDUCTION IN FORCE

When the School Committee determines that positions should be abolished or that the staff should be reduced, it shall, consistent with applicable law, determine which teachers will be released in accordance with the following procedures and sequence.

A. NORMAL ATTRITION

When a position is abolished, members of the concerned department will be provided with a time period of 10 calendar days to indicate retirement or resignation plans. If the Committee judges that any voluntary retirements or resignations leave the school served with personnel it judges as fully qualified for the remaining positions, as such are defined by the Committee, it shall not direct any involuntary release of teaching personnel.

B. QUALIFICATIONS

A teacher shall not be eligible for continued employment unless he or she is qualified for positions remaining in the District. Qualifications for remaining positions defined by the Committee will be judged by the Committee according to the following guidelines:

1. The teacher must hold certification and/or approval or licensing for teaching in the area to which he or she will be assigned.
2. While state certification will often indicate qualification, there can be exceptions to this which the Committee considers adequate in the subjects to be taught or areas to be supervised or, if the Committee so determines, be scheduled to gain that training or experience prior to teaching situation. In such cases defined by the Committee, the teacher must have training or experience or supervising subjects or areas for which the Committee considers present background inadequate.
3. To be considered qualified, the teacher must have been previously appointed by the Committee as a teacher or supervisor in the department or cluster where the teaching will take place; or, if the Committee judges that (1) and (2) above have been fulfilled, be recommended in accordance with a special interviewing process implemented by the Superintendent to review requests from persons who have more than one certification and who wish to transfer to other departments where their backgrounds might lead to continued employment.
4. The Committee may require that qualifications be based on a teacher's file being free from formal evaluations which record a significantly negative level of performance, subject to the requirements that:
 - a. "Significantly negative" shall mean performance which has resulted in a written warning from the Superintendent that employment might be terminated because of performance. However, demotion or warning of possible demotion to a lower level of job description (senior teacher to staff teacher or either of the former to associate teacher) will not constitute disqualification for continued employment at the lower level unless the Committee determines that the performance evaluation pertains to that lower level; if the Committee judges that the evaluation criticism does not apply to the lower level, the other factors in this Article VII shall be applied in determining a teacher's status.

- b. In the case of teachers who have earned Professional Teacher Status, the “significantly negative” evaluation record must include such warnings issued in at least two different school years, including the partial year during which a decision is to be made on the applicable staff reduction; provided that at least 30-calendar-day period shall have elapsed prior to the date on which a decision is to be made by the Committee, during which period the teacher could have appealed any evaluation warning to the Superintendent and/or to the Committee. If any such appeal has been taken and resulted in a ruling by the Superintendent or Committee in favor of the teacher, the overruled evaluation warning shall not then constitute grounds for lack of qualification for dismissal or be construed to deny the rights of the teacher under Section 42 of Chapter 71 of the Massachusetts General Laws. Formal evaluations shall consist of (a) those types of evaluations reference in Article III subsection B#1 and/or (b) one or more separate letters from the Superintendent.

C. PROFESSIONAL STATUS TEACHERS

A teacher who has earned Professional Teacher Status and has been judged by the Principal as qualified for a remaining position, will be released only after all similarly qualified non-professional status teachers have been released. If two or more professional status teachers are judged qualified for a remaining position, the teacher with greater seniority (length of continuous service) shall be retained.

D. NON-PROFESSIONAL STATUS TEACHERS

In accordance with applicable law, as interpreted and construed as of the date of execution of the contract, the Superintendent or Principal retains the right not to annually renew the contract of a non-professional status teacher. However, under normal evaluation circumstances the Superintendent shall arrange the order of release of non-professional status teachers on the basis of qualifications and his study of filed evaluation reports on those teachers. If the Superintendent judges that two or more non-professional status teachers have equal qualifications for a remaining position and have substantially equal evaluation status, he shall recommend release of non-professional status teachers in order of decreasing seniority status, the person with the least seniority being released first. The Superintendent’s and the Principal’s judgments on renewal here will not be subject to grievance or legal actions.

E. SENIORITY

Seniority status shall be determined by continuous employment in the Minuteman District beginning with the first day worked in a permanent position and including any periods of authorized leave of absence. Ties in seniority (length of service) shall be resolved by lot.

F. CONTINUED RIGHTS

A teacher released from employment under this Article VIII shall have:

1. The right to priority for recall to a full-time teaching position during the school year after the last full school year in which they worked provided that they have remained actively certified or licensed.
2. The right to first-call on the substitute list for the next school year after release in whatever area the Principal judges appropriate if requested by the teacher. Released teachers employed as substitutes will be paid at standard Minuteman substitute rates set by the Principal.

G. PERSONS COVERED

This article does not apply to teachers released on the basis of evaluations or to those who resign. However, unit members who are released from employment under Article VIII shall be eligible to apply for a contracted service position and, if judged by the Superintendent and School Committee to be qualified for same, to compete for annual appointment to the contracted service position.

 - b. All teachers will report for duty one full day prior to the first day of school for all students. Teachers new to the district, in their first full September are required by DESE to be mentored for their first two years of employment at Minuteman, will report for duty two full days prior to the first day of school for all students. Effective July 1, 2015, new teachers will report for duty four (4) full days prior to the first day of school for all students at no additional compensation.
 - c. Effective July 2, 2015, at the option of the Superintendent or his/her designee, New Teacher Mentors may be required to work up to two (2) additional days prior to the start of the school year, for which the Mentor shall be compensated at his/her per diem rate.
 - d. Teachers who complete all end-of-year assignments and obtain written approval from his/her Cluster or Department Lead Teacher on the “year end close-out” form, made available by the Administration on or before June 1st of the school year that is ending will be released on the last student day.

- e. Any teacher who does not properly complete close-down activities specified by the Superintendent and/or Principal and/or Director must remain on duty until those activities are properly completed.
 - f. Academic/CTE Lead Teacher Last Day: The last work day, as a teacher, for a academic or CTE lead teacher will be one day after students leave IF all of his/her supervised teachers have properly completed sign-out procedures. If all those supervised have not properly completed sign-out procedures, the department or cluster chair must remain on duty until all teachers under his or her supervision have been properly signed out.
2. Teachers may be required to attend no more than 4 full staff meetings as determined by the Superintendent. These staff meetings may last for up to one hour, but teachers will be required to stay no later than 3:35.
 - a. Emergency meetings may be called at the discretion of the Superintendent.
 3. Teachers will be required to attend no more than 10 cluster/department meetings. Times for these meetings will be determined by the Department or Cluster chair/lead teacher but will not exceed one hour.

 6. Teachers who are requested by the administration but not regularly required to work beyond the established work year for reasons other than completing end-of-year assignments will be compensated as set forth below. This includes, but is not limited to, teachers who assist in administrative duties.
 - a. If teacher experience or knowledge is required, at the rate of 2.5% of their base salary per week of extra work. The base annual salary will be the school-year base salary listed on the last annual contract issued to a teacher before July 1st of the summer in which he or she works.
 - b. For general worker labor, teachers will be paid at the rate of \$25.00 per hour of work performed.
 7. The Friday before winter vacation (February vacation) will be a half day for students and staff.

8. Extended Contracts:

Certain teachers and counselors are regularly required to work more than the established school year for specific reoccurring duties which will be so defined on their individual contracts (refer to Article I for details regarding extended contract).

B. WORK DAY

1. Minuteman's exemplary student-centered culture is characterized by a strong work ethic, collaboration between administration and staff, and a universally steadfast dedication to continuously improving the education provided to students. The professional learning community model is a key part of the program.
2. To ensure student safety, the teachers' work day on school premises will begin five minutes before homeroom begins, and end after the buses depart.
3. The above schedule refers to the regular school day which begins at 7:45 a.m. and concludes at 2:30 p.m. These guidelines assume that successful teaching requires extensive planning and correcting which would require teachers to remain on the premises beyond the student work day. However, some of this planning and correcting can be accomplished outside of the school as a matter of professional flexibility. When a teacher's presence is not required by a specific obligation, the teacher has freedom as to the use of his/her time.
 - i. In addition to the aforementioned guidelines, teachers will schedule and post 60 minutes of additional time beyond the regular school day for extra help and detentions on both Tuesdays and Thursdays to facilitate the scheduling of late buses and staff meetings. If the office hours conflict with professional development, military service duties, or other obligations to the school, the teacher will consult with their lead teacher to plan an alternative time.
 - ii. Teachers who leave prior to the above guidelines must request authorization from their lead teacher prior to departure.
 - iii. In the case of an emergency as determined by the Superintendent, Staff will remain on duty until students are released for the day.
4. Coaches and Club Advisors

Activities such as coaching and clubs that are scheduled outside of the work day are stipended as indicated in Appendix B.

C. HOLIDAYS AND SCHOOL RECESS

Unit members will not be required to work during the Thanksgiving, Christmas, Winter and Spring Recesses nor the following holidays: Labor Day, Columbus Day, Veteran's Day, Martin Luther King Day, Memorial Day and Independence Day.

ARTICLE XI

PROTECTION AGAINST DAMAGE SUITS

- A. All cases of assault suffered by teachers in connection with their employment shall be reported to the Superintendent-Director.
- B. Whenever it is alleged that a teacher has assaulted a person or that a person has assaulted a teacher, the Superintendent-Director shall comply with any reasonable request from the teacher for relevant information in the Committee's possession not privileged under law concerning the person or persons involved. Whenever they apply, existing District insurance policies will be used to protect teachers against damage suits.

ARTICLE XII

DAMAGE

No teacher shall be held responsible for loss, damage, or destruction of school property or students' property when such loss, damage or destruction is not the fault of the teacher. In departments where money is collected, specific persons will be responsible for defining and supervising reasonable accounting and safe-guarding procedures, including daily deposits to the business office. A department or teacher may request and receive administrative assistance in developing procedures in this area.

ARTICLE XIII

ACADEMIC FREEDOM AND PROFESSIONAL GROWTH

A. ACADEMIC FREEDOM

The Association and Committee join in respecting the private life, political freedom, and religious freedom of teachers as long as activities in these areas do not interfere with teaching responsibilities or relationships with students. The Committee and Association agree that school time should be used to pursue defined curriculum goals with primary focus given to clearly identified subject matter objectives and to questions from students; however, both parties recognize the fact that occasional, educationally sound digression from formal course outlines can be both an important teaching method to the instructor and a learning experience for the student. Finally, the Association and Committee agree that any controversial topics should be addressed in a balanced and dignified manner with serious curriculum disagreements to be referred through the Superintendent to the Committee for its judgment thereon.

B. PROFESSIONAL GROWTH

Staff members who are professionally licensed and or certified shall be required to fulfill professional development activities within the framework of guidelines published by the administration and Department Of Education.

ARTICLE XIV

GRIEVANCE PROCEDURE

- A.** A “grievance” is hereby defined to mean a complaint by a teacher or a group of teachers based on an alleged violation of a specific provision of this Agreement, or a dispute involving the meaning, violation, interpretation, or unfair or inequitable application thereof.
- B.** Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits to the aggrieved employee(s) shall permit the aggrieved party or parties to proceed to the next step.
- C.** Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits shall be deemed to be acceptance of the decision rendered at that step.
- D.** A grievance that affects a group or class of teachers, or is of a general nature, may be submitted in writing to the Superintendent directly and the processing of such grievance shall be commenced at Level Two.
- E.** Persons released from employment through reduction in force or any other procedure shall not be eligible to file grievances. However, the Association may file a grievance on behalf of such persons if it feels that recall or substitute preference rights have not been observed.
- F.** If any employee covered by this Agreement shall present any grievance without representation by the Association, the disposition, if any, of the grievance shall be consistent with the provisions of this Agreement. The Association shall be permitted, if it so requests, to be heard at each level of the procedure under which the grievance shall be considered.
- G.** Prior to filing a grievance, an informal settlement between the teacher and his/her immediate supervisor will be attempted. A grievance shall be processed in accordance with the following procedure:

Level One

A teacher with a grievance, with or without an Association representative, shall present the grievance to the appropriate manager in writing within ten (10) working days of the occurrence of the event upon which the grievance is based.

Level Two

1. In the event that the grievance shall not have been disposed of to the satisfaction of the aggrieved employee at Level One, or in the event that no decision has been reached within five (5) working days, the grievance may be referred to the Superintendent-Director. The Superintendent will define and provide a form for the filing of grievances at Level Two and above.
2. The Superintendent-Director or his designee shall represent the Committee at this level of the grievance procedure. Within five (5) working days after receipt by the Superintendent-

Director of a grievance in writing, he shall meet with the aggrieved employee, with or without the Association representative, in an effort to settle the grievance.

Level Three

In the event that the grievance shall not have been disposed of at Level Two or in the event that a decision shall not have been rendered within ten (10) working days after the Level Two meeting, the grievance shall be referred in writing to the Committee. Within fifteen (15) working days thereafter, the Committee shall meet with the aggrieved teacher, with or without the Association representative, in an effort to settle the grievance.

Level Four

A grievance which was not resolved at the level of the School Committee under the Grievance Procedure may be submitted by the Association to arbitration. The proceeding may be initiated by filing with the School Committee and the American Arbitration Association a request for arbitration. The notice shall be filed within ten (10) working days after receipt of the decision of the School Committee, under the Grievance Procedure. The voluntary labor arbitration rules of the American Arbitration Association shall apply to the proceeding.

Either the Committee or the Association shall have standing to question arbitrarily in arbitration or in an appropriate forum.

The function of the arbitrator is to determine the interpretation and application of specific provisions of this agreement. There shall be no right in arbitration to obtain, and no arbitrator shall have any authority or power to award or determine any change in, modification or alteration of, addition to, or detracting from, any of the provisions of this Agreement. In reaching his decision the arbitrator shall not substitute his judgment for that of the Committee; nor shall he set aside the decision of the Committee unless he concludes that the Committee was arbitrary and capricious, and he shall be subject to the principles that there are no restrictions intended on the rights or authority of the Committee other than those expressly set forth herein. The arbitrator may or may not make his award retroactive as the equities of the case may require. Except in cases of group or class grievances, each grievance shall be separately processed in any arbitration proceedings hereunder unless the parties otherwise agree. The arbitrator shall furnish a written opinion specifying the reasons for his decision. The decision of the arbitrator, if within the scope of his authority and power under this Agreement, shall be final and binding upon the Committee, the Association, and the Teacher(s) who initiated the grievance.

The arbitrator shall issue his decision not later than thirty (30) days from the date of the close of the hearings, or, if oral hearings have been waived, then from the date of transmitting the final statements and proofs to the arbitrator's opinion and conclusion on the issues submitted. The decision of the arbitrator, under this Agreement, will be accepted as final and binding by the parties to the dispute. The arbitrator's fee will be shared equally by the parties to the dispute.

The Committee agrees that it will apply to all substantially similar situations the decision of an arbitrator sustaining a grievance, and the Association agrees that it will not bring or

continue, and that it will not represent any employee in any grievance which is substantially similar to a grievance denied by the decision of an arbitrator.

- H. No grievance meeting at Levels One or Two should be held during scheduled classroom time of the grieving teacher. Whenever possible, such meetings should be held within the normal work day. Level Three meetings shall take place during a regularly scheduled or special School Committee meeting. Such meetings shall be held in executive session if and to the extent permitted by law.
- I. The legal right of the Principal or the Superintendent to dismiss or not to rehire a non-professional status teacher in accordance with G.L., Chapter 71, Sections 41 and 42, and the procedures followed in reaching such a decision, shall not be subject to the grievance procedure under any provision of this contract. As specified in III-B-5 of this agreement, no part of the evaluation procedure is subject to either grievance or arbitration.
- J. Infractions of this procedure by members of the bargaining unit are not grievable.

ARTICLE XV

NO STRIKE

The Association and teachers agree that neither they nor any Association representative will cause, condone, encourage, support, or take part in any strike, slowdown, or withholding of non-voluntary services or any other interference with the operation of Minuteman during the duration of this Agreement. The Association and teachers individually and collectively agree that if any teacher violates this article, he or she will be subject to disciplinary or personnel action by the Committee without recourse to grievance and arbitration procedure. Any teacher dismissed under this article would have recourse to normal due process defined by statutes such as Section 42 of Chapter 71 of the General Laws.

ARTICLE XVI

PAID LEAVE

A. BEREAVEMENT LEAVE

Teachers will be granted up to three (3) days at any one (1) time in the event of death requiring attention by the teacher of a teacher's spouse, child, son-in-law, daughter-in-law, parent, father-in-law, mother-in-law, sibling, brother-in-law, sister-in-law, grandfather, grandmother or other member of the immediate household. More time may be allowed at the discretion of the Superintendent-Director and/or Principal. Any questions interpreting "immediate household" will be referred to and decided by the Superintendent-Director.

B. PERSONAL LEAVE

Teachers will be entitled to three (3) days of personal leave per year for the purpose of religious, personal, legal, business, household, or family matters which require absence during school hours. Application for personal leave will be made at least twenty-four (24) hours before taking such leave (except in case of emergency) and should be coordinated with the teacher's team.

C. PROFESSIONAL LEAVE

1. Long Term Leave for Study or Research

- a. Up to one year for professional improvement may be granted to any member of the professional staff who:
 - (1) has been employed for four or more consecutive years in the District;
 - (2) has not had such a leave during the previous seven years;
 - (3) has received approval by the School Committee of his/her proposal for professional improvement.
- b. Compensation for such leave shall ordinarily be:
 - (1) at full pay for one-half year, or
 - (2) at half pay for one full year.
- c. Compensation for such leave will be reduced by the amount of any scholarship and research grants, or employment income from sources concurrent with the leave.
- d. A member of the professional staff accepting such leave shall enter into a written contract with the School Committee in accordance with the provisions of Chapter 71, Section 41A of the General Laws of the Commonwealth. This contract will require that the staff member return to the employment of the District for a minimum period of twice the length of leave taken after said leave is completed. This return time must be consecutive, not interrupted.
- e. No more than three percent of the professional staff shall be granted leave at any one time.
- f. Ordinarily, no more than one member of any cluster or department will be granted such leave during any one fiscal year.
- g. Proposals for leave may be defined for any one of the following purposes:
 - (1) Study or work experience which will add to the staff member's ability to fulfill professional responsibilities in the District.

- (2) Research leading to an advanced degree or professional publication.
 - (3) Research on or investigation of new methods, techniques, or materials for teaching.
 - (4) Travel for the purpose of work or study related to professional responsibilities in the District.
- h. Failure to fulfill the terms of any approved proposal and/or signed contract will result in repayment to the District of the amount of salary paid for the period of leave. Repayment shall be made within a time period specified in the contract with the individual; in no event shall the repayment period exceed the length of the sabbatical.
 - i. Proposals for leave for professional improvement must be submitted to the School Committee through the Superintendent-Director by September 1st of the fiscal year preceding the fiscal year in which the leave would begin.
 - j. Special requests may be made to the School Committee through the Superintendent-Director for a waiver of any portion of this section. Waivers may be granted at the sole discretion of the School Committee on a case-by-case basis.
 - k. The School Committee will approve or disapprove leave request on the basis of such factors as:
 - (1) the guidelines defined in this section;
 - (2) appropriateness of the proposed activity for Minuteman interests;
 - (3) the specificity of proposed outcomes;
 - (4) evaluations of the applicant's previous performance in fulfilling professional responsibilities; and
 - (5) the potential availability of a temporary replacement employee.
2. Leave for Conferences, Seminars, Workshops, Visits to Other Educational Programs, or Other Short Term Growth Activities.
- a. Each cluster, department, or equivalent professional staff group may submit an annual plan and budget for short term professional growth experiences through the normal budget planning process.
 - b. The School Committee will allocate some budget funds for the travel expenses and, where necessary, substitute expenses for such growth activities and will depend upon the Superintendent-Director and his/her staff to administer use of such funds on the basis of:
 - (1) judgment of value of specific proposals;
 - (2) fair distribution of opportunities across requesting departments; and

- (3) analysis of the department teamwork and planning used to ensure that student interests do not suffer from proposed absences and that substitute costs are either avoided or held to very low levels.
3. The Committee may require commitment to filing and/or presentation of reports on leave activities for approval of professional leave applications.

D. SICK LEAVE

1. All teachers shall be entitled to 15 days sick leave per year subject to the discretionary right of the School Committee or its Superintendent-Director to require a physician's documentation of the need for absence from teaching duties after three (3) consecutive days of illness or if an unusual attendance pattern occurs. In addition, the Committee shall have the right to require that a person absent for five (5) or more consecutive workdays be examined by a physician appointed by the District and the right to take personnel action on the basis of a report from that physician. Accrued Sick Leave may also be used for the care of an immediate family member (child, spouse or parent) with a serious health condition under limits and guidelines specified in the Family and Medical Leave Act 1993. The accumulation of unused sick leave days will not be limited except that:
 - a. such accumulation will not prejudice the Committee's right to make a decision on the renewal or termination of the contract of any teacher.
 - b. sick leave is to be viewed as a protection against financial hardship resulting from illness and never as the source of a bonus to be paid to staff members who do not encounter illness.
 - c. prior to a teacher leaving employment due to resignation or termination of employment, accumulated sick leave will be reduced by subtracting 1.5 days per month for each school year-month from the effective date of resignation that the teacher will not be scheduled to work because of resignation or termination of employment prior to the earning of the full 15 days.
2. Employees who use three (3) sick days or fewer per contract year will be paid an incentive of \$500.00 on the last pay period of the school year.
3. A sick leave "bank" shall be established to which individual members of the professional staff who have not announced an intent to resign or retire can voluntarily contribute up to ten (10) days of their unused sick leave to staff members whose accumulated sick leave has been exhausted by prolonged illness. The conditions for use of such bank shall be that:
 - a. The bank concept will be pursued only if the Superintendent-Director and School Committee decide not to extend extra sick leave to an individual staff member. Extensions of sick leave shall be subject to the sole discretion of the School Committee or its representative, the Superintendent-Director, on a case-by-case basis.

- b. Said staff member or a member of his/her family must apply to the Superintendent-Director's office for possible use of the bank, and the application must be accompanied by a physician's documentation of the serious illness.
- c. The Superintendent-Director will then either request voluntary staff contributions OR refer the application to a Sick Leave Bank Committee consisting of one member of the school administration named by the Superintendent-Director, one member of the Association named by the president, and one member of the School Committee named by the chairperson. The Sick Leave Bank Committee will decide by majority vote whether or not to request voluntary staff sick leave contributions to the applicant. When voluntary contributions are made, they will be deducted from the accumulated sick leave of the contributions made, and they will be deducted from the accumulated sick leave of the contributors. The ability of a staff member to draw on the bank will be subject to the availability of voluntary contributions from other staff members.
- d. Teachers who have announced resignation or retirement and who are not themselves ill are not eligible for sick leave bank use or for contributing to others.
- e. Requested or actual use of either sick leave or the sick leave bank will not prejudice the School Committee's right to make a decision on the renewal or termination of the contract of any teacher.

E. FAMILY AND MEDICAL LEAVE

- 1. The Family and Medical Leave Act of 1993 (FMLA) allows eligible employees to take job-protected unpaid leave, or to substitute appropriate paid leave if the employee has earned or accrued it, for up to a total of 12 workweeks in any 12 months because of a birth of a child and to care for the newborn child, because of the placement of a child with the employee for adoption or foster care, because the employee is needed to care for a family member (child, spouse, or parent) with a serious health condition, or because the employee's own serious health condition makes the employee unable to perform the functions of his or her job. In certain cases, this leave may be taken on an intermittent basis rather than all at once, or the employee may work a part-time schedule.
- 2. An employee on FMLA Leave is entitled to have benefits maintained while on leave as if the employee has continued to work instead of taking the leave. The District may recover its share of any premiums paid if the employee does not return to work for a reason other than the serious health condition of the employee or the employee's immediate family member, or another reason beyond the employee's control.
- 3. The employee generally has a right to return to the same position or an equivalent position with equivalent pay, benefits, and working conditions at the conclusion of the leave. The taking of FMLA leave cannot result in the loss of any benefit that accrued prior to the start of the leave.
- 4. The District has the right to not less than 7 days advance notice from the employee where leave is foreseeable. In addition, the District may require an employee to

submit certification from a healthcare provider to substantiate that the leave is due to a serious health condition of the employee or the employee's immediate family member. The District may also require that the employee present a certification of fitness to return to work when the absence was caused by the employee's serious health condition.

5. The employee may elect, or the District may require the employee to substitute any of the accrued paid vacation, personal, and/or sick leave of the employee for any leave provided for under the FMLA.
6. Leaves taken as FMLA will conform to Title 29, Chapter V., Part 825 of the (Federal) Family and Medical Leave Act of 1993 and Chapter 149, Section 52D of the General Laws of Massachusetts.
7. In addition, an eligible employee shall be entitled to a total of 24 hours of leave during any 12 month period, in addition to leave available under the federal act , to:
 - a. Participate in School activities directly related to the educational advancement of a son or daughter of the employee, such as parent-teacher conferences or interviewing for a new school.
 - b. Accompany the son or daughter of the employee to routine medical or dental appointments, such as check-ups or vaccinations; and
 - c. Accompany an elderly relative of the employee to routine medical and/or dental appointments, or for other professional services related to the elder's care, such as interviewing at nursing or group homes.

F. PARENTAL LEAVE

Leave without pay may be requested by a staff member who has been employed for at least three consecutive months as a full-time employee for reason of pregnancy or adoption of a child under the age of 18 or for adopting a child under the age of 23 if mentally/physically disabled. Leave for pregnancy will conform to Section 105D of Chapter 149 of the General Laws. Parental leave without pay beyond eight weeks in length may be granted to a staff member who has worked for the District for one full school year or more if said employee receives the recommendation of the Superintendent-Director for a leave longer than eight weeks, the Superintendent-Director's recommendation to be based upon a review of evaluation reports and a judgment of the potential for finding a qualified replacement for the time period proposed to the School Committee. The exact length of parental leave will be fixed by School Committee vote and will never extend longer than one year after the end of the school year in which the leave commences. The individual on leave shall notify the Committee by April 1st of his or her intent to return to employment. Any person granted such leave will be required to notify the Committee in writing of the intent to return to work; this notification must be received by a date established in the letter announcing approval of the leave, or the person on leave will be released from employment in the District as of that established date.

G. ASSOCIATION LEAVE

A member of the bargaining unit with professional teacher status who is elected a full-time paid officer of the Massachusetts Teachers Association shall, upon proper application, be granted an unpaid non-credited leave of absence for a maximum of one (1) school year.

H. MILITARY LEAVE

Military Leave of Absence without pay may be granted to a permanent teacher inducted into the armed forces for the required length of service, according to the terms of the Selective Service and Training Act of 1940 and subsequent amendments by Congress.

Organized Reserve Forces

1. Every person who is a member of a Reserve component of the Armed Forces of the United States shall be granted such leave without loss of pay in accordance with Section 59 of Chapter 33 of the General Laws after furnishing official evidence that he or she has been ordered to duty. Any military pay received would subtract from District pay issued for such a period.
2. It is agreed, however, that in the interest of minimizing the interruption of class instruction, the employee, the Association and the Superintendent-Director will exhaust every effort to attempt to schedule the Reserve training during July and August.

I. OTHER PROFESSIONAL LEAVE

The professional leave provisions previously stated will not preclude implementation of other leave provisions such as the granting of unpaid leaves of absence to teachers with professional status upon approval by and at the sole discretion of the Committee after the recommendation of the Superintendent-Director.

J. UNPAID LEAVE

Persons on any form of unpaid leave will not be entitled to sick leave or other payroll related benefits. At the discretion of the School Committee/Administration an individual on unpaid leave may petition to join the available Minuteman health insurance program for up to one year at 102% cost to the individual.

ARTICLE XVII

PROMOTIONS

- A. The prerequisites for the position, its duties and rate of compensation will be clearly set forth.

ARTICLE XVIII

ASSOCIATION RIGHTS

- A.** There will be no reprisals of any kind taken against any unit member because of his membership in the Association or participation in its activities provided that such activities are legal and do not constitute a violation of this Agreement. - F.** The rights and benefits of persons, provided herein, are in addition to those provided by State or Federal law, rules or regulations, including without limitation all applicable teachers of professional status, pension, or education laws and regulations.
- G.** In recognition of the fact that the primary mission of the school is the education of its students, the Association acknowledges that no Association activities shall interfere in any way with the educational process or any activities thereto.

ARTICLE XIX

The Association will establish a Professional Standards Committee (PSC) consisting of 2 vocational teachers, 2 academic teachers, 1 guidance counselor, 1 special needs teacher, and 1 other professional staff member. As an alternative to standard administrative action, the Superintendent-Director may request the Association Executive Board to consider convening the PSC to review the case of any professional staff member charged with improper conduct or unacceptable performance and at the PSC's discretion:

1. recommend actions to the Superintendent, and/or
2. provide the charged staff member with the majority perspective of the PSC.
3. in addition, the PSC will have those duties described in APPENDIX D to the teacher salary schedule.

When convened, the PSC will elect its own chairperson and will arrange to hear testimony from both parties to any debate and will operate on the basis of hearings closed to all but the involved parties or witnesses.

ARTICLE XX

RIGHTS OF COMMITTEE

The Committee is a public body established under and with the powers provided by the Statutes of the Commonwealth of Massachusetts. It is acknowledged that as the chosen representatives of the citizens of the sixteen towns which constitute the Minuteman Regional Vocational Technical School District, the Committee has the responsibility for setting standards for the efficient and economical operation of the school system. The Committee has the final responsibility for establishing the educational policies of the District's school.

Nothing in this Agreement shall be deemed to derogate or impair the powers, rights, or duties conferred upon the Committee by the Statutes of the Commonwealth or the rules and regulations of any pertinent agency of the Commonwealth. Said rights and powers shall also include, but in no way be construed as limited to, the subjects mentioned in the table of contents of this Agreement and the right to establish standards of performance.

As to every matter expressly not covered by the Agreement, and except as expressly or directly modified by clear language in a specific provision of this Agreement, the Committee retains exclusively to itself all rights and powers that it has or may hereafter be granted by law, and

shall exercise the same without such exercise being made the subject of grievance or arbitration. However, the Association may request that Committee or administration action on any change in working conditions not covered in this contract be delayed for up to forty five calendar days from the date that the change is announced to the staff so that the Association may enter into negotiation with School Committee representatives in an attempt to define a mutually satisfactory implementation action. The Committee may grant such a delay or proceed with emergency implementation. In the case of emergency implementation judged necessary by the Committee, negotiation designed to explore the possibility of mutually satisfactory action will still be scheduled within the forty five calendar day period. If agreement is not defined within the forty five calendar day period, the final judgment of the Committee will be or remain implemented.

ARTICLE XXI

WAIVER

The Committee and the Association agree that each has had a right to bargain for any provision that they desired in connection with the negotiation of this contract, that each expressly waives the right to reopen the contract for any further demands or proposals, that the present contract constitutes a complete agreement on all matters, and that if other proposals have been made, they have been withdrawn in consideration of this Agreement. The only exceptions to this waiver are defined in Article XXIII.

ARTICLE XXII

SAVINGS CLAUSE

If any provision of this Agreement is or shall at any time be contrary to law then such provision shall not be applicable or performed or enforced except to the extent permitted by law, and substitute action shall be subject to the appropriate consultation and negotiation between the School Committee and the Association. Even though one or more contract items are, or at any time become, contrary to law, all other provisions of this Agreement shall continue in full effect.

ARTICLE XXIII

DURATION

The provision of the Agreement shall be effective as of July 1, 2014, and shall continue and remain in full force and effect through June 30, 2017, except that:

The teachers, coaches and advisors salary schedules shown in Appendix A - C will be effective in 2014 -2017. This Agreement may be changed during the term or duration of the Agreement only if both parties agree to the change.

Notes

- a. For vocational technical teachers, "Educator Licensure" means a preliminary vocational technical teacher license or a professional vocational technical teacher license by the Department of Education under Chapter 74 Selected Sections & 603 CMR 4.00 Vocational Technical Education Regulations and Guidelines. To advance beyond Level II a vocational technical teacher must have secured the professional license.

- b. For vocational technical teachers, “degree” means a degree from an accredited college or university in the occupational areas in which they are employed to teach, in engineering, in occupational education, or in secondary education.
 - c. If a vocational teacher has a degree, or credits toward a degree, other than a degree as defined in Note b, he/she may obtain a statement from an accredited college or university of the number of credits the college or university would accept toward acquisition of a degree as defined in Note b. Upon presentation of that statement, the teacher will be placed on the level of the salary schedule commensurate with the number of credits that the college or university agrees to accept.
 - d. For academic teachers, “Educator Licensure” means licensure issued by the Massachusetts Department of Elementary and Secondary Education under 603 CMR 7.0 in the subject areas in which they are employed to teach.
 - e. For academic teachers, course work beyond the bachelor’s degree must be in the subject areas in which they are employed to teach or in secondary education, or prior approval for that work must be obtained from the Superintendent-Director to qualify for level advancement on the salary schedule.
 - f. For vocational technical teachers it is recognized that professional development points, as outlined in the “Chapter 74 Guide for Professional Vocational Technical Educator License Renewal” will be the basis for level placement and interpreting credits and PDP’s that would equate to ‘credits’.
 - g. The criteria for level placement for academic teachers governs advancement from Level II through Level VI for vocational teachers employed to teach in the health, early childhood development, agriculture, distributive education, biotechnology, engineering and environmental science career majors.
 - h. Each teacher is responsible for assuring that confirmation of all credits and degrees earned is given to the superintendent-director’s office via an official transcript from the institution. Changes in level placement take effect the school year following receipt of that confirmation by the superintendent-director’s office.
 - i. The terms “master’s degree plus 15 credits” and “master’s degree plus 30 credits” mean that the credits a teacher needs to move from Level IV to Level V or from Level V to Level VI of the salary schedule must be earned after the teacher has acquired a master’s degree.
4. **GROWTH POINTS (PDP’S) AND CREDITS:** Unless an exception is granted in writing by the Superintendent, growth points (PDP’s) and college course credits will be accepted only if earned after full certification has been received and only if approved in advance according to announced administrative procedures. Approved growth points (PDP’s) will then be accepted as one criterion for step increments and for placement in Level I.
5. **ROLES AND LEVELS:** A teacher will be entitled to placement in a salary level covered by the role to which the teacher is appointed on an annual basis. The committee will define

role assignments in individual contracts issued annually at its discretion. A teacher may not receive an annual salary higher than the appropriate step in a level covered by his or her role category.

6. **INCREMENTS AND OTHER ADJUSTMENTS:** A teacher will move from one step to the next higher step and/or raise in a salary column and schedule on an annual basis unless he or she has not fulfilled professional growth requirements OR unless the Superintendent or Principal arranges withholding all or part of any scheduled raise and/or increment and/or movement to a higher or lower role level on the basis of “SERIOUS” evaluation concerns stated in writing to the teacher according to an annual evaluation procedure published by the Superintendent. A teacher cannot be moved to a lower step than that which he or she has already reached even when role level is lowered.
7. **ANNUAL SALARY SURVEY:** In September each teacher will complete and forward to the Superintendent an Annual Salary Survey Form designed by the Superintendent. Data supplied on this form will be the basis for salary planning for the subsequent fiscal years. In the subsequent fiscal year, a teacher will not be entitled to any salary increases beyond the next higher step in the level where he or she was located when completing the form unless:
 - a. the teacher predicted eligibility for the higher level on the form and
 - b. subsequently delivered official transcript or certificate evidence verifying completion of redicted credits or growth points by the August 31st before the September in which the salary increase would become effective.

NOTE: A receipt for delivery by August 31st should be requested from the Superintendent or Principal.

All teachers are responsible for ensuring that salary eligibility predictions are reasonable for realistic budgeting planning.

8. **SPECIAL PLACEMENTS:** The Committee on recommendation of the Superintendent and at its discretion may grant annual salary differentials beyond normal placement on the salary schedule for:
 - a. Superior teaching performance
 - b. Extra duty jobs not otherwise covered in this contract
 - c. Keeping a teacher who might otherwise be attracted to a job outside the district
9. **SUMMER WORK:** Teachers hired by the Committee for summer work outside the self-supporting summer school will be paid at the rate of 2.5% of their base salary per week of summer work, if teacher experience or knowledge is required. The base annual salary will be the school-year base salary listed on the last annual contract issued to a teacher before July 1st of the summer in which he or she works. For general worker labor, teachers will be paid at the rate of \$25.00 per hour of work performed.

10. ACADEMIC DEPARTMENT CHAIRS AND CAREER & TECHNICAL EDUCATION CLUSTER CHAIRS: Chairs, like those in other roles above the category of “teacher”, may be appointed on an annual basis.

In addition, Chairs are required to work an extended contract beyond the school year. A minimum of 188 days up to a maximum of 208 days as part of their extended contract and will be paid an annual differential of \$7,840.74 for the 2014-2015 school year. The base annual salary will be the school year base salary listed on the annual contract issued to a teacher for the school year beginning after July 1 in which he or she is scheduled to work. In addition, for those positions where lengthened days and very demanding duties so justify, the School Committee may vote position differentials on a position-by-position basis.

11. ACADEMIC LEAD TEACHERS AND CAREER & TECHNICAL LEAD TEACHERS: Lead Teachers, like those in other roles above the category of “teacher”, may be appointed on an annual basis.

In addition, Lead Teachers are required to work an extended contract beyond the school year, for a total of 186 days and will be paid an annual differential of \$6,000.00. This differential shall not be subject to increase for the duration of the 2014-2017 collective bargaining agreement.

12. INITIAL PLACEMENTS: Initial placements on the teacher salary schedule will be recommended to the Committee by the Superintendent-Director. A certified teacher may be given credit for up to ten recent and successive years of teaching in an area appropriate to his or her Minuteman assignment. Vocational teachers may also be given a year of schedule credit for each two years of relevant trade experience beyond their first six years in the trade, said credit normally not exceeding a total of three to four years. The Superintendent may exceed these guidelines if this seems necessary to compete for persons qualified to fill critical positions.

13. OTHER STATE AND FEDERAL GRANTS AND SALARY DIFFERENTIALS:

The School Committee may at its discretion select teachers who will receive mentor teacher recognition and/or other grants or differentials subject to these conditions:

- a. Specifically defined duties must be fulfilled to the satisfaction of the Committee or its representative and
- b. The Superintendent will recommend each award on one of two bases:
 - (1) The person having completed a project proposal approved by the Superintendent and the funding agency or
 - (2) The person having had an opportunity to apply and be judged under local guidelines published in advance by the Superintendent.

14. LONGEVITY DIFFERENTIAL: A teacher who is in his/her second year on the maximum step of a column and who has completed a full 10 years of consecutive service at Minuteman will receive a longevity payment beginning in their 11th year based upon the schedule below.

a. Longevity Payments will be made according to this schedule:

- (1) Upon completion of 10 consecutive years of service = \$1650total
- (2) Upon completion of 15 consecutive years of service = \$2150total
- (3) Upon completion of 20 consecutive years of service = \$2650 total
- (4) Upon completion of 25 consecutive years of service = \$3150total

(See Salary Schedule)

15. ADDED ASSOCIATED REGULATIONS: The Superintendent under the direction of the Committee may define and award temporary extra-duty positions beyond the normal extra duty expected of each teacher. Such positions will be posted for 5 working days to give interested persons an opportunity to apply. Persons in such positions will normally be granted a total salary differential of \$1,000 for the equivalent of one period per school day per school year.

16. APPENDIX B AND APPENDIX C SALARY ADJUSTMENTS: Coaching and Advisor stipends set forth at Appendix B and C shall be increased as follows:.

Effective July 1, 2014 – 2%

Agency Fee

Effective September 1, 1999, the Committee shall require as a condition of employment that all bargaining unit members whose names are submitted in writing by the Association to the Committee as "non-members" of the Association shall pay an agency service fee equal to the annual dues paid by members of the Minuteman Faculty Association, MTA/NEA. Said fee to be set and collected consistent with Chapter 150E, Section 12 of the General Laws. The fee, when using the automatic dues deduction option, shall be due no later than 30 calendar days following the commencement of a school year or 90 days following initial employment into the bargaining unit, whichever is longer. A lump sum payment (due no later than December 31st of that school year) or the automatic dues deduction option (as described above), are acceptable methods of payment. In lieu of dismissal, the Superintendent shall suspend an employee for five (5) school days without pay who is in non-compliance with this provision upon notification of such non-compliance from the Association. Upon receipt of the past due amount, said bargaining unit member shall be immediately reinstated from the remainder of suspension. The sanction cannot be imposed until 6 months of the original notification on non-payment has passed or such longer period of time as required by law.

If the agency service fee remains unpaid upon completion of the aforementioned suspension, the Association will write to the School Committee to initiate termination proceedings against such employee or employees.

1) **Purpose of Educator Evaluation**

- A) This contract language is locally negotiated and based on M.G.L., c.71, § 38; M.G.L. c.150E; the Educator Evaluation regulations, 603 CMR 35.00 et seq.; and the Model System for Educator Evaluation developed and which may be updated from time to time by the Department of Elementary and Secondary Education. See 603 CMR 35.02 (definition of model system). In the event of a conflict between this collective bargaining agreement and the governing laws and regulations, the laws and regulations will prevail.
- B) The regulatory purposes of evaluation are:
 - i) To promote student learning, growth, and achievement by providing Educators with feedback for improvement, enhanced opportunities for professional growth, and clear structures for accountability, 603 CMR 35.01(2)(a);
 - ii) To provide a record of facts and assessments for personnel decisions, 35.01(2)(b);
 - iii) To ensure that every school committee has a system to enhance the professionalism and accountability of teachers and administrators that will enable them to assist all students to perform at high levels, 35.01(3); and
 - iv) To assure effective teaching and administrative leadership, 35.01(3).

2) **Definitions (* indicates definition is generally based on 603 CMR 35.02)**

- A) ***Artifacts of Professional Practice:** Products of an Educator's work and student work samples that demonstrate the Educator's knowledge and skills with respect to specific performance standards.
- B) **Caseload Educator:** Educators who teach or counsel individual or small groups of students through consultation with the regular classroom teacher, for example, school nurses, guidance counselors, speech and language pathologists, and some reading specialists and special education teachers.
- C) **Classroom teacher:** Educators who teach preK-12 whole classes, and teachers of special subjects as such as art, music, library, and physical education. May also include special education teachers and reading specialists who teach whole classes.

These measures may include, but shall not be limited to: portfolios, approved commercial assessments and district-developed pre and post unit and course assessments, and capstone projects. The Parties agree to bargain over the district-determined measures to the extent required by law.

- F) ***Educator(s)**: Inclusive term that applies to all classroom teachers and caseload educators, unless otherwise noted.
- G) ***Educator Plan**: The growth or improvement actions identified as part of each Educator's evaluation. The type of plan is determined by the Educator's career stage, overall performance rating, and the rating of impact on student learning, growth and achievement. There shall be four types of Educator Plans:
 - i) **Developing Educator Plan** shall mean a plan developed by the Educator and the Evaluator for one school year or less for an Educator without Professional Teacher Status (PTS); or, at the discretion of an Evaluator, for an Educator with PTS in a new assignment.
 - ii) **Self-Directed Growth Plan** shall mean a plan developed by the Educator for one or two school years for Educators with PTS who are rated proficient or exemplary.

In those cases where an Educator is rated unsatisfactory near the close of a school year, the plan may include an activity during the summer preceding the next school year.
- H) **DESE**: The Massachusetts Department of Elementary and Secondary Education.
- I) ***Evaluation**: The ongoing process of defining goals and identifying, gathering, and using information as part of a process to improve professional performance (the "formative evaluation" and "formative assessment") and to assess total job effectiveness and make personnel decisions (the "summative evaluation").
- J) ***Evaluator**: Any individual employed by the District in an administrative position for which he/she is licensed and who is designated by the superintendent with primary or supervisory responsibility for observation and evaluation. The superintendent is responsible for ensuring that all Evaluators have training in the principles of supervision and evaluation. Each Educator will have one primary Evaluator at any one time responsible for determining performance ratings.
 - i) **Primary Evaluator** shall be the person who determines the Educator's performance ratings and evaluation.
 - ii) **Supervising Evaluator** shall be the person responsible for developing the Educator Plan, supervising the Educator's progress through formative assessments, evaluating the Educator's progress toward attaining the Educator Plan goals, and making recommendations about the evaluation ratings to the primary Evaluator at the end of the Educator Plan. The Supervising Evaluator may be the primary Evaluator or his/her designee.

- iii) **Teaching Staff Assigned to More Than One Building:** In the event that at some future time the Campus contains more than one school building, each Educator who is assigned to more than one building will be evaluated by the appropriate administrator where the individual is assigned most of the time. The principal of each building in which the Educator serves must review and sign the evaluation, and may add written comments. In cases where there is no predominate assignment, the superintendent will determine who the primary evaluator will be. Educators assigned to the Middle School Program located in a building(s) outside the main Campus will be evaluated by a District administrator designated by the Superintendent.
- iv) **Notification:** The Educator shall be notified in writing of his/her primary Evaluator and supervising Evaluator, if any, at the outset of each new evaluation cycle, but not later than September 15th of such year. The Evaluator(s) may be changed upon notification in writing to the Educator.

- O) ***Formative Evaluation:** An evaluation conducted at the end of Year 1 for an Educator on a 2-year Self-Directed Growth plan which is used to arrive at a rating on progress towards attaining the goals set forth in the Educator Plan, performance on Standards and Indicators of Effective Teaching Practice, or both.
- P) ***Goal:** A specific, actionable, and measurable area of improvement as set forth in an Educator's plan. A goal may pertain to any or all of the following: Educator practice in relation to Performance Standards, Educator practice in relation to indicators, or specified improvement in student learning, growth and achievement. Goals may be developed by individual Educators, by the Evaluator, or by a team of educators, departments, or other groups of Educators who have the same role. Team goals can be developed by grade level, cluster, department, or subject teams.
- Q) ***Measurable:** That which can be classified or estimated in relation to a scale, rubric, or standards.
- R) **Multiple Measures of Student Learning:** Measures must include a combination of classroom, school and district assessments, student growth percentiles on state assessments, if state assessments are available, and student MEPA gain scores. An observation shall occur in person. All observations will be done openly and with knowledge of the Educator. No photography, videotaping or audio taping shall be permitted by the Evaluator. The Educator may photograph areas of interest for the evaluator. Classroom or worksite observations conducted pursuant to this article must result in written feedback to the Educator. Normal supervisory responsibilities of department, building and district administrators will also cause administrators to drop in on classes and other activities in the worksite at various times as deemed necessary by the administrator. Carrying out these supervisory responsibilities, when they do not result in targeted and constructive feedback to the Educator, are not observations as defined in this Article.
- U) ***Parties:** The Minuteman Faculty Association and the Minuteman School Committee are the parties to this agreement.
- V) ***Performance Rating:** Describes the Educator's performance on each performance standard and overall. There shall be four performance ratings:
- Exemplary: the Educator's performance consistently and significantly exceeds the requirements of a standard or overall. The rating of exemplary on a standard indicates that practice significantly exceeds proficient and could serve as a model of practice on that standard district-wide.
- Proficient: the Educator's performance fully and consistently meets the requirements of a standard or overall. Proficient practice is understood to be fully satisfactory.
- Needs Improvement: the Educator's performance on a standard or overall is below the requirements of a standard or overall, but is not considered to be unsatisfactory at this time. Improvement is necessary and expected.
- Unsatisfactory: the Educator's performance on a standard or overall has not significantly improved following a rating of needs improvement, or the Educator's performance is consistently below the requirements of a standard or overall and is considered inadequate, or both.
- W) ***Performance Standards:** Locally developed standards and indicators pursuant to M.G.L. c. 71, § 38 and consistent with, and supplemental to 603 CMR 35.00. The parties may agree to limit standards and indicators to those set forth in 603 CMR 35.03.

- Z) **Rating of Overall Educator Performance:** The Educator's overall performance rating is based on the Evaluator's professional judgment and examination of evidence of the

Minuteman Educator Evaluation Process

Educator's performance against the four Performance Standards and the Educator's attainment of goals set forth in the Educator Plan, as follows:

- i) Standard 1: Curriculum, Planning and Assessment

EE) ***Teacher:** An Educator employed in a position requiring a certificate or license as described in 603 CMR 7.04(3)(a, b, and d) and in the area of vocational education as provided in 603 CMR 4.00. Teachers may include, for example, classroom teachers, librarians, guidance counselors, or school nurses.

FF) ***Trends in student learning:** At least three years of data from the district-determined measures and state assessments used in determining the Educator's rating on impact on student learning as high, moderate or low.

3) Evidence Used In Evaluation

The Plan also outlines actions the Educator must take to attain the goals established in the Plan and benchmarks to assess progress. Goals may be developed by individual Educators, or by teams, departments, or groups of Educators who have similar roles and/or responsibilities. See Sections 15-19 for more on Educator Plans. Evaluators and Educators shall consider team goals.
- B) To determine the goals to be included in the Educator Plan, the Evaluator reviews the goals the Educator has proposed in the Self-Assessment, using evidence of Educator performance and impact on student learning, growth and achievement based on the Educator's self-assessment and other sources that the Evaluator shares with the Educator. The process for determining the Educator's impact on student learning, growth and achievement will be determined after ESE issues guidance on this matter. See #22, below.

The number and frequency of the observations shall be determined by the Evaluator, but in no case, for improvement plans of one year, shall there be fewer than one announced and four unannounced observations. For Improvement Plans of six months or fewer, there must be no fewer than one announced and two unannounced observations. Upon the Educator's request, an additional announced or unannounced observation will occur.

11) **Observations**

The Evaluator's first observation of the Educator should take place by November 15. Observations required by the Educator Plan should be completed by May 30th.

The Evaluator is not required nor expected to review all the indicators in a rubric during an observation.

- A) Unannounced Observations
 - i) Unannounced observations may be in the form of partial or full-period classroom or work-site visitations of any duration.
 - ii) The Educator will be provided with at least brief written feedback from the Evaluator using the Observation Form within five (5) school days of the observation. The written feedback shall be delivered to the Educator in person, electronically, placed in the Educator's school mailbox in a sealed envelope or, in the event that, after good faith efforts, other options are unsuccessful or unavailable, mailed to the Educator's home. If either the Educator or the

Evaluator requests a meeting to discuss the observation, such a meeting will take place within five (5) school days.

12) **Evaluation Cycle: Formative Assessment**

- A) A specific purpose for evaluation is to promote student learning, growth and achievement by providing Educators with feedback for improvement. Evaluators are expected to make frequent unannounced visits to classrooms. Evaluators are expected to give targeted constructive feedback to Educators based on their observations of practice, examination of artifacts, and analysis of multiple measures of student learning, growth and achievement in relation to the Standards and Indicators of Effective Teaching Practice.
- B) Formative Assessment may be ongoing throughout the evaluation cycle but typically takes place mid-cycle when a Formative Assessment report is completed. For an Educator on a two-year Self-Directed Growth Plan, the mid-cycle Formative Assessment report is replaced by the Formative Evaluation report at the end of year one. See section 13, below.
- C) The Formative Assessment report provides written feedback and ratings to the Educator about his/her progress towards attaining the goals set forth in the Educator Plan, performance on Performance Standards and overall, or both.

- I) As a result of the Formative Assessment Report, the Evaluator and the Educator may agree to change the activities in the Educator Plan.
- J) If the Formative Assessment report differs from the last summative rating the Educator received, the Evaluator may place the Educator on a different Educator Plan, appropriate to the new rating.

13) **Evaluation Cycle: Formative Evaluation for Two Year Self-Directed Plans Only**

Minuteman Educator Evaluation Process

- A) Educators on two year Self-Directed Growth Educator Plans receive a Formative Evaluation report near the end of the first year of the two year cycle, but not later than May 30th. The Educator's performance rating for that year shall be assumed to be the same as the previous summative rating unless evidence demonstrates a significant change in performance in which case the rating on the performance standards may change, and the Evaluator may place the Educator on a different Educator plan, appropriate to the new rating.
 - B) The Formative Evaluation report provides written feedback and ratings to the Educator about his/her progress towards attaining the goals set forth in the Educator Plan, performance on each performance standard and overall, or both.
 - C) No less than two weeks before the due date for the Formative Evaluation report, which due date shall be established by the Evaluator with written notice provided to the Educator, the Educator shall provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. Minuteman Educator Evaluation Process

- B) The Evaluator determines a rating on each standard and an overall rating based on the Evaluator's professional judgment, an examination of evidence against the Performance Standards and evidence of the attainment of the Educator Plan goals.
- C) The professional judgment of the primary evaluator shall determine the overall summative rating that the Educator receives.
- D) For an educator whose overall performance rating is exemplary or proficient and whose impact on student learning is low, the evaluator's supervisor shall discuss and review the rating with the evaluator and the supervisor shall confirm or revise the educator's rating. In cases where the superintendent serves as the primary evaluator, the superintendent shall seek input on the rating from the Principal.
- E) The summative evaluation rating must be based on evidence from multiple categories of evidence. MCAS Growth scores shall not be the sole basis for a summative evaluation rating.
- F) To be rated proficient overall, the Educator shall, at a minimum, have been rated proficient on the Curriculum, Planning and Assessment and the Teaching All Students Standards of Effective Teaching Practice.
- G) No less than four weeks before the due date for the Summative Evaluation report, which due date shall be established by the Evaluator with written notice provided to the Educator, the Educator will provide to the Evaluator evidence of family outreach and engagement, fulfillment of professional responsibility and growth, and progress on attaining professional practice and student learning goals. The educator may also provide to the evaluator additional evidence of the educator's performance against the four Performance Standards.
- H) The Summative Evaluation report should recognize areas of strength as well as identify recommendations for professional growth.
- I) The Evaluator shall deliver a signed copy of the Summative Evaluation report to the Educator in person, electronically, placed in the Educator's school mailbox in a sealed envelope or, in the event that, after good faith efforts, other options are unsuccessful or unavailable, mailed to the Educator's home.
- J) The Evaluator shall meet with the Educator rated needs improvement or unsatisfactory to discuss the summative evaluation. The meeting shall occur by June 1st.
- K) The Evaluator may meet with the Educator rated proficient or exemplary to discuss the summative evaluation, if either the Educator or the Evaluator requests such a meeting. The meeting shall occur by June 10th.
- L) Upon mutual agreement, the Educator and the Evaluator may develop the Self-Directed Growth Plan for the following two years during the meeting on the Summative Evaluation report.
- M) The Educator shall sign the final Summative Evaluation report by June 15th. The signature indicates that the Educator received the Summative Evaluation report in a timely fashion. The signature does not indicate agreement or disagreement with its contents.

Minuteman Educator Evaluation Process

The Plan must be aligned to the standards and indicators and be consistent with district and school goals.
- B) The Educator Plan shall include, but is not limited to:
 - i) At least one goal related to improvement of practice tied to one or more Performance Standards;
 - ii) At least one goal for the improvement the learning, growth and achievement of the students under the Educator's responsibility;
 - iii) An outline of actions the Educator must take to attain the goals and benchmarks to assess progress. Actions must include specified professional development and learning activities that the Educator will participate in as a means of obtaining the goals, as well as other support that may be suggested by the Evaluator or provided by the school or district. Examples may include but are not limited to coursework, self-study, action research, curriculum development, study groups with peers, and implementing new programs.
- C) It is the Educator's responsibility to attain the goals in the Plan and to participate in any trainings and professional development provided through the state, district, or other providers in accordance with the Educator Plan.

16) **Educator Plans: Developing Educator Plan**

- B) The Educator shall be evaluated at least annually.

17) **Educator Plans: Self-Directed Growth Plan**

- A) A Two-year Self-Directed Growth Plan is for those Educators with PTS who have an overall rating of proficient or exemplary, and after 2013-2014 (or at such time as ESE has issued guidance as discussed in Section 22, whichever occurs sooner) whose impact on student learning is moderate or high. A formative evaluation report is completed at the end of year 1 and a summative evaluation report at the end of year 2.
- B) A One-year Self-Directed Growth Plan is for those Educators with PTS who have an overall rating of proficient or exemplary, and after 2013-2014 (or at such time as ESE has issued guidance as discussed in Section 22, whichever occurs sooner) whose impact on student learning is low. In this case, the Evaluator and Educator shall analyze the discrepancy between the summative evaluation rating and the rating for impact on student learning to seek to determine the cause(s) of the discrepancy.

18) **Educator Plans: Directed Growth Plan**

- A) A Directed Growth Plan is for those Educators with PTS whose overall rating is needs improvement.
- B) The goals in the Plan must address areas identified as needing improvement as determined by the Evaluator.

- E) For an Educator on a Directed Growth Plan whose overall performance rating in the Summative Evaluation Report is not at least proficient, the Evaluator will rate the Educator as unsatisfactory and will place the Educator on an Improvement Plan for the next Evaluation Cycle.

19) **Educator Plans: Improvement Plan**

- A) An Improvement Plan is for those Educators with PTS whose overall rating is unsatisfactory.
- B) The parties agree that in order to provide students with the best instruction, it may be necessary from time to time to place an Educator whose practice has been rated as unsatisfactory on an Improvement Plan of no fewer than 35 school days and no more than one school year. In the case of an Educator receiving a rating of unsatisfactory near the close of one school year, the Improvement Plan may, with the agreement of the Educator, include an activity that occur during the summer before the next school year begins.
- C) The Evaluator must complete a summative evaluation for the Educator at the end of the period determined by the Evaluator for the Plan.
- D) An Educator on an Improvement Plan shall be assigned a Supervising Evaluator (see definitions). The Supervising Evaluator is responsible for providing the Educator with guidance and assistance in accessing the resources and professional development

outlined in the Improvement Plan. The primary evaluator may be the Supervising Evaluator.

- E) The Improvement Plan shall define the problem(s) of practice identified through the observations and evaluation and detail the improvement goals to be met, the activities the Educator must take to improve and the assistance to be provided to the Educator by the district.
- F) The Improvement Plan process shall include:
 - i) Within ten school days of notification to the Educator that the Educator is being placed on an Improvement Plan, the Evaluator shall schedule a meeting with the Educator to discuss the Improvement Plan.  - vi) Identify the individuals assigned to assist the Educator which must include minimally the Supervising Evaluator; and,
 - vii) Include the signatures of the Educator and Supervising Evaluator.
- H) A copy of the signed Plan shall be provided to the Educator. The Educator's signature indicates that the Educator received the Improvement Plan in a timely fashion. The signature does not indicate agreement or disagreement with its contents.
- I) Decision on the Educator's status at the conclusion of the Improvement Plan:
 - i) All determinations below must be made no later than June 1. One of three decisions must be made at the conclusion of the Improvement Plan:

Minuteman Educator Evaluation Process

- (a) If the Evaluator determines that the Educator has improved his/her practice to the level of proficiency, the Educator will be placed on a Self-Directed Growth Plan.
- (b) In those cases where the Educator was placed on an Improvement Plan as a result of his/her summative rating at the end of his/her Directed Growth Plan, if the Evaluator determines that the Educator is making substantial progress toward proficiency, the Evaluator shall place the Educator on a Directed Growth Plan.
- (c) In those cases where the Educator was placed on an Improvement Plan as a result of his/her Summative rating at the end of his/her Directed Growth Plan, if the Evaluator determines that the Educator is not making substantial progress toward proficiency, the Evaluator shall recommend to the superintendent that the Educator be dismissed.

Forms Overview

Educator Tracking Sheet. This form is intended to be used to track the completion of each step throughout the educator's evaluation process. It will be completed by the educator in conjunction with his/her primary (and possibly supervising) evaluator.

Self-Assessment Form. This form is intended to be used in support of Step 1: Self-Assessment, the educator's initial step of the cycle. The form can be used by individuals or teams; however, each individual will need to submit a self-assessment. Evaluators sign the form to indicate receipt. The form includes sections for the educator to complete an analysis of student learning, growth, and achievement and an assessment of practice against performance standards. Submission of this form will be noted and initialed on the **Educator Tracking Sheet**.

Goal Setting Form. This form is intended to be used in support of Step 1: Self-Assessment **and** Step 2: Goal Setting and Plan Development. Individuals and teams may use this form to propose goals (a minimum of one student learning goal and one professional practice goal). The form should initially be submitted with the Self-Assessment Form with the box "Proposed Goals" checked. If the goals are approved as written, the evaluator will check the box "Final Goals" and include a copy of the form with the **Educator Plan Form**. If the goals undergo further refinement, edits may be made to the original, or the form may be rewritten. If the form is redone, the new form should have the box "Final Goals" checked and should then be attached to the **Educator Plan Form**. Submission of this form will be noted and initialed on the **Educator Tracking Sheet**.

Educator Plan Form. This form is intended to be used in support of Step 2: Goal Setting and Plan Development. It will either be completed by the educator for a *Self-Directed Growth Plan*, by the educator and the evaluator together for a *Directed Growth Plan* and a *Developing Educator Plan*, and by the evaluator for an *Improvement Plan*. Completion and/or submission of this form will be noted and initialed on the **Educator Tracking Sheet**.

Evaluator Record of Evidence Form. This form is intended to be used by the evaluator in gathering evidence of an educator's practice during Step 3: Implementation of the Plan. It will be completed by the evaluator and may be reviewed by the educator at any time.

Educator Collection of Evidence Form. This form is intended to be used to support the educator in collecting evidence of his/her practice. It will be completed by the educator and shared with the evaluator prior to Formative Assessment/Evaluation and Summative

Formative Assessment Report Form. This form is intended to be used in support of an educator's formative assessment (Step 4) at the mid-point of the evaluation cycle, at minimum; it can be used multiple times as Formative Assessment can be ongoing. It will be completed by the evaluator. Evaluators are not required to assess both progress toward goals and performance on Standards; they will check off whether they are evaluating "Progress toward Attaining Goals," "Performance on each Standard," or both. Evaluators will provide a brief narrative of progress that includes feedback for improvement. Educators sign off to indicate that they have received a copy of the report and may use the **Educator Response Form** to provide a written response. Completion of this form will be noted and initialed on the **Educator Tracking Sheet**.

Formative Evaluation Report Form. This form is intended to be used in support of an educator's formative evaluation at the end of year one of a two-year *Self-Directed Growth Plan*. It will be completed by the evaluator. Evaluators are not required to assess both progress toward goals and performance on Standards; they will check off whether they are evaluating "Progress toward

Attaining Goals,” “Performance on each Standard,” or both. Evaluators will provide a brief narrative of progress that includes feedback for improvement. At the point of Formative Evaluation, the overall rating is assumed to be the same as the prior summative evaluation unless evidence demonstrates a significant change in performance leading to a change in Overall Rating and, possibly, Educator Plan. If there is a change in rating, evaluators must provide comments on each of the four Standards briefly describing *why* the rating has changed, the *evidence* that led to a change in rating, and offering *feedback for improvement* (evaluators are encouraged to provide comments even if there is no change to ensure that educators have a clear sense of their progress and performance and receive feedback for improvement). Educators sign off to indicate that they have received a copy of the report and may use the **Educator Response Form** to provide a written response. Completion of this form will be noted and initialed on the **Educator Tracking Sheet**.

Summative Evaluation Report Form. This form is intended to be used for Step 5: Summative Evaluation. This form applies to all Educator Plans. It will be completed by the evaluator. The evaluator must complete all sections, which are: “Attainment of Student Learning Goal(s),” “Attainment of Professional Practice Goal(s),” “Rating on each Standard,” “Overall Performance Rating,” and “Plan Moving Forward.” Evaluators must provide comments on the student learning goal(s), professional practice goal(s), each of the four Standards, and the overall rating briefly describing the level of attainment or performance rating, the *evidence* that led to the level of attainment/rating, and offering *feedback for improvement*. Educators sign off to indicate that they have received a copy of the report and may use the **Educator Response Form** to provide a written response. Completion of this form will be noted and initialed on the **Educator Tracking Sheet**.

Educator Response Form. This form is intended to be used in support of the educator, should he/she want to have a formal response to any part of the evaluation process kept on record. It will be completed by the educator; the evaluator will sign to acknowledge receipt. If the form is submitted in response to the Formative Assessment/Evaluation or to the Summative Evaluation, receipt of the response will also be noted and initialed on the **Educator Tracking Sheet**.

Observation Feedback Form. This form is intended to be used by the evaluator during and after observations.

The conference may occur before or after the Report is completed; the sequence in the above table does not denote required chronological order.

² Formative Evaluation only occurs at the end of the first year of a **two-year Self-Directed Growth Plan**.

³ The educator's formative evaluation rating at the end of the first year of the two-year cycle shall be the same as the previous summative rating unless evidence demonstrates a significant change in performance. In such a case, the rating on the formative evaluation may change. Assigning ratings is optional during Formative Assessment.

⁴ An educator may provide written comments to the evaluator at any time using the Educator Response Form but 603 CMR 35.06 ensures that educators have an opportunity to respond to the Formative Assessment, Formative Evaluation, and Summative Evaluation in writing.

Setting SMART Goals¹

Good goals help educators, schools, and districts improve. That is why the educator evaluation regulations require educators to develop goals that are specific, actionable, and measurable. They require, too, that goals be accompanied by action plans with benchmarks to assess progress.

This “SMART” Goal framework is a useful tool that individuals and teams can use to craft effective goals and action plans:

S	=	S pecific and S trategic
M	=	M easurable
A	=	A ction Oriented
R	=	R igorous, R ealistic, and R esults-Focused (the 3 Rs)
T	=	T imed and T racked

Goals with an action plan and benchmarks that have these characteristics are “SMART.”

A practical example some of us have experienced in our personal lives can make clear how this SMART goal framework can help turn hopes into actions that have results.

First, an example of *not* being “SMART” with goals: *I will lose weight and get in condition.*

Getting SMARTer: *Between March 15 and Memorial Day, I will lose 10 pounds and be able to run 1 mile nonstop.*

The **hope** is now a **goal**, that meets most of the SMART Framework criteria:

It’s S pecific and Strategic	= 10 pounds, 1 mile
It’s M easurable	= pounds, miles
It’s A ction-oriented	= lose, run
It’s got the 3 Rs	= weight loss and running distance
It’s T imed	= 10 weeks

SMART enough: To make the goal really “SMART,” though, we need to add an action plan and benchmarks. They make sure the goal meets that final criteria, “Tracked.” They also strengthen the other criteria,

¹ The SMART goal concept was introduced by G.T. Doran, A. Miller and J. Cunningham in *There’s a S.M.A.R.T. way to write management’s goals and objectives*, *Management Review* 70 (11), AMA Forum, pp. 35-36. *What Makes a Goal “SMART”?* also draws from the work of Ed Costa, Superintendent of Schools in Lenox; John D’Auria, Teachers 21; and Mike Gilbert, Northeast Field Director for MASC.

especially when the benchmarks include “process” benchmarks for tracking progress on the key actions and “outcome” benchmarks that track early evidence of change and/or progress toward the ultimate goal.

Key Actions

- Reduce my daily calorie intake to fewer than 1,200 calories for each of 10 weeks.
- Walk 15 minutes per day; increase my time by 5 minutes per week for the next 4 weeks.
- Starting in week 5, run and walk in intervals for 30 minutes, increasing the proportion of time spent running instead of walking until I can run a mile, non-stop, by the end of week 10.

Benchmarks:

- For process, maintaining a daily record of calorie intake and exercise
- For outcome, biweekly weight loss and running distance targets (e.g., After 2 wks: 2 lbs/0 miles; 4 wks: 4 lbs/0 miles; 6 wks: 6lbs/.2 mi; 8 wks: 8 lbs/.4 miles)

S = Specific and Strategic

Goals need to be straightforward and clearly written, with sufficient specificity to determine whether or not they have been achieved. A goal is strategic when it serves an important purpose of the school or district as a whole and addresses something that is likely to have a big impact on our overall vision.

M = Measurable

If we can't measure it, we can't manage it. What measures of quantity, quality, and/or impact will we use to determine that we've achieved the goal? And how will we measure progress along the way? Progress toward achieving the goal is typically measured through “benchmarks.” Some benchmarks focus on the process: are we doing what we said we were going to do? Other benchmarks focus on the outcome: are we seeing early signs of progress toward the results?

A = Action Oriented

Goals have active, not passive verbs. And the action steps attached to them tell us “who” is doing “what.” Without clarity about what we're actually going to do to achieve the goal, a goal is only a hope with little chance of being achieved. Making clear the key actions required to achieve a goal helps everyone see how their part of the work is connected—to other parts of the work and to a larger purpose. Knowing that helps people stay focused and energized, rather than fragmented and uncertain.

R = Rigorous, Realistic, and Results-Focused (the 3 Rs)

A goal is not an activity: a goal makes clear what will be different as a result of achieving the goal. A goal needs to describe a realistic, yet ambitious result. It needs to stretch the educator, team, school, or district toward improvement but not be out of reach. The focus and effort required to achieve a rigorous but realistic goal should be challenging but not exhausting. Goals set too high will discourage us, whereas goals set too low will leave us feeling “empty” when it is accomplished and won't serve our students well.

T = Timed

A goal needs to have a deadline. Deadlines help all of us take action. For a goal to be accomplished, definite times need to be established when key actions will be completed and benchmarks achieved. Tracking the progress we're making on our action steps (process benchmarks) is essential: if we fall behind on doing something we said we were going to do, we'll need to accelerate the pace on something else. But tracking progress on process outcomes isn't enough. Our outcome benchmarks help us know whether we're on track to achieve our goal and/or whether we've reached our goal. Benchmarks give us a way to see our progress and celebrate it. They also give us information we need to make mid-course corrections.
