What is Learning Links?

A service offering literacy enrichment and parent resources.

A program, which provides “links” between parent and child; school and home; literacy and play.

What Does the Library Offer?

Our activity boxes and bags are self-contained totes, revolving around various themes like farm, bugs, dinosaurs, jobs, etc.

Each box contains a parent guide, book(s), games, puzzles, toys, and a craft, which may be checked out for a two-week period.

The totes/backpacks will have a listing of contents along with the developmental concepts that are used during playtime.

The Parent Guide is in English. Many are also translated into Spanish.

We have books, book tapes, CD’s and computer software for children.

There are also many parenting resources available.

Who May Use This Library?

It is available to member families and staff within District 62.

The boxes are geared toward preschool through primary grades.

Toddler Totes are geared toward one to three year old children.

How Does a Membership Work?

There is no cost for a membership. After completing a registration form, you’ll receive a membership card, which you will use when checking out items.

Receive a free book with registration (Additional free books with every 5 checkouts)
