About the Community Advisory Committee (CAC)

The CAC is a board-approved committee that includes parents, students, community members and District staff. Members work to advise the District and the Board concerning services for students with disabilities and special needs. The CAC supports parent education, sharing of resources, networking, and support.

Our goals are to establish collaborative partnerships and build community awareness of children with disabilities. We request that individuals avoid the use of acronyms and encourage the use of "People First" language.
